The Tubbs hunting party, are on their annual trip to Rapid River Camps at the Richardson Lakes. The members of the party are Fred Noble, James Wight, Geo. T., Walter and Bert Tubbs.

Mrs. V. P. Blanchard of Weston, Mass. is at the Beal's Tavern for a few days, en route from her summer home at Andover.

Dr. F. E. Drake went to Portsmouth, N. H., Tuesday. He will spend a week or ten days visiting at Portsmouth, N. H., Haverhill and Manchester-by-the-Sea, Mass. Mrs. Drake and her mother, Mrs. Clara Hayden, who has been visiting there with relatives for a few weeks past, will return with him.

The work will be inspected at the Chapter O. E. S., Tuesday November 14, by Mrs. Emma B. Howe, D. D. G. M. A covered dish supper before work at 6:30. All members not solicited please come and bring something.

Wade Davis of 25 Grant St., Portland has received from Thomas Cook & Son of London, a refund on railroad tickets over lines in France and Italy which he could not use during the outbreak of the war. This uncomfortable situation occurred while on a wedding journey, his bride being Florence Horne, daughter of Mr. and Mrs. John Horne of Portland. Mr. and Mrs. Davis reached Algiers before the war and had tickets for a tour of France, Italy, Austria and Germany. They got back to Marseilles and reached America by bribing a Japanese ship captain to take them to London, where they could take a steamer for home. Their baggage was lost in the tangle, but returned about a year ago, also the passage money paid for a trip from Hamburg to the United States. It is expected the whole amount will be refunded when the war is over and negotiations can be made with the German and Austrian railroads.

Rev. C. Gore Miller preached a strong sermon in the Universalist church, Sunday afternoon from the text "Behold Ye are all Brethren." Alice Barden sang "Come Jesus Redeemer," adapted to "The Melody of a Dream," by J. C. Bartlett, words by Ray Palmer. Ruth Akers assisted with other vocal selections.

Hazel Foster, a successful teacher in Brockton, Mass., was a week-end guest of her father, Selden C. Foster of Pike Hill.

Mrs. Nancy McCrellis has returned to Norway after being some months with her daughter, Mrs. Edward L. Colwell of South Hancock.

The W. C. T. U. were entertained at the home of Mrs. M. E. Anderson on Danforth street, Wednesday afternoon. Mrs. Anderson and Etta Noyes received the members and furnished light refreshments.

Mrs. N. L. McCrellis, who lives with her daughter, Mrs. Charles Colwell, at South Hancock, is spending a few weeks with friends and relatives in town.

Mrs. Katherine Morrill and daughter, Margaret of Millettville were week-end guests of her parents, Mr. and Mrs. G. F. Stone.

Eighteen autos were brought into requisition to transfer from Norway to Harrison about sixty members of Mount Hope Rebekah lodge, No. 58, to accept an invitation extended from Woodbury lodge to exemplify the degree, Thursday. Upon their arrival, an excellent banquet awaited them. The degree was conferred on two candidates before a crowded house. A social hour followed and a right royal good time it was.

A tramping party composed of Sub-Master Albert C. Parker, Lloyd Fletcher, Max G. Noyes, Leslie Gibson and Roland McCormack took a hike Saturday to Jim Hill from the top of which a fine view was to be had of the White Mountains. They enjoyed a lunch.

The Junior Thimble club will meet at the home of Mrs. M. L. Kimball, Saturday afternoon, at 2:30 o'clock.

NUMBER 45. NORWAY, ME. FRIDAY, NOVEMBER 10, 1916. VOLUME XLVII.

NOVEMBER WEDDINGS.

Briggs-Barker

A pretty fall wedding took place on Wednesday forenoon at 11 o'clock at the home of Rev. and Mrs. Robert J. Bruce on Winter street, when John C. Briggs and Estelle W. Barker, both of Gardiner, were united in marriage, the double ring service being used. The bride was becomingly gowned in a traveling suit of blue broadcloth with fur trimmings and carried a bouquet of white bride's roses. Following the ceremony a delicious lunch was served by Mrs. Bruce.

Mr. Briggs formerly resided in Norway and worked as clerk at the Smiley store for a short time, when he went into the supply office of B. F. Spinney & Co., where he worked until the company went out of business. In the fall of 1913 he went to Gardiner to work for the R. P. Hazzard Shoe Co., where he has a fine position as manager of the supply department. Mr. Briggs is a member of the Norway Congregational church, a member of Oxford Lodge, F. and A. M. and of the Chapter and Council at Gardiner.

Mrs. Briggs is the daughter of Mr. and Mrs. Charles E. Barker of Gardiner. She formerly resided at Phillips and graduated from the Phillips High school in the class of 1910, where she won a series of honor cups in the Interscholastic speaking contest.

Since graduating she worked in several offices until 1914, when she took a course at a business college in Portland and since graduating has been employed as stenographer at the Evening Express office at Portland. Mrs. Briggs has a fine contralto voice and has been singing at the Methodist church in Portland and is now singing at the Universalist church at Gardiner.

Mr. and Mrs. Briggs are the recipients of a large number of wedding gifts.

After a few weeks spent in camp at Lake Pennesseewassee they will return to Gardiner and will make their home for the present at W. I. Guild's on Kingbury street.

Mr. and Mrs. Briggs have a large circle of friends here and in Gardiner who join in extending their best wishes.

Noyes-Richardson

On Wednesday afternoon at 1:30, a very pretty wedding ceremony was performed at the Congregational parsonage, when Frank Willard Noyes and Annie May Richardson, both of Norway, were united in matrimony.

Mrs. Noyes is the daughter of Mr. and Mrs. Mark B. Richardson, well known residents of Norway. She was born and has always lived in Norway, attending public school in Norway, attending public school here and graduating from the Norway High school in the class of 1900.

The bride wore a gown of blue silk poplin with lace trimmings and carried bride's roses. The single ring service was used.

Mr. and Mrs. Noyes will spend their honeymoon in Mechanic Falls after which they will reside at Norway Center.

Hunton-Bradbury

The nuptial knot was tied between Charles Edward Hunton and Mildred Bradbury, both of Norway, at the Methodist parsonage Wednesday morning, November 8, 1916; the officiating clergyman being Rev. H. L. Nichols. The single ring service was used, the couple being unattended.

Mrs. Hunton is the daughter of Mrs. Christine Bradbury, and has made her home with U. S. G. Abbott's family on Pike Hill for a number of years, and employed with the Warner Paper Box Co. during the school vacation.

The groom is the son of Turner C. and Mary A. Hunton late of Lewiston, and came here from Brunswick, as machinist for the Norway Knitting Company, conducted by his brother, T. C. Hunton.

Every effort was made by the contracting parties to keep the day and hour of their wedding secret, but the news leaked out and the couple were given a send off at the Norway station with the usual amount of rice and good wishes. They started for Lewiston and other points on a short trip, after which they will reside here in town.

In Quest of Big Game

Ben Bicknell went hunting for big game Wednesday. Ben heard of a big she-bear and cubs that were roaming over the northern part of the town, so decided to make a valuable capture. With this in mind he invested some good money in high top boots, filled up the Maxwell gas tank, procured plenty of stout ammunition and cranked up. He drove to a spot above Richardson Hollow, then started in.

Apparently the bear was wise to Ben, so remained out of sight, for the hunter "beat the bush" with energy, but came back with only a lone partridge. He started out again Thursday.

Even the children have contracted the election spirit and are taking sides with their elders. A group of small suffragettes, probably twelve years old, were just from school Wednesday afternoon, and gathered on the street corner. One was reading the latest returns from a paper, while the remainder loudly discussed the situation. Apparently the two leading political parties were evenly represented, the argument waxed hot and there was more or less pushing, possibly hair pulling, as the scribe vanished before the knockout came.

Ceylon Rowe of Bethel called on us Wednesday. With the aid of canes, he gets about nicely. He was accompanied by his son, Bert Rowe and wife, and grandson. Dinner was had at Beal's Tavern and return made to Bethel by the way of Harrison and the Waterfords.

Mr. and Mrs. Talbot Mundy came into the office Tuesday morning all excited, and wanted correct election returns so as to settle a family wager. At that hour the general report gave Mr. Hughes the benefit of the doubt and Mrs. Mundy was all smiles, while Talbot appeared somewhat dejected. One could easily guess how the bet was arranged. With all our knowledge we were unable to offer a satisfactory reply and they passed out to find consolation in Ralph Harriman's straw vote results in Stone's window.

ELECTION RETURNS

The vote in Oxford County at the election Tuesday is as follows:

	Rep.	Dem.	So.	Pro.
Albany	44	48		
Andover	86	53		2
Bethel	212	188	4	1
Brownfield	116	102		1
Buckfield	102	145		1
Byron	20	25		
Canton	104	102	2	
Denmark	64	71		
Dixfield	119	121		
Fryeburg	224	142		
Gilead	16	26		
Greenwood	64	81		1
Hanover	30	22		
Hartford	88	52		
Hebron	33	36		
Mason	10	6		
Mexico	179	197	11	1
Norway	351	397	5	6
Paris	498	310	5	3
Peru	70	91		
Porter	162	67		
Roxbury	27	21		
Rumford	538	557		
Stoneham	30	26		
Stow	23	33		1
Sumner	88	67		
Sweden	31	31		
Upton	10	11		
Waterford	93	117	1	
Woodstock	117	97		
Milton Pl.	12	22		
	3,611	3,264	28	17

Electoral vote necessary for a choice 266—Thursday morning, a Boston paper gave Wilson 251, Hughes 243, doubtful 37; another makes the "known and the doubtful," 277 for Hughes, 254 for Wilson. Portland papers say 232 for Wilson, 239 for Hughes, 60 doubtful. Lewiston, 239 Hughes, 240 Wilson, 52 doubtful. Augusta 246 Wilson, 248 Hughes, 37 doubtful.

Thursday morning: Results of election in doubt with Hughes a probable winner.

Intelligence of Norway Voters

Last Tuesday Norway cast 766 votes and out of that number only four asked assistance in marking their ballot.

Three on account of age and impaired eyesight were Amos French, 88; James Crockett, 87 and Albert S. Newhall, 66 and one unable to read. They were assisted.

There were 3 blank ballots and 4 defective. One caused by the voter putting his initials "C. H. P." on it.

This speaks well of the intelligence of the Norway voter.

Officers Installed

A Stated Convocation of Oxford R. A. Chapter No. 29, F. and A. M. was held in Masons Hall, Wednesday evening, Nov. 8. M. E., Albert M. Penley, of Auburn, Past Grand High Priest, was present and installed the following officers.

H. P.—Lee M. Smith.
K.—Ray H. Eastman.
S.—Harvey E. Powers.
Tr.—Everett F. Bicknell.
Sec.—Charles F. Ridlon.
C. H.—Fred E. Smith.
P. S.—John W. Lasselle.
R. A. C.—Winfield S. Cordwell.
M. 1 V.—Arthur W. Easton.
M. 2 V.—Arthur V. Barker.
M. 3 V.—Percival B. Hathaway.
Chap.—Lewis I. Gilbert.
S. S.—Ernest J. Record.
J. S.—Harry W. Kimball.

After the installation, P. M. and M. E. M. work was in order. Refreshments followed.

Mrs. H. B. Young returned from a week's visit in Boston, Wednesday. She visited Mrs. Hugh Kennedy, Mrs. Ella Benfield and Ruth Cummings, also old friends at South Braintree, Mass.

Candidates for Norway Postmaster

Lot of candidates for the Norway postoffice if Hughes wins. Among those anxious to serve:

Capt. J. W. Nash, Herman L. Horne, Philip F. Stone, Elmer D. Packard, Lester V. Ashton, Walter L. Hutchins, Geo. W. Holmes, Simeon Harriman, Charles F. Ridlon, William C. Leavitt, William A. Bicknell, George W. Devine and others no doubt are willing to draw the salary and occupy the postmaster's private room in the P. O. Block now being built.

Some of these are said to have circulated petition for weeks past and others have talked it among their friends to put them wise to their wishes.

It's an excellent field to select from and a good postmaster can be had if the present encumbent fails to be continued in office by a change in the administration.

Jolly Party at the Kingfisher.

A jolly party of twenty young people went to Terhune's cottage, "The Kingfisher," Wednesday evening for a regular good old fashioned gathering.

A supper fit for a king was served which included salads, sandwiches, cakes, olives, doughnut, cheese and coffee. An old time molasses candy pull followed and the fun was at high water mark.

Games finished the evening program, after which came the delightful walk home in the moonlight.

Those who attended were Mr. and Mrs. Elmer Packard, Marion Gibson, Louise Sheldon, Marion Andrews, Eula Bicknell, Louise Seavey, Marion True, Ava Andrews, Mildred Noyes, Berenice Nash, Edgar Dunn, Otis Jones, Hugh Pendexter Jr., Leslie Gibson, Jesse Farnham, Roland Nevers, Paul Hosmer, Clyde Lapham and Francis Carroll.

Special Town Meeting

A special town meeting was held in the Opera House, Saturday afternoon with George L. Curtis presiding. Judge William F. Jones read the contract which was drawn up by the road committee and the Oxford Electric Co., and it was voted to instruct the selectmen to accept the same. As the State Commission had previously requested the towns to forward their highway mileage to headquarters, action was taken at this time and a vote passed to comply with the request. This completed the business of the meeting and an adjournment followed.

V. W. Hills, the jeweler, is presenting to each "new arrival in town" a gold band ring, delivered in a neat little box with a card on which is "Baby's first Ring, etc."

Norway Lodge No. 16 I. O. O. F. have received an invitation from Mt. Mica Lodge of South Paris to visit them Thursday evening, Nov. 9th, and witness the working of the first degree. All members plan to attend.

(Continued on pages 8 and 11)

SOUTH PARIS

Mr. and Mrs. S. T. Oliver entertained three tables at Rook Wednesday evening. The following guests were present, Mr. and Mrs. Irving Barrows, Mr. and Mrs. H. E. Wilson, Bertha Wight, Nora Dunham, Ruth Bolster, Mont Bolster, Merton Clifford, Harold Neal. Refreshments were served and a most delightful evening spent.

Eva Walker gave a party Tuesday evening in honor of Mrs. R. E. Cole, who will leave this week, Friday, for her home in Canton, Mass. Guests present were, Mrs. Hariett Barnes, Mrs. Florence Haskell, Mrs. D. M. Stewart, Mrs. Stanley Wheeler, Mrs. R. E. Cole, Mrs. H. E. Wilson. A very pleasant evening was spent in games.

Mrs. H. E. Wilson is playing the organ at the Congregational church in Norway, while Mrs. H. L. Horne is on her vacation.

George Burnham has been confined to the house for ten days with a sprained ankle.

The Fan Tan Club met Tuesday afternoon for sewing. A good number were present and at six o'clock chafing dish refreshments were served and the evening was spent in Rook and Whist.

Leon L. Russell has a neat flock of thirty-two R. I. Reds that attract attention. They are evenly colored, good shape and well developed for June birds. The pullets will be laying early in December.

All was excitment throughout election day and well into the night. Both party representatives cheered continually as the returns poured in. The Savoy was open until nearly 12 o'clock and many crowded in to catch the latest news from the front. Early in the forenoon one or two post office aspirants had their scrolls out on the street, but these disappeared about train time when the result was not so encouraging.

The annual fair supper at the Universalist vestry Tuesday was a success and largely attended. A supper of chicken pie, mashed potatoes, hot rolls, cranberry sauce, whipped cream pies, assorted cakes and coffee was served to more than one hundred, followed by a reception to Mrs. Agnes L. Morton, who has been the church organist for the past fifteen years. In the receiving line were Mr. and Mrs. Wm. P. Morton, Rev. and Mrs. C. G. Miller, Mr. and Mrs. J. A. Kenney, Mr. and Mrs. W. B. Young. Speeches were made and a general social time followed.

Hon. Alton C. Wheeler has been on a campaigning tour through North Carolina and Virginia. He returned Monday in season to vote.

Mrs. Scott Marston and her mother, Mrs. Winnifred Penley, have been visiting relatives in town during the past week.

The concrete foundation for A. W. Walker's house is all set, and the carpenters have the sills laid. The frame will be well along before the end of the week.

Business is good at the Oxford Creamery, yet a drop may occur later, owing to the high mark on the grain cost. One day last week they shipped five tons of milk and cream, this is not an average, but the daily output is large.

The farmer receives about forty cents per pound for his butter, represented by the Babcock test—the highest price known. Twenty-three years ago twenty-two cents was considered a good price, as guaged by the market standards of the period.

Members of the Western Maine Poultry Association held a business meeting in the Creamery Monday, and made arrangements for their show which is set for January 2-3-4, 1917 in the Grange Hall, South Paris. A committee composed of C. Guy Buck, Harry Lovejoy, and Frank Taylor was chosen to arrange a premium list. The score card system was discussed and it was decided to abolish it, and return to the former comparison method. Herbert M. Tucker of Canton and George Coffin of Freeport will judge the birds.

Charles R. Cutler who works for the Oxford Electric Co. as lineman, owns a Thomas cat twenty-two years old next May. This old settler is of an unknown breed, but active and a good mouser. He weighs eight pounds and is fat for his years. During the past eight years he has lived along without any teeth, with no visible means of getting any new ones. So the women folks just mash, grind or soak his food to suit the occasion and the feline lives on. The old chap has been in the family since kittenhood, except at one time he was given to James Pledge of Norway. He took French leave from this new home and dropped out of sight for five months, when one bright day in winter, the runaway came to the door of his former master and has since remained.

The Christian Endeavor Society of the Congregational church will have a moonlight hike to the Talbot Farm on Fore street Friday evening, Nov. 10th. They plan to leave the Square at seven o'clock.

(Continued on page 11)

OTISFIELD

Ryefield Bridge

Wm. McCann has gone to Worchester, Mass., where he has a very good position His family remain at home for the present.

Fred Kilgore, Albion Allen, W. J. Olmstead and Lester McAllister were at their homes to vote for election.

G. E. Mills has had new roofing put on his barn. Brackett & Stroke did the work.

Queene Rowe helped at G. E. Mills' Monday, picking chickens.

John Willis has his mill running, about 1½ miles from Kilgore Mill. It is understood that Fred is putting up another one a distance of two miles.

Addie Olmstead and Sadie McCann visited Mrs. Olmstead's mother, Augusta Learned, Thursday of last week, also made a door yard call on Florence Sanderson.

Maria Robertson has been spending a few days with her sister, Mrs. G. A. Robertson, at Augusta.

Ralph Young has sold his laundry business to D. C. Conroy who will take possession the middle of December.

Mr. and Mrs. A. F. Capeland, Mrs. H. H. Hastings and N. E. Richardson were in Norway Sunday and attended the funeral of Mrs. Irene G. Locke.

Howard Tyler spent Sunday in Milan, N. H.

Mrs. Harry Hastings is clerking for Ceylon Rowe & Son at their store.

Edna Wight of Gilead spent the day Monday with Cleo Russell.

Robert Sanborn, who has been on a two weeks' hunting trip at the Lakes, returned Friday.

The Christmas sale and supper by the Ladies' Club will be held at Garland Chapel, Thursday, December 7th.

Mott Spearrin of Rhode Island has been the recent guest of his brother, D. H. Spearrin.

Mr. and Mrs. A. C. Holt and son Lee of North Waterford were Sunday guests of L. W. Ramsell and family.

Mrs. Wallace Clark spent the day Saturday in Rumford.

Alice Capen who has been at the Eye and Ear Infirmary, has returned home.

Mae Wiley is spending a few days in Norway.

Mrs. Harry Jordan inspected the T. A. Roberts Corps at Oxford, Saturday.

Perley Wing, who recently puchased the Allie Morgan place, has a position at Bryant's Pond and will remain there this winter.

Mr. and Mrs. F. H. Byram, F. B. Merrill and Harriet Merrill attended the football game between Littleton and Gorham High at Gorham, Saturday.

At the meeting of the Volunteer Hose Co., Thursday evening the following officers were elected:

Foreman—A. Van Den Kerckhoven.
First Asst.—I. L. Carver.
Second Asst.—F. B. Hall.
Clerk—F. B. Merrill.
Asst. Clerk—E. F. Bisbee.

Mrs. Harris White and two sons from Haverhill, Mass., who have been visiting her parents, Mr. and Mrs. Wm. Lowe, for several weeks returned to their home, Saturday.

ALBANY

C. F. Upton and Guy Cummings are packing apples at Bear River for R. L. Cummings.

Carl Upton saw a bobcat one day last week as he was going to the mail box. He came around a turn in the road and met the animal about two rods from him. He let a yell out of him that sent the cat to the woods, but if he had had his rifle with him it would have been a fine shot.

Benj. Inman is very sick with pneumonia.

Mrs. Mildred McPhee is stopping with her sister, Mrs. Hapgood, for the winter.

Mrs. Clara Grover spent the day with her friend, Mrs. Eva Hapgood last Thursday.

EAST STONEHAM

Mrs. Herman Richards has been on the sick list the past week.

Mrs. Arthur Curtis and three children, Amy, Chrystal and Alice went to Waterford, Saturday.

F. L. McKeen was at Norway, Saturday on business.

Mrs. Arthur Andrews and son, Wallston, were at her mother's, Belle McAllister's, Monday.

Helen McAllister, who has been suffering from an abscess in the head, began her duties as teacher, Monday, October 31 at Four Corners.

Mrs. A. Andrews and Mrs. G. McAllister went to Waterford, Monday.

If YOU buy out of town and WE buy out of town, what will become of OUR town?

BRYANT'S POND

H. Otis Noyes is taking a vacation of a week and is in Portland with his sister, Mrs. Grace Emery.

Rev. E. H. Stover held a meeting in the Bryant district last Sunday afternoon.

Daniel Bryant spent the past week with his daughter, Mrs. Scott Merrill, in Norway.

Mrs. George Forbes and three children, George Jr., Ruth and Rachel Caroline, spent a week at Chocorua Inn in the White Mountains of New Hampshire with Mrs. Forbes' sister, Mrs. A. B. Atwood. Mr. and Mrs. Atwood brought them home in their automobile and visited Mrs. Atwood's mother, Mrs. E. J. Thompson.

James L. Bowker spent last week visiting his son, Percy, in Wakefield, Mass., also his son, Elmer, who has charge of a school in Worcester, Mass. He has a fine position. Elmer was a good boy and worked hard when getting his education and we are glad to know of his prosperity.

The Ladies' Aid met last Tuesday with Emily J. Felt. They will meet next Tuesday afternoon with Mrs. E. H. Stover at the parsonage. There will be a Christmas sale the first week in December, notice will be given later.

Alton Bacon's men are shingling Freeman Morse's house.

This fine pleasant weather we are having is giving the people a good time to prepare for winter and we all enjoy it.

Zenas H. Morse and family of North Woodstock have moved from the rent over the Richardson store to the house owned by Mrs. Ida Page.

Russell Adams, who recently returned from Laredo, will take a foreign trip soon. He will join his father, Capt. Chas. Adams, in Boston and make the trip with him to Spain.

George G. Judkins has closed his house at North Woodstock and is working in Peru.

Edwin Howe who recently puchased the Newell house in the Whitman district, is making repairs and will soon move to the premises with his family.

The Ames Bryant farm has been sold to William H. McDaniels, who is now building a new house on the premises.

Benjamin R. Billings and the Griffin brothers returned last week from an extensive hunting trip in the Wild River region, where they had fairly good luck. The Griffin brothers returned to their home in New York Saturday.

Carl Dudley intends to move the storehouse on his lot half way around. He will put in a cement foundation and make other changes.

OXFORD

Leotine Robinson was at her home over Sunday.

The Ladies' Aid of the Congregational Church will hold a food sale Friday evening.

Emery McAllister and George Thomas attended the husking at Albert Rowe's.

Philip Lord spent the week-end with his father, Frank Lord.

Thomas Lannigan has moved into the rent formerly occupied by Mrs. Rose Lessaw.

Albert White leaves for Bridgeport, Conn., Thursday, where he will work in one of the ammunition factories.

Jessie Davis who is teaching school in Paris, spent the week-end with her parents.

Dr. and Mrs. H. R. Farris, H. O. Blake and Mrs. Eric Stowe attended a silver wedding in New Gloucester, Saturday.

Mrs. Carl Green, who has been visiting her parents, Mr. and Mrs. Samuel Eaton, has returned to her home in Waterville.

Mrs. Alice Jordan, inspector of the W. R. C., made an official visit to the T. A. Roberts Corps on Saturday afternoon.

Leon Frost was in town, Saturday.

Dr. E. B. Holden has returned from his trip south.

Mrs. Roxy French, who has been visiting in Mechanic Falls, returned home, Friday.

C. F. Starbird and LeForest Thomas returned from Echo Camp, Saturday night.

SUMNER.

Revolutionary Soldiers.

Sumner had twenty-nine Revolutionary soldiers: Micah Allen, Seth Allen, John Bartlett, Elisha Bisbee, Isaac Bonney, John Briggs, Levi Bryant, Joshua Churchill, Oliver Cummings, Isaiah Cushman, John Fletcher, Charles Ford, Joshua Ford, Enoch Hall, Benj. Heald, James Hersey, James Keen, Lemuel Keen, Meshack Keen, Asa Robinson, Increase Robinson, Joseph Robinson, Sylvanus Stephens, Hezikiah Stetson, Isaac Sturtevant, Seth Sturtevant, Oliver Turner, William Turner and Abijah Warren.

Mr. and Mrs. Percy Davenport were guests at Henry Davenport's, Sunday last.

Albert Davenport, who has been stopping at Winthrop since haying, has returned to Sumner.

Mr. and Mrs. Arsene Blaquiere and little daughter, Pauline, who have been the guests of relatives in Sumner the past week, have returned to their home in Norway.

Del Poland has sold a cow to Henry Davenport.

Clinton Buck has had his old horse, Rob, who has served him faithfully for many years laid away at rest.

Cale Lowell of Hartford is selling fish through Sumner on Mondays.

Arthur Cox is packing apples.

A pretty home wedding occurred at the home of Mr. and Mrs. Harry Tibbets of Sumner at high noon on Nov. 6, when their youngest daughter, Miss Arabine Tibbetts was united in marriage to Wilmer Bradeen by Rev. J. N. Atwood, the single ring service being used. The couple stood under a white bell. The bride was very becomingly dressed in light blue silk. Only the immediate family of the bride and the groom's mother were present. After a short wedding trip to Mars Hill, they will reside at East Sumner, where a newly furnished home awaits them. Congratulations and best wishes are extended to the happy couple.

NORTH WOODSTOCK

Mr. and Mrs. George Jordan went to Sumner to visit their brother and sister Saturday, returning Sunday.

Mrs. and Mrs. E. P. Brown and family and friend, Robert Mills, of Bethel, visited Mr. and Mrs. Z. H. Morse, Sunday.

George Harrison has finished work at Locke's Mills and is at home for a while.

Mrs. Ida Page has finished work for Alfred Chandler and is on a visit to her parents, Mr. and Mrs. Wm. Hall.

Bennie Thurlow is working for D. A. Cole and going to school.

ANSWER THE ALARM!

Norway People Should not Delay.

If your kidneys are inflamed,
Don't stand around and do nothing.
Like a fire it will soon be beyond control.

You will get the alarm in time—
Backache, or dizziness or disorders of the urine.
Heed the warning.
Give your kidneys a rest by living more carefully.

Use Doan's Kidney Pills to help stamp out the cause.

Profit by a Norway woman's experience.

Mrs. Myrtie Payne, Hazen St., Norway, says: "A few years ago I was having pains across my back and kidneys. They annoyed me very much and on stooping or lifting I felt them more. I found Doan's Kidney Pills very good for this trouble. As I used them, the pains gradually lessened. Soon I was practically free from the trouble. I feel that Doan's Kidney Pills are entirely worthy of my recommendation."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Payne had. Foster-Milburn Co., Props., Buffalo, N. Y. 45-46

OXFORD

John A. Fox and family and Arthur Fox motored to Portland lately. Since returning, John A. has exchanged his Ford car for a Reo, with Nelson McAllister.

Wright and Bryant, who have been at their camp on Lake Kezar, with W. S. Fox and Irving Bowley, broke camp Saturday and left for their homes. They secured one deer while there.

D. H. Cole and George H. Records have been appointed deputy sheriffs in Rumford,—Lewis E. Small and William F. Cyr removed.

There s more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

OTISFIELD

Golden Wedding

The golden wedding of Mr. and Mrs. Wyette T. Edwards was celebrated at their pleasant home at Spurr's Corner, Otisfield, Saturday evening, Nov. 4. The occasion was planned and most successfully carried out by their only daughter and husband, Mr. and Mrs. Edwin Davis, who occupies the same house with her parents.

Mrs. Edwards was formerly Abbie Rosella Durfee of Hanover. Mr. Edwards is a native of Otisfield, in which town the happy couple have resided for the past 50 years. About two years ago they had the misfortune to lose by fire the home which they had occupied for several years, and since that time have made their home with their daughter, Mrs. Davis. Mr. Edwards is a well-to-do farmer and owns considerable property in his home town. He is a member of the K. of P. order in the town of Windham, and also a member of the G. A. R., having been one of three brothers, namely, the late Silas B. Edwards, of South Windham and Mr. Robinson G. Edwards of Topsham, who served in the Civil War.

Mr. and Mrs. Edwards were married in Mechanic Falls, a town where they first met in early life. They have had born to them four children, of which only one, Mrs. Davis, is living. The home owned and occupied by the honored couple is one of rare attractiveness, a large house of Colonial style. The entire house was thrown open on the golden event, and the guests present most happily entertained.

Mr. and Mrs. Edwards occupied a prominent seating in the front parlor, and the becoming costumes of the happy couple blended with the cheerful countenance of each.

Mrs. Davis was assisted by Edna Robinson and Mrs. Maggie Edwards in receiving and presenting the friends. The conventional guest book was in charge of Mrs. Euleta Newcomb of Westbrook. A most enjoyable program was also presented. A cornet solo by Mr. Edwards, Mrs. Gertrude Barrows, organist, Mrs. Catherine Scribner, violinist, Mrs. Helen Mitchell, vocal soloist, and Mrs. Euleta Newcomb as reader. Rev. Joseph Harrison, pastor of the Otisfield Congregational church, was present and gave a most interesting talk.

The wedding anniversary poem and early reminiscences was written and read by Mrs. Newcomb.

Delicious refreshments were served. Mrs. Davis was assisted by Miss Robinson and Mrs. Nutting in serving. Many friends who were unable to attend sent letters of congratulations.

Among those present were: Mr. and Mrs. Wyette T. Edwards, Mr. and Mrs. Edwin Davis, Marjorie Davis, Ellsworth Edwards, Mrs. Rosella Edwards, Mr. and Mrs. Eugene Edwards, Mr. and Mrs. John N. Newcomb, Mr. J. Everett Newcomb, Mr. Granville H. Edwards, Marie Monson, Mr. Cyrus Stone, Mrs. Carrie Scribner, Mrs. Sadie A. Sawyer, Mrs. Catherine Scribner, Mr. and Mrs. Melvin Meserve, Mr. and Mrs. Clinton E. Nutting, Mrs. Eliza Meserve, Mrs. Ada Spurr, Mrs. Gertrude L. Barrows, Frank M. Barrows, Mr. and Mrs. Sumner Smith, Mr. and Mrs. Fred Edwards, Mrs. Gladys Hoyt, Rev. Joseph E. Harrison, Mr. and Mrs. Charles Mayberry, Helen Mayberry, Paul Mayberry, Charles Robinson, Mr. D. Nutting, Harold Smith.

Elmer Latulip's family had radishes for dinner October 31st.

Alton Allen and his brother Alarado of Bridgton, visited their sister, Mrs. Elmer Latulip, recently.

John Newcomb and family and Granville Edwards of Westbrook visited relatives in this place last week.

Mrs. A. H. Smith and Mrs. Arthur Smith called on friends in Oxford recently.

Charles Robinson has returned from Acton, Mass., where he has been to work for Will Holden the past month.

Arthur Smith is packing apples for Walter Hamlin.

Levi G. Edwards has lately purchased a new auto, a 1917 Ford.

The hunters that went up country last week, came home without any game.

Earl Warren and his sister, Mrs. Alpheus Holden, and family went to Portland last week.

Sara Mayberry, who has been very sick with typhoid fever in Lynn, Mass., is gaining slowly.

Lehto-Harver.

Jacob Lehto and Mrs. Anna Harver of Otisfield were married Saturday, November 4, at the home of the bride. This was the first Finnish wedding in this community and was witnessed with curiosity by the friends and neighbors who were invited to the ceremony and to partake of the generous refreshments of candies, fruits, cake and coffee.

The bride was gowned in white with a wedding veil and the ceremony was performed by Rev. Alcksi Raiter of West Paris, while Mattie Huerteri and Elsie Ahonen were best man and bride's maid.

After the ceremonies a fine chicken dinner was served to the Fin friends present.

WEST SUMNER

We are all very sorry to learn of the sickness of Dr. Staples' wife, formerly of this place.

Mrs. James Boyles was called to Livermore Falls to see her mother, who is ill.

James Packard is working in Durham. His family expects to go soon.

Wallace Chandler has a housekeeper, Mrs. J. Barrows.

Mrs. Judith Lang from Durham has come to live the remainder of her life with Gus Farrar and wife.

November 3d Clinton W. Bisbee picked from his fall bearing strawberries, a cup of ripe strawberries.

Lincoln Burnham and family will live with Everard Burnham this winter.

November 7th there was a surprise shower for the new married couple, Owen Bonney and wife.

SOUTH HIRAM.

Mr. and Mrs. Lewis Gould were Limerick visitors on Thursday.

Mr. and Mrs. Sylvanus Hartford and two daughters Gladys and Hazel, of Parsonsfield were Sunday guests of the Lewis Gould's.

George Quint went to Portland Tuesday with a two horse load of squashes.

Cyrus Durgin and Mrs. Abbie Adams spent the day Wednesday with his son Phil and family.

Arthur Wiggin had the misfortune to break his arm Saturday afternoon while on a vacation to Horn Pond in Limington.

Mr. and Mrs. Leo Smith and two children and Mrs. Minnie Durgin, of Denmark motored through here Sunday, calling on friends.

NORTH BRIDGTON.

Golden Wedding of Mr. and Mrs. Luther S. Monk

Mr. and Mrs. Luther S. Monk celebrated their fiftieth wedding anniversary on Oct. 19, in the church at North Bridgton. A gathering of neighbors and friends, more than one hundred being present. There were friends present from Maine, New Hampshire and Massachusetts. After a sumptous repast, presided over by Mr. and Mrs. Lewis Howard and Mrs. Cora Stuart, a renewal of the marriage ceremony was performed by the Rev. C. N. Davie, pastor of the church. The bride and groom, attended by their two sons and wives, Fred M. Monk of Lynchburg, Va., and Guy M. Monk of North Bridgton, standing under an arch of green and gold, on which was suspended the dates 1866-1916. Following congratulations a pleasing program was rendered, consisting of:

Music.....Dudley's orchestra
Readings....Mrs. Alice Freelove, Mrs. Raymond of Westbrook, Mrs. George Marr.
Original poem.....Mrs. F. O. Chadbourne

Upon urgent request, the bride gave a very funny selection, there was also an original poem given during the dinner, written by Anna Head of Hartland, for the occasion, and read by Mrs. Fred Scribner of Paris.

Mr. and Mrs. Monk, have resided in North Bridgton about 40 years and they were the recipients of many beautiful and costly presents, among which was a plate of gold coin amounting to fifty-eight dollars, contributed by friends of this village and presented by the pastor.

Written in honor of the Fiftieth Wedding Anniversary of Mr. and Mrs. Luther S. Monk of North Bridgton.

(By Mrs. Frank O. Chadbourne)

Fond memory sits enthroned today
And over all hearts holds sway,
While she weaves for our friends a golden chain
From the scenes of far away.

Dear are the gifts from loving friends,
Prized more than jewels rare,
But dearer still are memory's gifts;
Their worth beyond compare.

We count the links in the chain she weaves,
As the Rosary beads are told;
Each has for them some treasure dear,
Which safe in their hearts they hold.

Some links may be dulled by sorrow's tears,
And some by the rust of care.
Yet underneath is purest gold,
Undimmed in its beauty rare.

The story old as Eden's bowers,
Was whispered once again
In the listening ear of a Hampshire maid,
By a youth from the hills of Maine.

'Twas the year of eighteen sixty-six,
When they followed love's shining track
In the "City of many spindles,"
On the banks of the Merrimac.

Now the maid who heard that story
Had been christened "Alice Head,"
While the youth was known as Luther Monk
And soon the bonds were read.

For Luther said to Alice,
"Come, let us two be wed.
I'll give to you my hand and heart,
If you will be my 'Head.'"

Thus the first fair link of that shining chain,
Which you see with a vision clear,
Takes on the shape of a wedding ring
Emblem of love sincere.

Then following this without a break,
Held fast by the pledge of truth,
Link after link in the chain of life
Through years of age and youth.

Here's a link that is clasped by a baby's hand,
Fairest of all it seems,
As they held in their arms their first born son
They knew life's joy supreme.

There were years of toil and years of care,
But ever love brightened all,
As they carefully guided the little feet,
Watching lest harm befall.

In eighteen hundred and seventy-seven,
To the Pine Tree State they come,
And for two years in fair Norway
They made their pleasant home.

It is here that a mother kneels again
By the side of a baby's cot,
And the father smiles in pride and joy
And envies no man's lot.

Many links bear the seal of the state of Maine.
Long in Bridgton their home has been,
Happy and busy the years here spent,
Mid neighbors, friends and kin.

They watched over their sons with tender care
Lest they slip from their arms away,
And now in stalwart manhood's prime
They stand by their side today.

To the fair "Arcade" came many a one,
To sit by their cheerful fire,
Or rest beneath the cooling shade
As the goal of their desire.

They've been kind to the stranger within their gates
And cared for his every need.
Since they thought not alone of the gold he gave,
Their home was a haven indeed.

For many who came to sojourn there
Have gathered strength anew,
And while they came as strangers,
They've returned as friends most true.

The links of the chain slip swiftly by
Till the fiftieth one is told—
A long, long way from that first fair morn
In the beautiful days of old.

While they plighted their troth in life's spring time,
When for them the world was new,
When the roseate morn and the sunset's gold
Mingled with heaven's own blue,

While beautiful autumn with glory crowned,
The earth's radiant hue,
We listen again to that story old,
Old—yet ever new.

For 'twas heard in the paths of paradise
That message from God above,
Which has smoothed the oft times weary roads—
The wonderful tale of love.

We bring to our friends whom we greet today,
Wishes for good untold,
True, lasting good, all life to bless,
As the future years unfold.

Children and friends have gathered here
To crown as well we may,
Your lives with love and honor,
On your golden wedding day.

Still through the future, as the past,
May true love light your way,
Till you see the sun of morning break
O'er the hill of endless day.

Bert Edgerly has given up blacksmithing here and has gone to Lisbon Falls, where he has secured employment.

Mrs. Tobias Stuart and Harry Monk were in Norway, Thursday to have dentistry work done. They went in Mr. Monk's auto.

Wesley Evans has purchased a three year old colt of Walter E. Chadbourne.

S. D. Clark has exchanged his old auto for a new Ford with Geo. Hill of Harrison.

Edgar Mayberry expects soon to go to Hastings to work in the woods for the winter.

Mr. and Mrs. Eugene Tenney of Harrison were callers at L. N. Howard's, Sunday.

Mrs. Martha Wight spent Saturday night and Sunday as the guest of her brother and wife, Mr. and Mrs. Oscar Edwards.

A large amount of cider is being made at S. C. Ridlon's mill.

Edgar and Ernest Mayberry have been laying a new hard pine floor in the kitchen of their home here.

Mrs. Alice Freelove and son, Albin, have gone west for the winter.

Lincoln Mayberry of Poland Springs was an over Sunday guest at his home here.

Albert Henry Critchett, Jr., son of Mr. and Mrs. Albert Henry Critchett of Dorchester, Mass., was christened at the church service Sunday afternoon.

P. W. Kilbourne recently spent several days as the guest of Sumner Perley of Harrison.

Mrs. George Richardson and children, James, Willis and Willard, of East Denmark, have been the guests of her parent's, Mr. and Mrs. Fred Monk.

Mrs. Luther Monk is acting librarian for the month of November.

Fred Hamlin, Perley Howard and Ernest Mayberry went deer hunting Friday and returned at night with two deer.

The whooping cough is raging badly in this village. Among the victims are Ruperta and Caroline Pembroke, Frances Frisbee, Freeman and Constance Brown, James, Elizabeth and Minnie Allen; Lee and Horace Flint and among others. A bad disease to have at this time of year.

Mrs. J. N. Adams is visiting relatives and friends in White Rock, Windham and Portland. Mrs. Maud Lambert is keeping house for her.

EAST OTISFIELD

W. A. Stone, wife and two children and mother are visiting his sister, Mrs. Mabel Durkee of Upton. They made the trip with his auto last Sunday.

Charles Thurlow went to Mechanic Falls one day last week.

P. C. Greenleaf and son, Francis Greenleaf of Auburn are spending the week with Ernest Greenleaf of Crystal, N. H. Verner Smith is working for P. C. Greenleaf while he is away.

Mrs. Belinda Tubbs of Casco visited her brother, O. W. Stone one day last week.

Mr. and Mrs. Henry Vasmus of Auburn have been visiting friends here the past week.

Frank Locke has moved his family into Geo. Hobbs' house near W. P. Linnell's.

Mr. and Mrs. Thomas Jackson of Portland are in the place on their annual trip. Mr. Jackson enjoys hunting as well as in former days.

Charles McAuley is working for Sanford Annis on Otisfield Gore.

SOUTH RUMFORD.

Mrs. Arthur Stone and daughter, Muriel from Canada, are visiting her parents, Mr. and Mrs. F. P. Putnam.

Mr. and Mrs. Edwin E. Abbott and sons, Wallace and Alvin, returned to their home in East Rumford November 1st after a month's visit by auto to relatives in New Hampshire and Massachusetts. Their niece, Minnie Jones Freeman from Derry, N. H., came with them.

Hugh Fleck from Harrison has been visiting his sisters, Mrs. Marjorie Lane of this place and Mrs. Winnie Widber of West Peru.

Charles Lapham and sons, Welsford, Winfield and Atherton, and Earl Whynot were on a hunting trip to Upton last week.

Mrs. Tryphena Wyman has been visiting her sister, Mrs. Lydia Simpson at North Rumford.

The Hunting Season

Hunting is not the easy and accessible thing it used to be. Every year the man with the gun has to go a longer distance from the haunts of men. He finds wild animals constantly depleted.

While wild game is decreasing in quantity, the number of men out for sport increases. States that maintain a system of hunters' licenses report an astonishing number of applications. In some places it seems as if nearly every able bodied man had registered for these permits. In popular hunting resorts it is getting about as dangerous for the hunters as for their prey.

And the trouble is not merely that there are more hunters for less game. In luxurious cities there is an unlimited market for birds, venison, and other titbits. This creates a class of market hunters. This includes many irresponsibles and semivagrants who pay no attention to game laws.

In land near sizable towns the spread of the No Trespass sign has removed much of the joy of the woods. Owners of timber land are getting tired of seeing valuable trees burned up by fires set by careless campers. It is very nice to be liberal to the public. But to many men, standing timber is their principal capital. A single match can consume it all, and there is no use taking these chances.

There is a growing sentiment in favor of supressing the shooting of birds and other game for the markets. Every bit of the wild life now left is needed for other purposes. It is the property of the whole community, and should not be shot and sold as a matter of business. It should be kept as a source of the pleasure and recreation of genuine sport. The state cannot afford to permit the destruction of any living thing that protects crops from harmful pests.

Paid $35,000 for Bull

An event of great interest and importance to the Holstein-Friesian breeding industry took place Sept. 14, when the Fred F. Field Holstein company of Brockton, Mass., puchased of Mrs. Franc A. Smith of Brainardhurst, Alexander, N. Y., the 4-year-old bull, King Segis Pontiac Konigen 97988, paying $35,000 therefor.

The price paid—$35,000—seems a large sum, but these figures are declared absolutely bona fide by the parties concerned in the transaction. Mrs. Smith considers the bull a peerless animal and sells him to give him the opportunity demanded by his great breeding; and Mr. Field bought him to breed to the daughter of Dutchland Creamelle Korndyke Lad, whom he considers quite as good a bull as the one just purchased. He believes that by bringing these two great families together he is uniting the greatest producing families of the breed for both milk and butter, in the yearly and short time tests.

Auto Receipts

The total receipts from automobile registrations and licenses from Jan. 1 of the present year up to noon, Oct. 14, is $362,354.65, against $271,987 for the entire year 1915, according to figures given out by Harold P. Davis of Waterville, chief clerk of the automobile registration bureau of the department of state.

Total registrations and licenses from Jan. 1 are: Registrations, 28,332; licenses, 34,355; dealers, 311; trucks, 1963; motorcycle dealers, 32; motorcycles, 1271. Total registrations for the entire year 1915 were: Registrations, 21,374; licenses, 25,658; dealers, 324; trucks, 1098; motorcycle dealers, 35; motorcycles, 950.

Lazy Men Take Notice.

Many a state would be fortunate if the lazy husband legislation was in force, as it is in California. A man in that state who does not support his family can be put to hard labor by the county at $1.50 a day and the money he earns turned over to his dependents. The first offender was sentenced to two years on the county roads.

PIGEON HILL.

Mr. and Mrs. James King were Sunday callers at John King's.

Mr. Albert Hovey has gone to Lewiston, where he will spend the winter at Mrs. Chandler Barrow's.

William Bumpus is at Cinnamon camp Norway, for a few days' hunting with a party.

Chas. Jordan has had his hay pressed at Pinacle Farm.

J. K. and C. K. Denning have purchased a new Overland touring car.

Mrs. Nellie Thayer is boarding the men who are pressing hay.

Mr. and Mrs. Bennie Howard were week-end guests of Mr. and Mrs. John King.

Mrs. Mary Hall took an auto trip to Portland last week, in company with Dr. Farris, J. Kelsey Denning and Mrs. Chas. Denning.

Geo. Adams is laying the foundation for an addition to his barn.

Mr. and Mrs. Geo. Waite spent Sunday at Oxford.

Clarence Graffam's son has returned from the C. M. G. hospital improved in health.

J. K. Denning went to Auburn, Sunday to see his grandson, Clarence March, who is critically ill at his home on Turner street.

Oxford Grange

Oxford Grange, No. 46, opened in form Saturday night. Worthy Master Chaplin in chair. Routine of business followed. Two candidates were voted in and 1st and 2nd degrees worked on Miss Gordon of Pigeon Hill.

Literary program consisted of: roll call; one thing the grange has done for community, state or nation; reading, Mrs. Lottie Hunting; paper, Rose Denning, what should we be thankful for?; a surprise feature by Mrs. Grace Smith, Beth Morris, Grace Brett and Lawrence Brett, consisting of popcorn and ham sandwiches, followed by a social.

About thirty members were present. A committe is appointed to arrange for a drama as the stage fixings are in place. The members are adjusting themselves to their new home and with every shoulder to the wheel, especially the young shoulders, many pleasant and profitable hours should be passed within its walls.

A dance with oysters and pastry supper will be held Saturday evening, October 11, Milliken's orchestra, Norway.

NORTH FRYEBURG

The Harvest supper at Red Men's Hall on Saturday, November 4th, was well attended. Supper was at the usual hour after which an entertainment in the hall, after which there was dancing. Music by Flint's orchestra.

Gladys Pinkham of Fryeburg is visiting friends in the place.

Christie Jones, who has been working at the corn factory labeling, has returned to her home.

They finished labeling at the corn factory Monday of last week.

Olive Drew of Jackson visited her sister, Mrs. Bert Smith, a few days the past week.

Fifty members of the Waketa Council, D. of P., of this place visited the Minnetonka Council, D. of P., at Conway, Tuesday evening of last week. The Waketa Council worked the degree on two candidates after which a chicken supper was served. Every one spent a pleasant evening.

Mrs. Lelia Chandler and daughter, Ruth and Mrs. B. C. Webb and son, visited Mrs. Nellie Bemis one day last week.

B. C. Webb has a new Ford car, selling his old one to James Jackson.

The Over-Wise Committee Man

An old story, but one which is good enough to keep going, as it well illustrates the tendency of some people who think that the modern child is not as wide awake and intelligent as was the child of fifty years ago, is told in the present issue of Harper's Magazine. The visiting member of the school board was listening to a recitation by a class when he remarked, "The children of today are not as quick to notice things as they were years ago." The teacher replied that she had not noticed it. "I will prove it to you," said the committeeman. Turning to the class he asked,

"Will some one give me a number?"

"Thirty-seven," said a little girl.

Taking a chalk the committeeman wrote on the board, 73, and nothing was said. Calling for another number fifty-seven was given. He wrote this down as 75, and nothing was said. With a superior smile to the teacher, he asked for a third number, when he was almost taken off his feet with the contempt and energy expressed by a red headed youngster who shouted, "Seventy-seven, you sucker, see if you can change that."

Dental Preparedness

What is the most important attribute of a soldier? Good feet? No. Good eyesight? No. Good brains? No. What then? Good teeth.

A soldier may have good feet, good eyesight, and good brains but if he has bad teeth, he can't eat. If he can't eat he can't march near enough to the enemy to see him and use his brains to fight him.

How does a soldier get good teeth? By having good teeth in childhood.

How do children keep good teeth? Through being taught by their mother how to keep their teeth clean and having their teeth looked after while they are growing. This makes good teeth for future soldiers.

It would seem then as though the first patriotic duty of a mother was to keep her children's teeth in good condition. It is.

Healthy Coffee

Take common carrots, sliced finely, thoroughly dried and scorched moderately—three pounds. Common coffee scorched—one pound. Mix well, grind together and use as common coffee.

This is truly a splendid article. It is not only delicious and cheap, but extremely healthy; excellent for all diseases of the blood and nerves, strengthens the stomach and nourishes the system.

All persons, sick or well, may use it freely without fear of evil results. Many use it, and in fact, prefer it when a still greater proportion of the quantity of carrots is added.

NEWRY.

Lizzie Chapman of Rhode Island is visiting her mother, Mrs. Jonathan Smith a few days.

Mr. and Mrs. F. I. French went to Errol, N. H., Friday returning Sunday.

Mrs. L. F. Bartlett of Sunday River is visiting at A. H. Powers.

There was a good crowd attended the moving pictures at the Grange hall, Thursday night.

A WISE SELECTION

It is highly improbable that any physician could be found who would deny there is a great big legitimate field wherein a good liniment proves a welcome and powerful ally. When need arises, therefore, it is only a question of wise selection on the part of the purchaser. If he obtains a liniment that can be used internally for coughs, colds, sore throat, cramps, chills, etc., and externally for sprains, strains, muscular rhumatism, various aches, pains and almost any soreness, he is twice fortified against many of the common ailments that all flesh is heir to. For over 100 years Johnson's Anodyne Liniment has proved to be just such a double value liniment. This prescription of Dr. Abner Johnson's, an erstwhile old family physician, has attained its enviable record of more than a century of success purely on its wonderful merit. As a tribute to its remarkable healing, soothing and penetrating qualities thousands of grateful users speak of Johnson's Anodyne Liniment as "an angel in disguise."—adv.

MOTHER'S REMEDY FOR BRUISES

Children's Bumps, Sprains and Minor Hurts Quickly Relieved by Sloan's Liniment

It is the very nature of children to hurt themselves—to come crying to mother with little fingers bruised, with heads bumped, with sprained ankles and wrists.

They are painful hurts, too. But their pain and sting can't survive the gentle use of this liniment. A single application of Sloan's Liniment and—the little fellow's bravely kept back tears give way to smiles. His hurt is relieved.

In every home where there are children a bottle of Sloan's Liniment is a necessity.

Aching muscles, rheumatism, lumbago, stiff neck, backache, chilblains, etc., can be effectively relieved with Sloan's Liniment. Cleaner than mussy ointments or plasters.

Sloan's Liniment can be obtained at all drug stores, 25c., 50c. and $1.00.

Sloan's Liniment KILLS PAIN

Don't Neglect Wounds

Do not neglect even the little cuts or scratches. Blood-poisoning with dangerous results may follow if wounds are not properly and promptly given attention. For wounds, cuts, sores or bruises apply at once a little Minard's liniment, obtained at any drug store. It is absolutely pure, wonderfully antiseptic and works wonders in its healing influence. Its use promotes circulation and restores vitality to injured or wounded parts and causes rapid healing. It is entirely stainless, easy to use and very economical.

A Farmer's Wife

is many times obliged to act as nurse and doctor to some member of the family. And she usually knows what to do when the husband complains of feeling poorly, or the children are out of sorts. She believes in simple remedies, and knows that their timely use usually keeps away anything serious. Many a farmer's wife has learned to have perfect confidence in "L. F." Atwood's Medicine. She finds it good when a stomach needs strengthening, a liver regulating, or a severe headache must be relieved. This time-tried and reliable remedy does men, women and children a world of good, for it keeps the system in order and has a tonic effect on overworked stomachs, livers and nerves.

Buy a 35c bottle at your nearest store, or write to-day for free sample.

Twenty-eight Years Ago This Week

Prof. George Clarke Leavitt born November 2 in Norway.

J. Freeland Bolster and Maud M. Fuller married November 5th.

The following is the vote of Norway last Tuesday. Harrison 364, Cleveland 236, Labor 19, Prohibition 9. The prohibition vote dropped off 2 over 4 years ago. Labor vote is 26 less. Harrison got 20 votes more than Blaine and Cleveland got 21 votes more than he did in 1884. Thirteen more votes were cast last Tuesday than four years ago.

Albert Q. Felton of Paris, says he has gathered one hundred bushels of cider apples, given away thirty or more and still has two hundred which he will not harvest.

Benj. Harrison is elected and now C. W. Partridge's old Tippecanoe hat will go up a story. Let us have peace.

Two internal liquor licences have been issued in Oxford County. Total amount paid for liquor licences in Maine the past year amounts to $16,086.85.

Fred Emery, the Falls grocery man is sick and L. N. Littlehale, his former partner is "tending store."

Fred Bolster will occupy the house on the west side of the lake that his father, J. A. Bolster is building.

Big crop of apples and prices are low. 3,500 barrels have been shipped from the depot in Norway thus far.

November 7, Hon. David Hammons of Bethel, ex-congressman and a prominent member of the Oxford County Bar is dead, aged 80 years.

Election night dispatches:

Boston. "Look smiling we are left. —E. W. Bartlett."

New York. "We've got to give it up.—C. H. B."

Portland. "Harrison is probably elected.—Geo. A. Brooks."

Brooklyn, N. Y. "Hill carries New York, but Cleveland beaten by 20,000. All up.—D. C. Seitz."

Twenty-four Years Ago This Week.

Mrs. A. E. Morrison, Agnes Beal, Frank Thayer and George Briggs sang at the Universalist church, Sunday.

Edith M. Stearns, a former assistant in the Norway High school, was married at her home in Lovell, November 2 to Dr. H. L. Bartlett of Fryeburg.

An organization called the Barton Reading club in memory of Mrs. Elliott Smith, whose maiden name was Lavinia Barton, has recently been formed in Norway. It consists of a dozen members, who meet each Wednesday afternoon. Mrs. Freeland Howe is president of the club, Mrs. J. R. Sanborn, secretary, Miss L. E. Frost, treasurer.

The members of Host Co. No. 1, paid their respects to Mr. and Mrs. Geo. T. Crockett the other evening and presented them with a silver cake basket and a pickle dish.

Verne Whitman, Robert Millett and Freeland Howe, Jr., were home from Colby University to vote.

Mr. and Mrs. S. D. Andrews have returned from Oconto, Wis., where they have been since early spring.

W. H. Whitcomb went to Boston, Tuesday night. His dispatch from that city Wednesday forenoon was a consolation to many an anxious democrat. Grover Cleveland was elected president last Tuesday.

O. A. Kneeland, proprietor of the Beals Hotel, has been sick and under the doctor's care for several days.

South Paris: A. C. Jones has the contrast to put the steam heating apparatus in the Odd Fellows Block.

Simon Grover Remembers Well the Tragedy.

The Wild River Tragedy poem published in the Advertiser October 20th, brings to the mind of Simon Grover, of Norway several interesting facts not previously mentioned in the newspaper comments at various times.

The tragedy so vividly portrayed in the above mentioned verses occurred on the morning of June 11, 1851, in a weather beaten house, located near Wild River on the country road from Gilead to Shelbourn, N. H. Sixty-five years have intervened and the buildings are no more, yet that spot is pointed out to visitors and the memory of the crime will be handed down for generations.

It is but a human story. Not one peculiar to a certain age, but an incident distressingly common at this period. Charles Freeman, a laborer, his wife and three children were occupying the farm when Samuel Worthly, a wealthy New Yorker, arrived in Gilead. Reading between the lines of the poem we learn that he was something of a charmer. Aided by good clothes and city experience, he apparently made a hit with this country bred woman.

The outcome of it all was, that through insane jealousy Freeman killed his wife with a shot gun, after which he ended his own life with a razor in the Lary woods, but a few rods from his former happy home. To within a few years a sign marked this spot, which read, "Wild River Tragedy Grove."

Simon lived in Bethel and was seven years old when the startling event happened. He remembers distinctly hearing all facts rehearsed in the village store during the evening of the fatal day. It made a deep impression upon the Community at the time, being the chief topic of conversation about the fireside without regard to "young ears." Mr. Grover's mother's maiden name was Judith Seavey, and before her marriage she worked in the Freeman family, so was intimately acquainted with the unfortunate persons concerned.

Simon states that in the course of a few years the son, Charles Freeman, Jr., opened a barber shop at Bethel Hill. He was a born musician and could play any instrument. About this time, Charles Oakes composed words to the tune "Three Friends" and named the composition "Wild River Tragedy." The son endeavored to keep this gruesome tale from the public, so bought and destroyed every copy obtainable.

When the call was given in '61 for volunteers, Freeman enlisted with Mr. Grover in Company A 12th Maine. After the war he entered the regular service and disappeared.

Cub.

George Brooks brought to this office a fresh dandelion blossom, picked November 2nd on the lake shore.

Noble's Corner.

Mr. and Mrs. Fred Adams and friend of Auburn called on Maud Bennett, Sunday.

Henry Russell hauled apples for O. N. Cox last week.

Four Prominent Teachers

Editor Norway (Oxford Co.) Advertiser:

I read with much interest the lecture of Prof. Hering in your issue of Oct. 6, on Christian Science. Although it is the same that I have studied over and over again during the past twenty-five years, it is always new and it refreshes my memory. I have read most of the writings of Mrs. Eddy and of many others on the same subject. I have also studied Mental Science.

During the past fifty years we have had four prominent religious teachers, viz., Andrew Jackson Davis, spiritualist; Mrs. Mary B. G. Eddy, Christian Scientist; Frank W. Sandford, Evangelist and Prophet, Elijah 2d, and Rev. Wm. A. Sunday, the world's greatest evangelist.

Of Mental Science teachers we have several, including Prof. Upham, Mrs. Helen Wilmans and others.

Davis relied principally upon spirit communication for his remedies and in many cases they were successful. He was a good writer and his first book, "The Magic Staff" contains much interesting matter and sound sense. He afterward wrote a series of volumes called "The Great Harmonia." He was the pioneer of modern Spiritualism. He subsequently graduated from the Medical College at Ann Arbor, Michigan.

Mrs. Eddy was a woman of good sense she was kind hearted, honest, and unselfish to the last degree. She was acquainted with trouble, grief and poor health, but she overcame them all. She has done for the world a great work. Her ideas were based on the teachings of the Bible and will stand the test of time, but the majority of people are, too undeveloped and too worldly minded to understand them.

She was opposed to Spiritualism, while Mrs. Wilmans, one of the foremost expounders of Mental Science, favored it.

Frank W. Sandford was an earnest worker, but everything seemed to be on the extreme order. He put forth some good schemes and lots of poor ones. He set out to evangelize the world at once, single handed. He was hasty and hot headed. He gained followers very fast and got gifts from trustful but misguided and deluded followers. His last blunder was in starting from the Holy Land (Palestine) with his vessel and crew without provisions sufficient for the journey, trusting in God to supply him on the way. The result was that six of his crew died of starvation. He supposed he was imitating faithful Abraham, but it looked as if he was imitating the five foolish virgins that went to meet the bridegroom with no oil in their lamps. He was tried on six counts before the U. S. Court and sentenced to twelve years imprisonment in the Federal Prison in Georgia.

The Judge who sentenced him was Hon. Clarence Hale of Portland, a school mate, intimate friend, and "chum" of mine at the Norway Liberal Institute in the spring of 1865.

One Saturday we were going on a visit to my uncle's beyond Paris Hill to stay over Sunday and when near the water trough we met a young man on horseback who told us of the assassination of Lincoln the night before. Mr. Hale wrote me years afterward that he had never forgotten the shock it gave him. He is a brother of Eugene Hale and an uncle of Frederick Hale, senator elect.

Billy Sunday is now in "full blast." If there ever was an earnest worker, he is one. He fears no enemy of any kind, rich or poor. He puts forth his ideas with force and emphasis. He tramples upon lawyers, doctors, and ministers alike. He throws his heavy missiles among all classes of sinners. It might be said of him as it was of Elder Hooper, the first settled minister of this town, (Paris), "He is God's breaking up plow." He is a Presbyterian minister, I do not know that he makes any attempt at healing. He is opposed to Christian Science.

Dr. Charles Cullis of Boston was a successful healer in his time, thirty-five or forty years ago, as I know from experience.

We have to take the world as it is, not as we think it ought to be. If one would become fitted to deal successfully with the great problems of life, he must treasure up all the best things of his own experience and that of others.—W. W. Maxim, South Paris.

EAST STONEHAM

Ernest Lester Jones of Washington, D. C., is stopping a few days at Fernando McAllister's.

Frank McAllister has sold his apples to Robert Kimball of North Waterford. Burt Patterson, Fred Hazelton and Arthur Curtis packed them.

Helen Bartlett celebrated her fourteenth birthday by inviting her young friends to her home. They played many games and had a nice treat. She had many useful and beautiful presents. All enjoyed a good time and they left wishing her many happy returns of the day.

Mrs. F. H. Bartlett, who has been ill the past week, is improving.

Mrs. Frank McAllister visited her mother, Mrs. Mary A. Stearns, Tuesday.

Rev. C. N. Eliopoulos was a guest at F. H. Bartlett's, Thursday.

Mrs. R. A. McAllister visited her aunt, Mrs. Burnam McKeen, Tuesday and called on her friend, Gladys Parker.

Mr. and Mrs. Bert Kendall and two daughters of Lovell and Mrs. John Barker and daughter, Mr. and Mrs. C. L. Chaplin and daughter were guests at their parents', Mr. and Mrs. Frank McAlister, Sunday.

Tell Why Bread is High

Asked why the bakers in some sections had raised the price of bread, L. M. Soott of St. Johnsbury, retiring president of the Tri-State association, said it was because every commodity excepting yeast had increased. He said flour that used to be purchased for $5.50 and $5.75 now cost $9 and upwards. Condensed milk also costs more and many bakers use this in making their products. The price of lard has increased alarmingly and almost everything that is used has gone up, therefore it is necessary to raise the price of the loaf. The wheat crop, he said, would be short next year and he saw nothing within 10 months to indicate a drop in prices.

Asked why bread and other food products had not been generally raised he said because bakers hadn't gotton together. There was not the cooperation between bakers that should be and if one man raised his price the others cut under him and he was forced to drop. That held among the smaller bakers, the larger ones could raise their product and sell it without trouble. He said in his own business he had raised the price of the 10-cent loaf to 12 cents and he did not sell a five cent loaf.

IMPROVE FARM BUTTER

The adoption of more careful methods of handling milk and cream and improved practices in the making of farm butter will reduce rather than increase the trouble incident to home production of this food, say dairy specialists of the department, and will result in a superior product which can be sold more easily and for a better price than the average farm butter. Last year about 30,000,000 pounds of butter, much of which originated on the farm, was washed or renovated because it was of such poor quality that it could not be profitably offered on the regular butter markets.

Cream alone should be churned. It may be skimmed as soon as it rises or may be separated by a mechanical separator. The latter plan is the more efficient, and though requiring a considerable initial outlay often will be profitable. The cream should be set aside in a clean place by separate milkings. A temperature of 50 degrees F. or lower should be maintained until from 12 to 18 hours before churning time, when the various batches should be stirred together well and brought to a temperature of about 70 degrees F. by placing the container in a bucket of warm water. One of the first acts of the farm housewife who decides to adopt improved methods should be to purchase a dairy thermometer. Temperatures play an important part in the development of flavors in butter, and always should be determined with fair accuracy. After the cream is mixed it should be kept at approximately 70 degrees F. until just before churning time, when it should be reduced to about 58 degrees F., where this is possible (or to such temperature not above 65 degrees F. as to complete the operation of churning within 25 or 30 minutes).

The barrel type has been found by dairy specialists to be one of the most satisfactory churns. The dasher or plunger type requires a somewhat greater expenditure of labor. Earthenware churns are especially undesirable unless perfectly glazed, since if pores are exposed they absorb milk and cream which later decay. Churns with mechanical devices inside them are difficult to clean and sometimes injure the body of the butter.

The churn should be scalded preparatory to churning, but should be cooled with water before the cream is placed inside. The cream should be poured in through a coarse strainer. Every few minutes during the early part of the churning gas should be allowed to escape from the churn. If the temperature is right the churning should require about 25 or 30 minutes. The process is completed when the granules of the butter are about the size of large wheat kernels. The buttermilk should then be drained off and the butter granules, repeatedly washed with cold water while still in the churn. The washings should be continued until all milk is removed. Under no circumstances should working be depended on to remove surplus milk.

When the butter is free from all milk it should be taken from the churn with a paddle and placed on a worker. The hands should never touch the butter, both on account of sanitary reasons and because the body warmth may melt the fat. The working should be done carefully to avoid making the butter greasy. Before the butter is worked, fine salt should be added at the rate of about an ounce per pound of fat.

The butter should be prepared for market in a rectangular mold, since, when in this shape, the product is more easily wrapped and handled and is more pleasing to customers. Regular parchment butter-wrapping paper should be used around the prints, as ordinary waxed paper tears easily and sticks to the butter. The placing of the wrapped prints in pasteboard boxes is a desirable final step, as it protects the package and gives it a better appearance, and permits the use of the maker's name or trademark as an advertisement.

After the butter-making operations are completed the churn should be rinsed carefully with warm water. It should then be scrubbed with hot water, cleansing powder, and a fiber brush, and finally should be scalded and set in a clean, sunny place to drain and dry.

Can't the Boys Help More?

Some business and professional men have wondered why the schools are not begun two or three weeks later in the autumn, so as to give the larger boys, and even the girs too, a chance to help in the potato harvest. This would seem to be a good thing to do, as when a boy can earn from $2.00 to $5.00 a day, he ought to be willing perhaps to go to a little inconvenience and extra exertion.

Many have also been asking why it would not be a good plan for boys going off to attend college to go two or three weeks later than usual, to give themselves or their fathers the great advantage of those two or three weeks at work in the the potato fields. Education in books is certainly a good thing, but it costs much money, and money is very valuable to most people, hence it seems as if the young men themselves who of course use up so much money at college, ought to be willing to try hard once in a while to earn a little themselves, and they can earn no more in the same time than during the harvest season.

Good-by Dollar

Every dollar you send out of town flies away with a value that rightfully belongs to your community. Spend it at home, with your home merchant, where its value stays with you and helps to build up your interests. When you come to think of it, there are only two kinds of dollars—the "Dollar with Wings" and the "Development Dollar." The "Dollar with Wings" goes to build up the far Distant City, the Big Metropolis with its vice and crime and low wages and poverty. The "Development Dollar" goes to build up the Home Town. It helps build up a nation of real men and women. Then, let us make the dollars we spend "Development Dollars," home-town builders, building for us and our neighbors and our children, making our community more prosperous, more happy, more contented.—Kennebec Journal.

Guernsey Cow Sold for $6,150

The "cow that jumped over the moon" did not achieve the heights of fame among dairy farmers as gained by Langwater Dairymaid, a Guernsey of purest blood. She is the highest priced guernsey cow in the world, having sold at auction, under the bidding of gentlemen farmers from many parts of the country, for $6,150. Charles L. A. Whitney of Albany, N. Y., was the buyer; F. Lathrop Ames of Northeaston, Mass., the former owner.

There's a time for work and a time for play,
A time for everything good, each day,
But never a time in this short life
For quarrels and angry words and strife.

Longley & Butts

NORWAY, MAINE.

Winter Underwear

This is the time of year when 80% or more of the men, young men and boys lay aside their light-weight underwear and buy new for the cold and rugged winter, which is bound to come.

For that reason we are placing before you several brands of underwear that you cannot afford to let miss your vision.

Two-piece suits from 50c a garment up to $1.50, from heavy pure wool down to just plain cotton.

One of the most popular garments in the underwear line is the METROPOLITAN Union Suit. They are really delightful by comparison with the ordinary kinds.

They are made on lines just like a tailored suit; the armholes and shoulders are right, it fits the figure without being stretched into shape. Their finishes have a personally selected look. They are made on spring-needle machines and after being laundered return to their former shape.

Metropolitan Union Suits are $1.00 in cotton, $1.50 in one-third wool, $2.00 in one-half wool, and more. They come in all sizes.

HARRISON

Mr. and Mrs. James Hancock, Madam Hancock and Nellie Hancock from Hudson, Mass., were in town on Sunday, calling upon their friend, Anna E. Smith of High street, who seems to be improving slightly.

Mr. and Mrs. Frank Wilson Walker of Norway were in town, Sunday.

Mr. and Mrs. Joseph Pitts and Mr. and Mrs. E. C. Jordan motored to Portland Wednesday afternoon, returning home in the evening after the theater.

Mr. and Mrs. F. P. Bennett motored to Portland for the week end, last week.

Mrs. Jennie Haynes of South Waterford is the guest of her daughter, Mrs. Chester D. Tarbox, at the present writing.

Ralph E. Burnham is boarding with his son and wife, Mr. and Mrs. Leon E. Burnham during the absence of Mrs. Burnham, who is visiting in New York City.

John Allen, our local shoe man, is moving his goods, etc., to Portland, where he expects to run a shoe store. This leaves us without a regular shoe store, although several of our grocers carry a line of shoes and boots.

Mrs. Marshall Pitts recently spent several days in Norway with her aunt, Miss Elizabeth Foss.

J. Wallace Caswell left Wednesday for Portland, where he has a position with the Burnham & Morrill Co. for the winter at least.

Ethel Wood is very ill at the home of her father, Daniel Wood, Jr. Her mother, Mrs. Maud Fields of Westbrook and her sister, Mrs. Blanche Thornton of Auburn, are here caring for her.

Lester W. Caswell left Monday morning for Calais, where he has a position in the Custom House.

Oscar Kneeland has been suffering the past week with a lame back.

Mrs. Simon Nason of Bridgton is the guest of her son, Wilbur Manson, on School street.

Between sixty and seventy members of Mt. Hope Rebekah Lodge of Norway, visited last Thursday evening here with Woodland Rebekah Lodge, and exemplified the work. An elegant banquet was served at 7:30 o'clock to which all did ample justice. The committee in charge were Mrs. W. P. Smith, Mrs. Gertrude Nevers and Mrs. Effie Pitts.

Mrs. Harold Harton has been a sufferer the past week with a very severe cold.

Mr. and Mrs. J. C. Edgerly, who have been in Portland several weeks, returned to their home on Main street Wednesday.

George Flint was in Portland Monday to see his brother Royal, who is very ill at the Maine General Hospital there.

Scribner's Mills.

William Lewis spent the week-end at Waterville with his friend, Windsor Chute.

J. K. Robbins has been doing carpenter work for Mr. Hapgood of Harrison.

Mrs. H. E. Scribner had the misfortune to slip and fall last week bruising her left arm badly.

A Hallowe'en party was given by the children of Maple Ridge, Monday evening. There was a large number of ghosts and witches. A large attendance and a good time was reported. Games were played until a late hour. Popcorn balls, candy, peanuts and apples were served by the pupils.

Mr. and Mrs. G. H. Noble are helping Mrs. James Thomes canning apples.

Mr. and Mrs. Reuben Gilkey and son, Alton visited relatives in Denmark, recently.

Helen Caswell of Harrison visited her friend, Lida Carsley and attended the Hallowe'en party Monday evening.

GILBERTVILLE

Mrs. Flora York and Mrs. S. E. Tasker were in Livermore, Saturday.

Mrs. Littlefield, who has been visiting Mrs. S. E. Tasker, has returned to her home in Newfield, N. H.

Mrs. Lillian Harlow Lane of Exeter, N. H., was the guest of Mrs. G. A. Ellis, recently.

Mrs. Chas. Lane was in Livermore Falls Saturday.

Marguerite Hollis went to Lewiston, Saturday.

Mrs. Harry Bragg was called to Canton, Friday, by the death of her mother, Mrs. Darrington.

Mrs. C. C. Ellis and brother, Geo. Brett visited G. A. Ellis and family, Thursday.

Elon Daily has sold his farm to A. G. Rich.

Mrs. Rose Bicknell has gone to Dryden.

Mr. and Mrs. W. E. Wilder of Meadowview were in town, Saturday.

Malbert Gilbert returned home from Lewiston, Sunday.

WELCHVILLE.

The Ladies' Circle gave their annual harvest supper in the vestry of the M. E. church on the evening of November 1st and it was well attended and every one did their part towards eating some of the bountiful supper which the ladies prepared.

Mrs. Isadore Poland, Mrs. Herbert Hopkins and Mr. and Mrs. Frank Locke of Norway motored to Bridgton Sunday in Mr. Wardwell's car.

Lewis Poland is suffering with an abscess on his left hand.

Mrs. Roscoe Whitman and four daughters, Marguerite, Ruth, Doris and Louise of Oxford, spent the day Sunday with Mr. and Mrs. Jacob Whitman.

Arthur Hannaford of Lewiston spent the day Tuesday with his father, Harry Hannaford.

Charlie Poland is working for Clem Bosworth.

Nathaniel Hannaford of Portland is visiting with his brother, Harry Hannaford.

Changing Seasons Bring Colds

"Stuffed-up head," clogged-up nose, tight chest, sore throat are sure signs of cold, and Dr. King's New Discovery is sure relief. A dose of this combination of antiseptic balsams soothes the irritated membrane, clears the head, loosens the phlegm, you breathe easier and realize your cold is broken up. Treat a cold persistently; half-way measures leave a lingering cough. Take Dr. King's New Discovery until your cold is gone. For 47 years the favorite remedy for young and old. At your Druggist, 50c.

NORTHEAST LOVELL.

Josiah Chute picked a clover blossom November 4, as fresh and bright as if picked in July.

Mrs. John Kendall visited her sister in Stowe, Thursday.

Clinton Milliken was home over Sunday from Bridgton, where he is at work.

Irvin Page of Conway visited at Mellen Eastman's of No. 8, Saturday.

Mrs. Charles Fox is very sick at her home in Slab City.

FRYEBURG

Mr. and Mrs. Asa Osgood Pike and their son and daughter, Asa Osgood Pike, Jr., and Esther Pike, have been among the recent Portland visitors.

Granville Austin, of Dorchester, Mass., very recently spent a few days at the Hastings cottage, Lower Kezar Lake.

The first meeting of the Fryeburg Choral Union will be held Monday evening, Nov. 6. L. B. Cain of Portland will be present and conduct the rehearsal of the new music selected for the festival next August. Delegations from the chorus at North Conway, N. H., and from the chorus at Bridgton are expected to attend this rehearsal. The officers elected for the coming year by the F. C. Union are as follows:

Pres.—Mrs. Maurice Lakin.
Vice Pres.—Mary Woodward.
Sec.—Mrs. S. T. Achenbach.
Treas.—Mrs. F. D. Swan.

Mrs. A. M. James, of Chelsea, Mass., has been among the recent guests of Dr. an Mrs. N. C. Thurlow.

Mrs. Frank L. Meserve has been spending a few days in Portland. She was called to the city by the illness of her daughter, Mrs. Everett Shaw, (nee Gertrude Meserve), of East Fryeburg.

Mr. and Mrs. Sherman Hapgood of Portland have been visiting East Fryeburg where they have been the guests of Mr. J. J. Pike, Sr., and of his sons, Enoch Pike and John Pike, Jr., and their families, and also of other old neighbors and friends.

Mr. and Mrs. Charles F. Smith recently entertained a few Fryeburg friends at their cottage at Lovewell's Pond.

Mr. and Mrs. Edward E. Hastings and family who have been spending several months at their cottage at Lower Kezar Lake have returned to their home in Fryeburg.

At the annual meeting of the West Oxford Agricultural Society which was held very recently at the fair grounds the following officers were elected:

Pres.—Charles Farrington.
Vice Pres.—C. R. Bean.
Sec.—B. Walker McKeen.
Treas.—Alvin D. Merrill.
New Trustees—C. Shortridge, H. D. Harnden and W. A. Bailey.

George W. Walker was re-elected a member of the finance committee for three years. The treasurer's report showed the affairs of the society to be in a good condition.

The Pythagorean Chapter, O. E. S., held a special meeting on Wednesday evening, Nov. 1, for inspection by the district deputy, Mrs. Howe, of Rumford. A fine lunch was served during the evening.

Abbie L. Smith is spending a few weeks assisting in the care of illness at the home of Mr. and Mrs. Leslie McKeen of North Fryeburg.

Mrs. Cassius W. Pike is visiting at Portland and West Falmouth, where she is the guest of relatives.

C. H. Leighton, of Cornish, general manager of the O. V. T. T. Company, and Mr. Davis, of Boston, have been recent Fryeburg visitors. They were in town in the interests of the telephone business.

Mrs. Hannah McKenny of North Sebago is spending a few days in Fryeburg with her son and daughter, Edward and Helen Stickney, who are students at Fryeburg Academy. Mrs. Z. O. Wentworth, a sister of Mrs. McKenny, also spent Sunday, Monday, 5, at her home in town.

Charles C. Warren of Boston spent a few days the past week in Fryeburg and Conway, N. H. He was looking after the lumbering business of the Tibbetts heirs.

The State road which has been built during the Summer at West Fryeburg is completed as far as the home of B. Walker McKeen.

NORTH WATERFORD

Littlefield-Luce

Roland Littlefield and Mona Luce were married Saturday night at his home by Rev. C. N. Elioupolus. Mr. and Mrs. Frank Wilburger and little daughter were present.

Refreshments of cake, fancy cookies and coffee were served after the wedding, also chocolates and peanuts. The happy couple will reside at his home here and their many friends wish them much happiness and prosperity.

Mr. and Mrs. Abel Andrews and Mr. and Mrs. Arthur Andrews and children were at Sumner Grover's, Sunday.

Miss Logue was a week-end guest of her friend, Mrs. Blanche Buck at Harrison.

Arthur Manning, who came home from Norway on the sick list is getting better, but will remain at his home here a few days longer.

Harry Brown's crew worked in the mill all Saturday night. The mills were closed Tuesday afternoon on account of election.

M. M. Hamlin is in very poor health.

Annie Hazelton picked a full blown blue violet last week.

Mr. and Mrs. Sydney Hatch and children from Lovell are visiting relatives here.

Mrs. Rilla Marston is spending the week with her friend, Mrs. John Jones of Bethel.

A short time ago a hog running in George Kimball's pasture, came up at night all scratched and torn badly and nearly blind.

Mrs. Stella Hobson has been more comfortable for a few days and sat up a short time.

Mr. and Mrs. Frank Wilburger and little daughter, Norma, visited at J. B. Haskell's, at East Waterford, Sunday.

Mrs. Lillian Douglass has finished working for Mrs. Chas. Hersey and is at her home.

Mrs. Alfretta Abbott and Mrs. Calista Swett were guests of Mrs. E. J. Paige, Tuesday.

The Grangers are painting and papering their hall, which makes a great improvement.

Beautiful days and cold nights.

NORWAY LAKE.

Elden Hall returned to Boston, Monday morning.

The Norway Lake Supply Co. has had Blau-gas lights put into the store.

Frank Greene and Victor Partridge did some shingling for Ed. Hobbs last week.

Will Tucker has been home from his hay pressing job at Naples since Saturday.

Mrs. Asa Bartlett and two children visited in the village a few days last week.

Mrs. O. W. Edgecomb is visiting her daughter, Mrs. Roy Frost, on Frost Hill.

Mrs. Clarence Dunham and little son, Ralph, spent the day, Tuesday, at Walter Pride's.

Webster Kilgore has finished dragging the roads and is now cutting bushes.

NORWAY CENTER.

The Social Club will hold their first social of the season at the church vestry, Friday evening, November 17th. There will be an entertainment in charge of Mrs. Annie Brown, Mrs. Beryl Russell and Perley Upton. Refreshments will be served as susal.

Second Annual Fair

The Ladies' Circle are preparing for their second annual fair which will be held at the church in the near future. The following committees have been appointed:

Supper—Florence Grover, Mrs. Alice Watson, Mrs. Lillian Russell, Mrs. Izzie Cox.
Entertainment—Mrs. Annie Brown, Ruth Noble, Harold Wyman.
Mystery table—Mrs. George Hobbs, Ralph Watson, Minnie Upton.
Candy table—Effie Watson, Mrs. Hazel Hunt, Mrs. Gladys Russell.
Variety table—Mrs. Cora Wyman, Annie Whitehouse, Mrs. Mable Holman, Mrs. Beryl Russell, Mrs. Irma Roes.

Effie Watson is working for Mrs. Chas. Bradford at Norway.

Carl Brown of Kittery is visiting at his father's, Alvin Brown's.

Frank Noyes is pressing hay at West Poland.

The new dam at Hobb's Pond will son be completed. A number from this place are working there.

The Sunday school has been discontinued for the winter.

Mr. and Mrs. John Park of Lowell, Mass., have been visiting at R. K. Morrill's. Mrs. Morrill returned with them to spend a few weeks.

E. E. Twitchell packed apples at D. A. Watson's, Tuesday.

Alvin Brown has sold his apples to Grant Porter of South Paris.

WEST STONEHAM

Mrs. Herbert McKeen and three children, Pearl, Ina and John, of Lovell, recently visited her mother, Mrs. J. C. Sawyer, and other friends.

Mr. and Mrs. Zacheus McAllister and son Webster of West Lovell made a short visit at their cousin's, Mr. and Mrs. H. B. McKeen's, Sunday.

L. A. Chute and his mother, Mrs. Nettie Chute, and William Ward returned home from their trip Monday, after a two weeks' vacation.

Mr. and Mrs. H. M. Adams visited her parents, Mr. and Mrs J. B. Frost, of Norway last week. Mr. Adams has returned but his wife will stay this week.

Dr. Richard Chase of Portland was in town hunting a few days last week.

H. B. McKeen slaughtered a nice pig recently, John Grover shot a fox near L. A. Chute's mill one day last week. It seemed he had been dining on some of the neighbors' hens, as some had been missing.

Alice Adams is at home on a short vacation from Albany, where she has been teaching.

Lottie Adams is in very poor health.

Wesley Adams shot a nice buck deer with eight points in E. S. Bartlett's pasture one day last week.

WILSON'S MILLS

S. W. Bennett was down over night recently, from his work as warden between Parmacheenee and the Canadian border.

A parish meeting was held at the town hall Saturday, in the evening a change was made in officers and it was voted to have the church painted.

The party from Hanover, viz, F. E. Musgrove, John Aulis and Antonio Bianchi, who have been spending a few days at the Abbott brook camp, secured two deer and started for home Wednesday afternoon.

Dr. Elliott and Merle Johnston of Berwick went up the lake to the Savage Lumber Works and got one deer.

Robert A. Storey has gone to Camp Caribou to work for John K. Hervey.

S. V. McKinney has finished his year's work for Ernest Bennett and returned to his home in New Brunswick.

A party left the Bennett place Sunday, with two deer, the result of their four days' work. They were W. H. Jones, E. C. Bacon, G. A. Jones and D. S. Adams, all of Etna.

Mrs. Ann M. Bennett is again on the sick list, and under the care of a physician.

The hill tops are white with snow, and mud in the valley.

CENTER LOVELL

Slab City.

Mr. Brackett, our road commissioner, with a crew of men was in this vicinity repairing the roads the past week.

Mrs. Charles Fox, who has been very sick is much better.

Herbert and Roland Taylor have returned from their hunting trip bringing home a beautiful spike horn deer.

Mr. and Mrs. Fernald of Stow called on Mrs. H. S. McAlister on their way home from Norway.

Ina Taylor is still unable to attend school.

Dennis Adams called on friends at Lovell, one day the past week.

Mr. and Mrs. H. S. McAlister went to Sweden Sunday to see Mrs. McAlister's brother, Cyrus Durgin, as he is in very poor health.

State Teachers' Association Convention

An auto party of seven including Mr. and Mrs. A. B. Garcelon and little son, Frederick of North Lovell, Mrs. Ethel Driscoll and two sons, George and William, and Miss Myra Wing of Slab City, started from Lovell last Thursday to attend the State Teachers' Association Convention held at Portland. The route chosen for the trip there was by the way of Bridgton. A very dainty lunch was served at Naples on the Songo River.

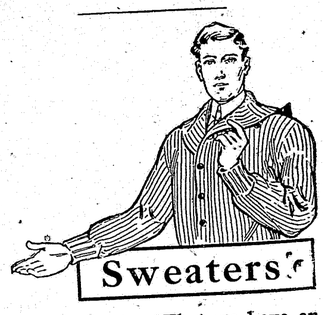

The general evening session of the convention was held in the City Hall auditorium preceded by selections on the pipe organ by Mr. McFarlane, the famous "Storm at Sea" was presented, signifying night, dawn, general uprising the shower, subsiding and the hymn of Thanksgiving. Sessions were held all day Thursday and Friday in the Portland High school, the Chesnut Methodist church and the City Hall. A large room full of school equipments was on exhibition and sale.

Our return trip was by way of Poland Springs and Norway. Poland Springs is a most delightful place, situated upon a high bluff, overlooking the lake, with mountain scenery on the other side. The hotels are very, very large and beautiful. The Bottling Spring house is a great structure made of stone, a tower of stone is also built around the springs.

Trade At Home

When You Buy in Norway and South Paris You Help yourself. If No One Bought—If No One Built—If No One Lived In—Remember There Would Be No Norway; There Would Be No South Paris—It's well worth thinking over.

BLUE STORES

MEN'S 50c to $6.

BOYS' 50c to $3

Sweaters

Our Sweater stock is large. What we have on hand are as good and prices low as ever.

Mackinaws

Large assortment of men's and boys' to select from. Good values for you as ever, less profit for us.

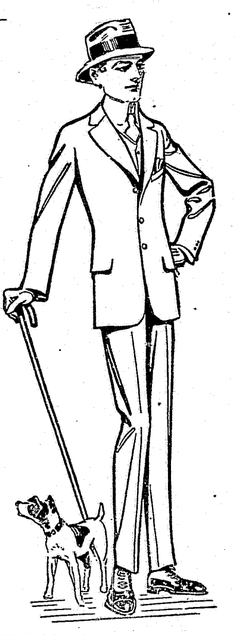

Men's and Boys' Suits

We'd like to have you see what we are offering before you buy. GOOD SUITS. LOW PRICES.

As the cold weather approaches think of our

Overcoats, Fur Coats

Would like to show them to you anytime.

THE NORWAY (OXFORD COUNTY, ME.) ADVERTISER

Entered at the Norway Post Office at Second Class Mail Matter

Subscription Rates: $1.50, $2.00, and $2.75 a year according to the time of payment.

Births, marriages and death notices free; Cards of thanks, memorial verses and resolutions, $1.00 each or according to space used.

All auction and entertainment bills printed in this office receive one reading notice free.

Notices of church and society entertainments, where an admission fee is charged, must be paid for at 10 cents per line, except when all printing for the same is done at this office, when one free notice will be given.

As a general thing we can supply a limited number of copies of any issue within the past two years, 5 to 10 cents each.

Time spent in looking up special articles will be charged for by the hour.

When ordering the address of your paper changed please give the OLD as well as NEW post-ofice address.

Coming Events

Nov. 14—First Entertainment of Lyceum Bureau Course, Congregational Church.

Nov. 15—Auction, the Frank K. Osgood homestead in Fryeburg Village.

AUTUMN LEAVES

The wind came rustling through the trees,
Knocking off the autumn leaves;
That turning, twisting, came tumbling down,
Red, yellow and golden brown.
Covering the ground with a carpet bright,
Making the woods a beautiful sight.

But alas! for the trees left standing there
With spreading branches brown and bare;
The wind still comes and sighs around,
Then off it goes with a mournful sound,—
No autumn leaves with which to play,
Old wind you've blown them all away.

The pine and hemlock seem mournful too,
Dressed as they are in sober hue;
That never changes, fall or spring,
No matter what the seasons bring.
They liked the bright-hued leaves the best
As trimming for their dark green dress.

But winter is coming to change the tune,
And snowflakes will be flying soon,—
Sifting through the branches bare,
Lodging here, and falling there;
One by one they will fall all night,
Dressing the trees in a robe of white.

Covering the leaves up to decay,
Just where we all shall be some day;
There to rest until the dawn
Of that blessed resurrection morn,
While this old world jogs right along.

Aunt Nellie.

Charity

Could we but draw back the curtains
That surround each other's lives,
See the naked heart and spirit,
Know what spur the action gives,
Often we should find it better,
Purer, than we judge we should;
We should love each other better
If we only understood.

Could we judge all deeds by motives
See the good and bad within,
Often we could love the sinner
All the while we loathe the sin.
Could we know the power working
To overthrow integrity,
We should judge each other's errors
With more patient charity.

If we knew the cares and trials,
Knew the efforts all in vain,
And the bitter disappointment—
Understood the loss and the gain—
Would the grim, external roughness
Seem, I wonder, just the same?
Should we help where now we hinder?
Should we pity where we blame?

Ah! we judge each other harshly,
Knowing not life's hidden force,
Knowing not the fount of action
Is less turbid at its source,
Seeing not amid the evil
All the golden grains of good;
Oh, we'd love each other better
If we only understood!

Might Be Worse

Benevolent-looking Lady (with a pitying look at the man who has just been dragged from underneath his motor car)—Poor man, have you a wife?

Unfortunate Motorist—No, madam I haven't. This is the worst thing that has ever happened to me.

CARD OF THANKS.

Wish to express our thanks to the friends who showed so much sympathy and so much kindness during our recent bereavement.

MR. L. LEE KIMBALL,

MR. AND MRS. CHARLES KIMBALL,
MR. AND MRS. TRUMAN,
MR. AND MRS. WYMAN KIMBALL. *

RESOLUTIONS OF RESPECT.

Whereas, Fryeburg Grange has been called upon to part with one of its number in the death of Mrs. Mary A. Fife, there be it,

Resolved, that in losing our beloved sister we shall miss a faithful member, one who for many years was a true patron and a regular attendant until declining years and failing health made it impossible.

Resolved, that to the family she has left we extend sincerest sympathy and may the memory of her faithfulness as wife and mother be their inspiration and the Heavenly Father their comfort.

Resolved, that a copy of these resolutions be sent to the family, a copy spread upon our records and one published in Norway Advertiser, also that for thirty days we reverse our badges and drape our charter.

EDITH F. CHARLES,
GERTRUDE E. HOWARD,
FLORENCE B. BAKER.
Committee on Resolutions, *

Norway Baptist Church

Mr. Wesley Hammond of South Paris will preach at 3:15, Sunday school at 2:30. Steadily growing, come and join us.

MARRIAGE INTENTIONS

Charles Edward Libby of Bryants Pond and Minnie Estella Verrill of South Paris.

MARRIAGES.

In Otisfield, Nov. 4, by Rev. A. Raiter, Jacob Lehto and Anna Harvu, both of Otisfield.

In Bryant's Pond, Oct. 28, by A. Mont Chase, Esq., Lewis E. Buck and Mrs. Angie Belle Spear, both of Woodstock.

In Bryant's Pond, Oct. 31, by A. Mont Chase, Esq., Joseph H. Littlehale and Agnes Josephine Howre, both of Woodstock.

In East Sumner, Oct. 31, by Rev. J. N. Atwood, Owen Bonney and Gladys F. Buck, both of Sumner.

In Norway, Nov. 8, by Rev. R. J. Bruce, John G. Briggs and Estelle W. Barker, both of Gardiner.

In Norway, Nov. 8, by Rev. R. J. Bruce, Frank W. Noyes and Annie M. Richardson, both of Norway.

In Norway, Nov. 8, by Rev. H. L. Nichols, Charles E. Hunton and Mildred Bradbury, both of Norway.

BIRTHS.

In Otisfield, Nov. 4, to Mr. and Mrs. [illegible] Kalweit, a son.

In Paris, Oct. 30, to the wife of Harry D. Thurlow, a son, Cecil Howard.

In South Paris, Nov. 1, to the wife of Frank H. Plummer, a daughter, Electa Estella.

In Lewiston, Nov. 2, to the wife of Nelson Cummings of Paris, a son.

In Norway, Nov. 2, to the wife of Ernest F. Martin, a daughter.

In Gardiner, Nov. 7, to Richard P. and Lida (Hutchins) Lasselle, a son.

In West Paris, Nov. 7, to the wife of Ernest Curtis, a daughter.

In South Paris, Nov. 5, to Chester M. and Lulu (Davis) Merrill, a son.

DEATHS

In North Bridgton, Oct. 30, Mrs. George H. Moore, aged 77 years.

In Norway, Nov. 2, Mrs. Irene G. Locke, aged 75 years.

GENEVIEVE BARKER

Teacher of Piano.

Main St., Norway, Me.

Pupil of Mrs. White, Waterville, Me., (Leipzig Con.), Miss Wentworth, Portland, Me.

SWEETS FOR LUNCH

The following suggestions for desirable sweets or simple desserts for children are taken from Farmers' Bulletin 712, School Lunches:

1 pound figs, 1 pound dried prunes or seedless raisins. 1 pound nut meats and Confectioners' sugar.

Provides twenty-four 2-ounce portions.

Wash, pick over, and stem the fruits and put them with the nut meats through a meat chopper, and mix thoroughly. Roll out to a thickness of about one-half inch on a board dredged with confectioners' sugar, and cut into small pieces. If this candy is to be kept for some time, the pieces should be separated by means of paraffin paper.

This confection, in addition to being nutritious and well liked by children, has some value in preventing constipation.

Candied Fruit Peels

The candied peel of oranges, grapefruit, kumquats, and other citrous fruits makes a good sweet which is economical because it utilizes materials which might otherwise be thrown away. Its preparation makes an interesting school exercise. The skins can be kept in good condition for a long time in salt water, which makes it possible to wait until a large supply is on hand before candying them. The salt water takes out some of the bitter taste. The skins should be washed in clear water after removal from the salt water, boiled until tender, cut into small pieces, and then boiled in a thick sugar sirup until they are transparent. They should then be lifted from the sirup and allowed to cool in such a way that superfluous sirup will run off. Finally they should be rolled in pulverized or fine granulated sugar.

Boiled Custard

2 cups hot milk, 3 egg yolks, ¼ cup sugar, speck salt, flavoring.

Beat the yolks slightly and add the sugar and salt. Pour the hot milk over this mixture, stirring constantly. Cook in a double boiler, stirring until the mixture thickens and will form a coating on the spoon. Cool and flavor. If the custard curdles, beat with a Dover egg beater.

If the whites of the eggs are to be used beat them very stiff and add three tablespoons of powdered sugar. Place by spoonfuls on water which is hot but not boiling. Cover the dish. Test occasionally by putting a knife into it; when it is done nothing will stick to the knife. Remove from the water with a wire egg beater or split spoon and place on top of the custard.

NAVY BLUE AND CORAL

Navy blue serge still reigns supreme in our affections for dresses, coats and skirts and coat-frocks, but one welcomes a touch of any color that really contrasts successfully with it and the newest of these is a soft coral pink. Sometimes this is introduced as a facing in cloth or suede; sometimes by pink soutache braiding on the collar, cuffs and belt and it is charmingly done by deep bands of coral pink taffeta thickly encrusted with navy blue soutache braid so that the pink appears just as a subtle impression of pale delicious color peeping through a light network of the dominant dark blue. A blouse of flesh pink Georgette with a suit of this coloring is, of course, the expected and most successful finish.

For dresses and coat-frocks of blue serge by the way, the last word in luxury and comfort is a chiffon lining to the sleeves. This makes for coolness and saves the bare skin from irritation. Much comfort also will result from a princess petticoat of soft satin of Jap silk being worn under the coat-frock and it will have a much better effect over the all-in-one petticoats. In fact, there is a decided feeling at present for the underskirt that is attached to a camisole top as regards both comfort and the smoothness of foundation that it gives to the gowns worn over it.

In frequenting the exhibition of the great couturieres one notices that the mannequine are always robed in a closely-fitting Princess petticoat, which does duty under all the numerous gowns they put on and one is probably right in drawing the conclusion that the eveltoness and absence of gathers and wrinkles, strings and buttons underneath has much to do with the serene and ever-successful effect of each gown when worn by them —an effect that sometimes disappears beyond recapture when their rightful owners come to wear them. The Princess petticoat is therefore probably a "tip."

SOUP KNOWLEDGE

Put all bones or meat for soup over the fire in cold water.

If it is necessary to add water during the process of cooking, add boiling water.

Buy as little as possible, especially for the soup kettle. Keep it filled, instead, with things from the left-over supply.

Work out interesting combinations of this kind to produce into resting flavors.

Save stale bread, cut it in cubes, and brown in the oven for croutons to serve with cream soup.

Add never more than half a bay leaf to soup, for it is strong in flavor. Add onion with discretion, too, for remember that a piquant and suggested flavor is better than a more decided one.

Let all soup stock in which meat has been cooked stand long enough for the grease to cool on top, it can then be thoroughly skimmed.

If it is necessary to serve soup of this kind before it has cooled, use a piece of ice. Drop it into the soup, let the grease harden on it, and then rinse off the grease. Continue this process until the grease is all removed.

Almost any kind of left-over vegetable can be added to the soup pot. Mashed potato can be added to a thick soup. Boiled onions give flavor to soup stock. Cauliflower, tomato, carrots, beans, peas and odds and ends of green pepper can be cut into neat pieces and added to the soup after it is strained.

A very palatable soup can be made from beefsteak bone and ends and left-over scalloped tomatoes.

A ham bone and dried peas make good soup.

Lamb left-overs, boiled with rice and onion, form good soup.

Remember that soup stocks only need to simmer, so if you are cooking with gas, the simmering flame is quite strong enough for it, and any other is unnecessarily extravagant.

In mixing cream soups, always pour the meat or vegetable part on the cream to avoid curdling. Add a pinch of soda before mixing.

Plan to have soup that is not like any other part of the meal. That is, if you have boiled mutton, don't use the mutton soup stock until the next day. If you have tomato soup, have green pepper salad.

Waste Tanbark now used to Make Roofing

A method for using waste hemlock tanbark to partially replace expensive rag stock in the manufacture of felt roofing has been developed at the Forest Products Laboratory and is now being used commercially by cooperating mills, according to an announcement made by the Forest Service. It is stated that, in these mills, from 20 to 30 percent. of the rags is being replaced by waste bark and that the quality of the finished product is equal to that manufactured solely from rags. Members of the Forest service, who have been conducting the experiments say that the utilization of the bark will make it possible to effect a considerable saving in the manufacture of felt roofing.

According to the census of 1909, over 698,000 tons of hemlock bark were produced each year in the United States. After the tannin is extracted this bark is used for fuel purposes, for which it is said to have a value of 60 cents per ton.

The extent of the savings rendered possible by the new methods is pointed out by the fact that the roofing mills of the United States have a total estimated annual production of 237,000 tons of finished roofing of all kinds, equal to about 11,300,000 "squares." By a "square" of roofing is meant 100 square feet. The utilization of the waste bark in this industry should, it is said, enable the mills to reduce their manufacturing costs appreciably.

In addition to the use of the bark for roofing, papers made at the Forest Products Laboratory on the basis of 80 percent. of waste tanbark, have been successfully printed on a commercial twelve-color wall-paper printing machine, and give promise of being entirely satisfactory. Other paper of the same make-up has been made into fiber conduits by a commercial manufacturer.

Other possible uses of waste bark which suggest themselves, say the Forest Service paper experts, are the use of bark mixed with ground wood for the production of wall board, or with sulphite screenings in the manufacture of car liners. Studies already made at the Forest Laboratory indicate that it may be possible to use waste hemlock and oak tanbark in making sheathing paper, carpet liners, bottle wrappers, deadening felt, and the like.

Unfavorable Year for Chicks

The chickens as a rule are doing fine this year, but they are late. Observation in the poultry department at the various fairs fails to show the usual large, well-developed birds that are usually found in late September, and the early laying pullets will be comparatively few this year. This statement is made rather to encourage the average farmer, who has had no chance for wide observation, and naturally believes that he and perhaps his neighbors have been the unfortunate ones and have the only late chicks.

But the fact is that the breeder who has a lot of early chicks, well grown and showing signs of laying in October or November is the exception in Maine, and it may be laid largely to the continued wet weather in the late winter and early spring, and, in fact, extending in some localities almost all through the spring. In the long run the late chickens turn out better than the early ones, for with the early ones the eggs from which they are hatched are not produced when the parent fowls are at their best, which is certainly against the offspring in many ways. In their pullet year the early hatched pullets will undoubtedly, everything else being equal, lay more eggs than the late birds of the same breed and strain, or of equally good laying strains. But in the second and third year there is a marked difference.

The vitality of the early birds who are prolific layers the first year is often saped to such a degree that they are very indifferent layers the second year, and often practically worthless as layers the third year. On the contrary, the quality of the stock being equal, the late birds, perhaps hatched rather at the inclination of the hen rather than that of the owner, will not be a top-notcher for eggs the first year, but she will lay nearly as many, if not quite, the second year as she did the first, and the third year she will still be a good producer, and perhaps and even very likely, for several years after that. And that isn't all.

You have heard a good deal about like producing like, and some of what you have heard is so, but not all of it. The early pullet that has been rushed through and fed and bred for early laying is pretty likely not to be a good breeder, but the late hatched bird, not too late of course, who is good for a number of years of good laying, is more than likely to have those sterling breed qualities which will be reproduced in her offspring, when she is properly mated, and the chances are pretty good that with the proper foundation stock, she will be the hen to breed from.

It doesn't pay to think too little of the late chick if one is in the poultry business to stay.

Snakes, the Farmers' Friends

Among the best, although least-appreciated friends of the farmer are the harmless snakes, such as the milk-snake, the chicken-snake, the garter-snake, the bull-snake, the blotched king-snake, the blue-snake, the black snake and some others. All of them are the natural enemies of rats, mice, weasels and similar animals that infest farms and village homes, especially where there is poultry or other small live stock.

In an article in the Scientific American, Dr. Robert W. Schufeldt of Washington says that it would well repay every farmer in the country to keep half a dozen harmless vermin-destroying snakes on every acre of his place. Thousands of harmless snakes are killed early by boys, ignorant farm hands and misinformed women, although it has been proved that rats, mice and other rodents cause enormous losses to cereal crops.

Although most farmers believe that the common chicken-snake haunts their outbuildings in order to feed on their young ducks and chickens, the snake does nothing of the kind; but it does destroy great numbers of young mice and other pests.

Harmless snakes are the easiest animals in the world to tame, and it is high time that the false ideas about them should be corrected. More than that, it should be taught that, like birds, they are among the best animal friends that the farmer has. If we destroy them, we pave the way for the destruction of our forests, our staple farm products, and a good deal else that now and always has been prtected by snakes and birds.—Our Dumb Animals.

BREAKING THE WILL

How often we hear mothers say: "I'll conquer that child before I'm through with him. I'm determined to break his will."

There is no greater mistake in mother hood than this. Children are not colts to be "broken" before they can be of service, dear mothers. They were never intended to be driven in harness. Any system of training based upon that theory is destructive of all the finer human qualities that we might otherwise develop in the being committed to our care.

One of the most wilful and "bossiest" individuals I ever knew was an old lady whose boast it was that she had been trained to obedience in her youth by the "will breaking" method.

"I was early taught," she was in the habit of saying, "that I must yield implicit obedience to the slightest behest of my parents. Because they said so was enough for me. I remember once, when I was about three years old, I refused to put some books back on the shelves that I had taken out to build a house with. My mother and father commanded me to return them and whipped me for my refusal. I was a very obstinate child and they were determined to break my will then and there. It took them all the afternoon to conquer me, and they whipped me until I was black and blue all over my body. At last I yielded, my obstinate will thoroughly broken, and," she added complacently, "I have been a better woman ever since."

Yet that woman, when in her old age she went to make her home with a married daughter, was anything but "broken." She hectored her daughter as she had all her life long, and she insisted on obedience to her every whim from her grandchildren until they detested her and shunned her. It could but be a relief to the whole family when she died, for in spite of the relationship no one could wholly love her.

If such barbarous treatment of a little child really made it willing to obey something might be said in its favor, but as in the case of this old lady, the will is not "broken;" it is only afraid to assert itself as long as the outward pressure is maintained. The worst thing about it is that parents who pursue this method are responsible for either one or another of two grave faults of character in their children. If the child is naturally forceful, they drive him to obtaining his ends by underhanded and deceitful means. He says nothing to them of what he wants to do, and if lying will achieve his purpose, he will resort even to that. On the other hand, the child who is naturally weak and yielding will have no real strength developed in him. He cannot learn to become self-reliant, and he vacillates through life, without initiative and without the self-confidence necessary to success in anything he undertakes.

A young mother I know has found a solution of this problem that is already bearing fruit in the education of her little son. She never raises an issue with him if she can help it, she says. If it is necessary to make him do something she talks the matter over with him and tells him why such conduct is desirable, and if he chooses to go his own way she does nothing to protect him from the consequencies of his own acts. In other words she is letting him learn the lessons of life as we all must learn them—by suffering the punishments that follow of themselves from wrongdoing.

She may even at times assist Nature on the sly. One of her few rules is "a place for everything and everything in its place." One snowy day I was sitting with her in her home and her small son ran into the room.

"Where is my sled, mother?" he cried breathlessly.

"Isn't it in its place on the back porch Howard?" his mother calmly asked.

"No," said the small boy, dancing up and down in his impatience. "It isn't there. I've just looked, and the boys are waiting for me to go coasting. Where is it?"

"Did you put it in its place when you came in last night?" the mother inquired.

"Why—no—" sheepishly. "I guess I left it in the front hall. I wanted to see what father was doing in the barn, you know.

"Well, of course, Howard," his mother gently said, "if you do not put your things in place no one else can be expected to. I am afraid you cannot go coasting until you find your sled." And she turned again to her talk with me, leaving him to find his own way out of his difficulty.

Isn't that a far better way to teach a child to put his possessions in place, dear mothers, than whipping him until he obeyed an order to put them up?—Eastern Gazette.

SAFEGUARDING CHILDREN

The epidemic of infantile paralysis has moved the school authorities to greater effort in safeguarding the health of public school children and the opening of the schools this month witnesses everywhere the introduction of many new systems of health care and hygiene instruction. It is noticeable that these systems direct health care with much less instruction in hygiene of the usual bookish kind and give much emphasis to the incidents of daily life. They deal with the things of practical health.

The following is a typical program:

1—Rise promptly.

2—Take breathing and setting-up exercises appropriate to the grade.

3—Wash (warm water and soap) hands (hand brush), face, neck and chest. Cold splash on face, neck and chest. Clean finger nails.

4—Clean the teeth. Brush the gums and the whole mouth and rinse the mouth. Drink a glass of water.

5—Dress with inspection of clothes as to cleanliness.

6—Eat slowly at breakfast and chew well.

7—Attend the toilet and wash hands afterward.

8—Prepare for school. Books and clothes clean and in order.

9—Observe regulations as to entering school.

10—Care for outer clothing. Attend to order of desk and prepare for daily morning hygienic inspection.

11—Keep correct sitting and standing posture in school.

12—Drink water at recess. Use individual drinking cup or bubble fountain.

13—Return home for lunch without loitering. Wash before lunch. Eat slowly.

14—Play in fresh air after school.

15—Study. Pay attention to lessons and finish the work.

16—Wash and prepare for the evening meal.

17—Prepare for bed early. Attend the toilet, wash, put clothes in order and open window.

HANDLING CUT TIMBER

In handling cut timber, a good rule to follow is to allow as little delay as possible between the felling of the tree and its manufacture into rough products. This means that sales should be arranged for prior to beginning cutting. It is often necessary or desirable, however, to put off the delivery of logs, bolts, poles, etc., until some months after cutting, either in order to allow them to season or because a good sale cannot be arranged at once. A great deal of the weight of freshly cut products is due to the water they contain, and a few months' seasoning will often reduce this to a marked degree, the amount of reduction depending, of course, on the climate, the weather, and the exposure to sun and air. At the same time, unless preventive measures are taken, the products are sure to deteriorate through decay, insect attack, or some other agency. A certain amount of deterioration is apt to take place in any case if the delivery is put off for some time; but the amount can be greatly reduced by proper preventive measures.

Logs and other round timber should never be allowed to remain long in the woods after cutting. As soon as possible they should be taken to a dry, well-aired and unshaded area and placed on skids well off the ground; otherwise the opposite extreme should, if possible, be adopted, namely, of keeping the timber in water. Within a few days after the trees are felled the bark should be removed from poles, posts, and other material which will not be injured by checking or season cracks. The ends of logs should be coated with paint, creosote, or tar. This will not only assist in preventing decay, but will also retard seasoning to some extent and thus keep the logs from checking badly.

Poles should be peeled, and hauled or dragged to a place free from debris or rank vegetation and freely exposed to sun and wind. They should then be rolled upon skidways not less than 18 inches high, so that no part of them will rest upon the ground. There should be only one layer of poles on each skidway. When ties are cut, it is usually cheapest and most desirable to haul them, unseasoned, directly to the railroad.

Cordwood should be stacked in loose piles in a sunny, well-aired, and well-drained place free from rank vegetation. Two sticks on the ground running the length of the pile will keep it from contact with the soil and thus prevent decay in the lower layers.

WORDS

Words are the raiment with which we clothe our thoughts. To be able to set them in order, to express intelligently our thoughts, to make evil seem abhorrent and righteousness desirable, is no slight thing.

Thought ever seeks expression. A man may be vile of heart and may think his vile thoughts are hidden from his fellow men, and ere he be aware of it speech has betrayed him and words have been scattered that can never be gathered up again.

Do we try to conceal good thoughts? Alas, they must rise to the surface or they will wither and die. The Lord deliver us from turning hearts into a graveyard! Rather may they be fountains that overflow, and whose waters are a blessing to many.

Our speech is the index of our hearts —the words that we use are just hints of the pages within that are filled with good or evil.

We cannot always be on our guard and it is impossible to be always pure of speech unless the heart be pure, for "the stream cannot rise higher than its source."

We are either filthy or pure in speech. We honor or dishonor God every day by our words. We please or displease Him every time we open our mouths. We are either truthful or we are liars.

Wise words are the stepping stones that lead up to the heights of usefulness, while sinful words are stumbling blocks over which many fall into perdition.

Our words make life easier or harder for our fellow mortals, every day. Everywhere there are discouraged people—oftentimes a word of encouragement is to them what the oasis in the desert is to the weary and very foot-sore traveler.

Eternity alone will reveal both the miracles that helpful words have wrought in the lives of men and the mischief done by careless, thoughtless words.

When the quiet of evening is at hand, and its shadows are falling softly about us, how often we wish we could unsay words that have passed our lips during the day! Perchance it has been a strenuous day, and people have been exacting and the fountain of our patience had dried up, and we spoke hasty words or, possibly, we have wounded the feelings of a friend, and in the stillness of the eventime our conscience rebukes us and says, "You were not placed here to make life harder, but easier, for your fellow men. Have you done this today?"

Our words may be sweet as the choicest store
Of honey in forest tree,
Or sharp as to men is the cruel sting
Of the robbed and angry bee.
Our words may point to the depths below;
They may turn men down to hell,
Or lift men up to heights above,
Where they may with the Master dwell.

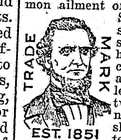

Picture-Machine Filter To Prevent Eye Strain

An inventor in Columbus, Ohio, has recently placed on the market a device for eliminating eye strain caused by motion pictures. This result is sought by placing a filter screen directly in front of the ordinary lenses in the picture machine. Popular Mechanics Magazine in its September number describes the filter, which is made of especially treated glass and has a slightly amber hue. It is held securely in a metal frame and can be attached to any projecting outfit. All light from the electric arc passes through it on its way to the screen, thereby filtering out the ultraviolet rays which some believe to be responsible for the strain on the eyes that arises from viewing motion pictures.

Do you think that the country districts can be developed in Maine or any other state if we destroy the rural towns? The rural towns developed because the farmers wanted and needed stores where they could trade, where they could market their eggs and butter, blacksmith shops where they could have their horses shod—centers where they could get work done. It was the farmer himself who said that he wanted a local center. Take away the local center, the small town with the schools, the amusements, the churches, the country stores and the railroad station and what have we left? We will develope our agriculture just as we develope community centers, and when we separate them we tear down the fabric of rural life. When we bring them together, we build up a stronger agriculture and a better country life.

If Mothers only knew

how often children suffer from worms, they would take care and guard against this common ailment of childhood.

Signs of worms are: Deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short, dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, slow fever.

Over 60 years ago Dr. True discovered the formula of Dr. True's Elixir, the Family Laxative and Worm Expeller. Since then people have been writing us letters like this: "My little granddaughter had pinworms very badly, and after taking part of a bottle of Dr. True's Elixir is very much better. Mrs. Georgia Philpot, Houston, Texas." This remedy has a world-wide reputation as the one safe and reliable remedy for worms and stomach disorders for both young and old. At dealers'. 35c, 50c and $1.00. Advice free. Write me. 45-8

Auburn, Maine Dr. True

ANSWERING THE CALL

I've taken down my Winchester
From the gun rack on the wall,
I'm going back into the hills
To hunt awhile this fall.

I long to delve the forest deep
Where man's foot ne'er has trod
Where shadows they play hide and seek
'Neath the canopy of God.

To kneel and drink from the mountain stream
And watch its hurried flow,
And linger where the sunlight gleams
And watercresses grow.

Where the scrambling squirrel sings to me,
He cares not for my lead,
But looks with wondering eyes at me
From the branches overhead.

There's music in the crow's bass note
As he soars in his winged flight,
Or perches on an old dried stub
And looks down from his dizzy height.

With companions 'round the campfire bright
I'll sit like a warrior bold
And look into the firelight
With many a story told.

We'll boil the pot and make the tea
Before we go to bed,
And once again draw lots to see
Who'll make the johnnybread.

And there again I will enjoy
The crisp air of the fall,
And the woods of Indian summer—
I have answered to the call.

But when I'm back among the hills
I shall think of the folks at home,
And wonder if they think of me
As through the woods I roam.

Here with my friend, my rifle,
As it rests across my knee,
The sunlight glistens on the stock
Of polished ebony.

The blood it hurries through my veins,
It makes me feel so queer
To take the old gun once again
That brought down may a deer.

I have drawn my belt around me
And buckled it up tight,
And filled it up with shells enough
To shoot everything in sight.

I'm going back to valleys deep,
Back where the wild beast roams,
And as I clbim the jagged cliff
Add muscle to my bones.

Good reader, list to what I say
And on my word rely,
If you have health you have got wealth
That money cannot buy.

Hark, 'tis now I hear the call,
The world I'll leave behind,
Just come along with me this fall
And a comfort you will find.

LOVE BESIDE THE FIRE.

The pride of autumn fades on wooded vale and hill,
The days are growing grayer and the nights are growing chill,
Then, hey for home, and happy eyes, and joys that never tire!
We'll face the worst that winter brings, with love beside the fire.

O, sweet as youth the springtime was, and fair were summer's bowers,
And gaily flowed the pageantry of autumn's golden hours!
With sadness from the hills we saw their sunlit days retire,
But winter brings us back again to love beside the fire!

So bolt the door against the blast, and start the cheerful blaze,
And let us sit, sweetheart of mine, and talk of olden days,
Of days when first you woke in me the dream of young desire,
When yet I hardly dared to hope for love beside the fire.

Exchange.

Alaska's Railway

The Alaskan engineering commission is now employing a force of five hundred twenty-five men and sixty-four station men in the rejuvenation of the Alaska Northern railway, which was purchased by the government when the selection of the route was announced by the President.

The work consists of rebuilding bridges, elimination of high trestles with fills, improvement in the alignment and some slight reduction in the grades. There will be a small reduction in the maximum grades on the 12 mile and 45 mile summits. Many of the fills have been widened, and much ballasting has been done. Across Placer river, in front of Spencer glacier, temporary trestles and fills have been made for a distance of over 3000 feet, which will be replaced next year by a permanent trestle raised 10 feet above the present level of the track. New shear and diversion dams are being constructed so as to control the waters of the river and to prevent washouts which have been an annual occurence since the road was constructed.

Seventy-five thousand new ties have been laid and it is contemplated that before the work of rejuvenation is finally completed to Mile 71 over two hundred thousand ties will have been laid.

A machine shop has been built at Seward to replace the one which was burned early last year, and all repairs are now being made in that shop.

The road is now in operation to Mile 64 from Seward, and a freight train is operated over the line every Sunday and a passenger train on Mondays, Wednesdays and Saturdays. It is expected that the line will be opened and in operation to Kern Creek (Mile 71), the end of the track, this month. Kern Creek will be a distributing point for that part of the work on Turnagain Arm, which will be done from the Seward end, as well as for points along the arm, and considerable increase in traffic is expected as soon as the line is completed to that point.

The work is being prosecuted under the immediate supervision of R. J. Weir, engineer in charge. Mr. Weir has also charge of the new construction work along Turnagain arm between Kern Creek and Glacier Creek, a distance of four miles. This is all expensive rock work, and it is estimated that it will cost approximately $250,000. There are new several station gangs at work on this portion of the line. It is expected that it will be completed by spring, when the work along Turnagain arm will be prosecuted as fast as funds and material will permit.

Altogether contracts have been let at Seward to station men aggregating $150,000 on work between Seward and Glacier Creek, and in addition to that the monthly pay roll of the Alaskan Engineering commission at Seward now amounts to between $40,000 and $50,000.

FEDERAL-AID ROAD ACT

At a meeting of the State highway road act, the Secretary of Agriculture made the following statement:

"The Federal-aid road act and another law—the cooperative agricultural extension act—that the department is charged with the duty of enforcing establishes new principle in American government, the principle of cooperation between Federal and State officers. They are the laws I recall which recognize and insist upon this principle. They are therefore very significant. Heretofore Federal and State officers have too frequently looked at one another across the line, sometimes with apprehension as to what the other was going to do or think, sometimes with jealousy, not infrequently with friction. We serve the same people. They have a right to the best service of the representatives of both jurisdictions. You represent the States, I represent the Federal Government. Together we are charged with the execution of a very difficult and very important law.

"I need not emphasize before you the importance of good roads. Most intelligent people who think about good roads know that they are essential to comfortable living, essential to proper community development of rural life, to efficient production and orderly marketing of farm products, to good schools, and to the development of a satisfactory rural life.

"Many people, however, do not appreciate this; and I have occasionally heard road officers who, when the importance of good roads was emphasized, have said 'Yes; but they cost so much.' Apparently they have not thought how much more bad roads cost, not only in dollars and cents, but also in all those indirect ways for which one can make no definite calculation.

Large Expenditures For Roads

"This law appeals to me as of especial importance, not so much because it carries with it out of the Federal Treasury an appropriation of 85 millions of dollars, not because it will be met by an appropriation of 75 million or more of State funds, if all the States accept the act, but because, as great as is the aggregate, it is relatively insignificant in comparison with amounts the States are now annually expending and will spend during the period covered by the act.

"I remember that, on one occasion when I was speaking to a public official about the road bill and suggested that we ought to begin with a modest initial appropriation of three, four, or five millions of dollars, he expressed surprise and said that such an amount would not help us anywhere; that the expenditure by the Nation of a few millions of dollars for roads would be merely trifling with the matter. I asked him if he knew what the people of the Nation were contributing annually for road building; that the Nation was already expending the equivalent of nearly half of what the Panama Canal had cost. Of course he did not know. And the majority of people do not realize that the Nation is expending approximately $250,000,000 a year for roads.

A Dollar's Result for Each Dollar Expended

"The main question that I am immediately concerned with, that the people of the Union are immediately concerned with, is whether we shall get a dollar's result for every dollar we expend for roads. I am quite sure that if we can and we can convince the people that we have done so, they will be willing to spend much more money into good roads where they are needed. Therefore, the manner of administering this law, of developing good road systems, of careful selection of roads, of formulating projects, of developing plans and specifications, of meeting all matters considered on their merits by competent men, seem to me to be at the root of this business. If, as the result of this act, the people are introduced fully to realize the necessity of having skillful and experienced men in charge of road building and road maintenance, a great advance will have been made and the efforts of those who have acted to secure the legislation will have been rewarded.

Employment of Experts

"I assume that as a matter of necessity this law will require the employment in every State of experts, of real experts. This word is very much misused and abused, as the word 'theorist' is. I frequently hear a contrast drawn between the theorist and the practical man. There is no basis for it. The classification ought to be into good theorists and bad theorists, of practical men and impractical men. A really good theory is highly practical; and so is a really bad expert. The public is somewhat suspicious of experts, because, I think, so many people pose as experts who are not. I think the public sets an expert aside, it is worth while to inquire carefully into the expert's claims.

"I repeat that this act will necessitate trained intelligence in the service of the State as well as in the service of the Federal Government. The act requires the State to accept it. That, as I understand it, implies the assent of the State to every provision of the act. One of the provisions is that projects, plans, specifications, and contracts shall be submitted and approved; and I have a suspicion that plans and specifications will not be approved unless they are submitted by people who know about such things. Hence the assent of the State involves the securing of trained men into the service of every State which is now without them.

"The law involves another thing. The pledge of faith of the State to pay in full the Federal appropriation for the entire period covered by the act. The State legislature may not be able to appropriate money one year for the whole period covered by the act, but it can pledge the faith of the State to meet the financial provisions of the act for the period covered by it. This is as it should be. It would be unfortunate if it were otherwise. It would be wasteful not to have plans at the outset for the full period covered by the act; it would mean piecemeal road building and much dissipation of effort and misdirection of funds. These requirements hold whether the State as such, under the existing law, may engage in road building or not. The provision that where the State may engage in highway improvement the money may be secured if counties raise the amount sufficient to meet the appropriation for the State, involves the necessity on the part of such counties of raising an amount sufficient to meet the full apportionment for the State, the existence of a highway commission, and conformance with all the other terms of the act. I speak of this because there are evidences that individual counties think that they raise a certain sum of money they will of necessity get a corresponding sum from the Federal Treasury. This is not my construction of the act and not the one that will be likely to prevail.

FEDERAL-AID ROAD ACT

At a meeting of the State highway road act, the Secretary of Agriculture made the following statement:

"The Federal-aid road act and another law—the cooperative agricultural extension act—that the department is charged with the duty of enforcing establish a new principle in American government—the principle of cooperation between Federal and State officers. They are the laws I recall which recognize and insist upon this principle. They are therefore very significant. Heretofore Federal and State officers have too frequently looked at one another across the line, sometimes with apprehension as to what the other was going to do or think, sometimes with jealousy, not infrequently with friction. We serve the same people. They have a right to the best service of the representatives of both jurisdictions. You represent the States, I represent the Federal Government. Together we are charged with the execution of a very difficult and very important law.

"I need not emphasize before you the importance of good roads. Most intelligent people who think about good roads know that they are essential to comfortable living, essential to proper community development of rural life, to efficient production and orderly marketing of farm products, to good schools, and to the development of a satisfactory rural life.

"Many people, however, do not appreciate this; and I have occasionally met road officers who, when the importance of good roads was emphasized, have said: 'Yes; but they cost so much.' Apparently they have not thought how much more bad roads cost, not only in dollars and cents, but also in all those indirect ways for which one can make no definite calculation.

Large Expenditures For Roads

"This law appeals to me as of especial importance, not so much because it carries with it out of the Federal Treasury an appropriation of 85 millions of dollars, not because it will be met by an appropriation of 75 million or more out of State funds, if all the States accept the act, but because, as great as is the aggregate, it is relatively insignificant in comparison with amounts the States are now annually expending and will spend during the period covered by the act.

"I remember that, on one occasion, when I was speaking to a public official about the road bill and suggested that we ought to begin with a modest initial appropriation of three, four, or five millions of dollars, he expressed surprise and said that such an amount would not get us anywhere; that the expenditure by the Nation of a few millions of dollars for roads would be merely trifling with the matter. I asked him if he knew what the people of the Nation were contributing annually for road building; that the Nation was already expending the equivalent of nearly half of what the Panama Canal had cost. Of course he did not. And the majority of people do not realize that the Nation is expending approximately $250,000,000 a year for roads.

A Dollar's Result for Each Dollar Expended

"The main question that I am immediately concerned with, that the people of the Union are immediately concerned with, is whether we shall get a dollar's result for every dollar we expend for roads. I am quite sure that if we do so and we can convince the people that we have done so, they will be willing to put much more money into good roads where they are needed. Therefore, the matter of administering this law, of devising good road systems, of careful selection of roads, of formulating projects, of developing plans and specifications, of having all matters considered on their merit by competent men, seem to me to lie at the root of this business. If, as the result of this act, the people are introduced fully to realize the necessity of placing skillful and experienced men in charge of road building and road maintenance, a great advance will have been made and the efforts of those who labored to secure the legislation will have been rewarded.

Employment of Experts

"I assume that as a matter of necessity this law will require the employment in every State of experts, of real experts. This word is very much misused and abused, as the word 'theorist' is. I frequently hear a contrast drawn between the theorist and the practical man. There is no basis for it. The classification ought to be into good theorists and bad theorists, of practical men and unpractical men. A really good theorist is highly practical; and so is a real expert. The public is somewhat suspicious of experts, because, I think, so many people pose as experts who are not. When the public sets an expert aside, it is worth while to inquire carefully into the expert's claims.

"I repeat that this act will necessitate trained intelligence in the service of the State as well as in the service of the Federal Government. The act requires the State to accept it. That, as I understand it, implies the assent of the State to every provision of the act. One of these provisions is that projects, plans, specifications, and contracts shall be submitted and approved; and I have a suspicion that plans and specifications will not be approved unless they are submitted by people who know about such things. So the assent of the State involves the calling of trained men into the service of every State which is now without them.

"The law involves another thing, the pledge of faith of the State to meet in full the Federal appropriation for the entire period covered by the act. The State legislature may not be able to appropriate money one year for the whole period covered by the act, but it can pledge the faith of the State to meet the financial provisions of the act for the period covered by it. This is as it should be. It would be unfortunate if it were otherwise. It would be wasteful not to make plans at the outset for the full period covered by the act; it would mean piecemeal road building and much dissipation of effort and misdirection of funds. These requirements hold whether the State as such, under the existing law, may engage in road building or not. The provision that where the State may not engage in highway improvement the money may be secured if counties raise an amount sufficient to meet the apportionment to the State, involves the necessity on the part of such counties of raising an amount sufficient to meet the full apportionment for the State, the existence of a highway commission, and compliance with all the other terms of the act. I speak of this because there are evidences that individual counties think that if they raise a certain sum of money they will of necessity get a corresponding sum from the Federal Treasury. That is not my construction of the act and not the one that will be likely to prevail.

"The duty will rest upon you gentlemen who represent the States of informing the people as to the meaning of this legislation and as to the procedure under it, because the initiative under the law lies with you. We are directed to cooperate with you, with the State through the State highway department. It is your duty, if your State accepts the law, to agree with us on roads to be constructed and to submit projects, plans, specifications. Therefore, individuals, associations, and counties will of necessity, take up such matters directly through you for the most part.

Roads and Trails for the National Forests

"There is a section of the act which contemplates only parts of the country. The Nation owns great areas, especially, in our western States, and is acquiring areas in certain others of our States. The Nation owes a duty to the people living in the national forests or near them. In many instances communities struggling for development have been compelled to rely too exclusively for necessary improvements on taxes from private property or on private contributions. It is true that under the law we have heretofore been setting aside for road improvement 10 per cent of the gross receipts from the forests. This has been no considerable sum, nearly three-quarters of a million dollars since the act was passed, and approximately $278,000 for the present fiscal year. But in some sections there are no receipts from the forests, and communities have been left to struggle as best they could. The Government in many instances is the owner of the greater part of these assets, and it is only equitable and wise that the Federal Government should assist them. So there is appropriated by the act $10,000,000, a million a year for ten years, for the construction of roads and trails in or near the national forests, with the understanding that communities interested will cooperate financially and otherwise. Those of you who represent forest States, as a matter of course, will think of coordinating work under your direct State road funds and those arising under the general provisions of the road act with the work to be undertaken under this special appropriation.

Legislation to Aid Distribution

"I am hopeful that great benefit will accrue to the Nation from the wise and efficient administration of this act. It is one of a series of measures recently conceived and enacted for the development of rural life. We began by formulating a law on similar lines—the cooperative agricultural extension act. We then enacted the cotton futures law to give the cotton farmers and dealers standards to trade on and to secure supervision of the operations on future exchanges, a similar law to establish standards for grains and to regulate interstate and foreign commerce in them, and the warehouse bill for the better storage of staple crops and for the emission of a warehouse receipt which should be good collateral for loans. We have given an opportunity to the national banks to lend funds on farm mortgages, and have extended the period of maturity for farm paper and adopted the Federal farm loan act. All these lie in the field of distribution as does this road act, which lies at the foundation of satisfactory and orderly marketing.

Attitude of Department of Agriculture

"I have come here to-day mainly to meet you and to express my appreciation of the very ready response you have made to the request of the department to give it information and the benefit of your experience in framing the rules and regulations for the administration of the Federal-aid road act. I am a very great believer in cooperation, and I think one saves much trouble by beginning to cooperate at the outset.

"I appreciate the keen interest you have shown in the shaping and development of this legislation. I shall do everything in my power to facilitate your tasks, to aid you in the discharge of them so far as the powers of the department permit, whether through this law or through the direct appropriations to the Office of Public roads. I ask your full, generous, and efficient cooperation. If we view matters broadly and generously, we shall have no difficulty. I pledge that the Department of Agriculture will approach the administration of this law in that spirit, and will cooperate heartily with you to give the people of the Nation full value for the money which they have pledged under this act."

Kindness

That pigs are not callous to kindness is evidenced by the following incident: A large hog was being taken to a fair for exhibition purposes. It was necessary to use a good deal of force to get him into the exhibition pen and during the process he became wild and unmanageable and with mouth agape rushed at one of the attendants, knocked him down and inflicted a severe gash in his leg. If the man had not been quickly rescued he would certainly have lost his life. After this the hog became entirely uncontrollable and with bristles set would make a dash for any one approaching his enclosure. It became a matter of great concern to know what to do with the beast.

At this juncture an old inhabitant approached the pen and the animal reared up and with eyes darting fire looked the very embodiment of anger. "Hello Joe, what's the matter with you?" called the man.

The beast looked at him in wonder; the bristles gradually went down and a kindly grunt seemed to say—"Oh nothing."

A hand was placed over his back, a few soothing scratches were given and received with gratitude, in a short while Joe was lying down oblivious of surroundings. There is hope even for a pig if given a square deal.

Alice Nielson, the famous prima donna, will, it is announced, operate a summer hotel at Harrison. The Palatial bungalow built by her at a cost of $50,000 can because of her engagements on the Chautauqua circuit be occupied by her only in the fall. Therefore it is stated that she will accommodate hotel guests through the summer at her Harrison resort but that the hotel will be both very exclusive and expensive.

Sloan's Liniment for Neuralgia Aches

The dull throb of neuralgia is quickly relieved by Sloan's Liniment, the universal remedy for pain. Easy to apply; it quickly penetrates without rubbing and soothes the sore muscles. Cleaner and more promptly effective than mussy plasters or ointment; does not stain the skin or clog the pores. For stiff muscles, chronic rheumatism, gout, lumbago, sprains and strains it gives quick relief. Sloan's Liniment reduces the pain and inflammation in insect bites, bruises, bumps and other minor injuries to children. Get a bottle to-day at your Druggist, 25c.

TEACH YOUR CHILD THE VALUE OF MONEY

Parents Who Make Vain Sacrifices Only Foster Extravagance and Cause Future Misery.

Economy is not a pleasant thing, and when one thinks of it in connection with children it seems more unpleasant than ever.

"I want my children to have a good time while they are young," one mother said not long ago. "Heaven knows the time is short enough before they grow older and will have to scrimp and save."

And she didn't see the short-sightedness of this policy! It is all very well to wish children to enjoy their childhood, and any woman with a real mother's heart will do all in her power to make the shortlived period a pleasant one, but why teach a child extravagant habits in its youth which in later years must be curbed? A policy such as this can result only in unhappiness, unfitting the little one for its future existence.

Few children are born with a golden spoon in their mouths; most of us, it might be said, have to be contented with tin ones. Why, then, encourage the little boy or girl to a mode of living far beyond its actual circumstances, give to him in his youth extravagant luxuries which must be denied in adolesence?

The French mother has learned the lesson that real thrift can be taught only in youth, that the man or woman who practices practical economy has learned how to do it in the days of childhood. From the time her child is old enough to understand she teaches him habits of thrift, impresses on his mind the folly of spending all and saving nothing. In this way he learns how to economize naturally and when he grows older it does not come hard.

How different is the training given by many American mothers! From the very beginning the little boy or girl, even though he or she happens to be born in poor circumstances, is showered with toys his parents can hardly afford. Every sacrifice is made to give the child advantages and luxuries. The result is that the babies, growing into childhood, and later into young man and womanhood, look upon themselves as privileged persons, for whom sacrifices should be made, for whom circumstances should be shaped to make life pleasant. Extravagant habits and ideas of living are thus formed which are almost impossible to break later on in life.

Instill a respect for money values into the minds of your son and daughter. Teach them to put aside a small per cent. of their pennies into a bank, the whole to go toward a savings fund in a big bank some day. You have no idea how much interest they will take in this proceeding if you put it to the little boy or girl in the form of a game. And later, when the youngster reaches his first trip to the big bank, he will have a responsibility he has never known before.

Teach your child to be satisfied with simple things, to take pleasure in simple toys and simple amusements. A set of marbles or a rubber ball will give a child, not satisfied with an over abundance of gifts, just as much pleasure as a miniature motor car or any of the other extravagant toys now made for children. One doll is quite as good as half a dozen, and will give the little girl as many moments of happiness as a big doll family. Teach the children to be moderate in their demands, to find satisfaction in the pleasures their parents can afford to give them.

"Thoroughness"

One of the favorite words of the older generation used to be "thorough." When the boys failed to tread down the hay properly in the barn loft or left the vegetable garden half weeded, they were told to go back and do it "thoroughly." It was the spirit of the age.

This is the spirit today in the Old World. German manufacturers have won trade by a disposition to perfect every last detail. They gained a strangle hold on Europe early in the war by having everything ready to the last button. The allies are finally pushing the Germans back, because they too, are showing a masterly perfection of detail.

Are we "thorough" enough here in America to meet European competition after the war is over? A manufacturer was talking about this a few days ago. He told this incident, There is one girl in his shop whose work it is to give a careful inspection to every finished article. She had got in the habit of passing the product along with but the most rapid glance. The foreman remonstrated. The girl knowing that help is very scarce, told him pertly that if he did not like her work he could get some one else. There is no future success in store for anyone who takes that point of view.

The workpeople are not the only ones who lack the spirit of thorough work. The complaint of failure of American shells to explode, of American shoes made of paper soles, looks in the same direction. It is a constant experience in buying goods, particularly when you buy them of some distant mail order house, to find serious defects.

There is needed in our country a revival of the old thorough spirit. The mechanic should be ashamed to pass on his work until every detail is perfected. The manufacturer should be unwilling to distribute anything less than the best. Better turn out a smaller product if it is faithfully made in every respect.

THE HEADLIGHT NUISANCE

Complaints continue to be made of the dangerous nuisance of glaring headlights on the highway, which the drivers of autos neglect to dim when approaching other cars. It ought to be sufficient that in case of an accident due to neglect to use dimmers, the law makes the party whose negligence in this regard is responsible for an accident liable for damages. So widely has this fact been published that it would seem that it ought to make auto owners and drivers duly careful.

It apparently has no effect, however, and the coming Legislature should take the matter up and enact some legislation which will be more directly effective in the interest of the public. safety. In Massachusetts a law, applicable at any rate within the limits of cities and the larger villages, provides that the upper half of headlight glasses shall be rendered opaque, thus throwing the light only for a short distance and directly in front of the car, and entirely doing away with the nuisance of the glaring headlight as we have to endure it. To cure the evil by a legislative provision making it compulsory to obscure the upper half of headlight glasses, would seem to be entirely feasible, the enforcement of such a law would be easy, and it would seem that it ought to be enacted.

Dried Potatoes or "Potato Flakes"

The drying of potatoes is an almost unknown art in the United States, while in Germany it is a well established, profitable business.

In Europe potato flour is used regularly, and special cook books are publishd for its utilization in all kinds of bakery goods. The immigrants from northern Europe, accustomed to the use of potato flour, have created a market for that commodity in this country. In 1913 the Government report showed 16,710,498 pounds of potato flour and starch imported. The war cut off the supply, but the demand still exists and there is an excellent chance to make big money manufacturing potato flour in this country from the unsalable potatoes and the culls, now almost a total loss.

Potato flakes can be turned almost instantaneously into mashed potatoes, the great American Natonal Dish, and when put up in neat and attractive cartoons, sold at the grocers, the flakes certainly will find a ready market. In mining and logging camps, where fresh potatoes are scarce, flakes would fill a long felt want. Flakes would also be welcomed by the busy housewife in large cities; "Bring to a boil and serve," which has been the slogan for other commodities, would be appreciated and accepted to save the trouble of boiling and mashing the potatoes.

But where potato flakes will become indispensable, once introduced will be in the Army and Navy and the fitting out of camping parties. Other vegetables can be canned, but the canning of potatoes has not proved to be a success. Dried potatoes can be kept almost indefinitely, and besides this, another marked advantage of the drying process is that it reduces the weight of the potato about three-fourths, and this permits the shipping of the potatoes in dried form great distances without danger of deterioration.

Before the European war the Chicago importers sold potato flour at 5 and 6 cents per pound in bulk.

Added to the use of flakes for human consumption potato flakes is a most important feedstuff for farm animals.

Horses eat the flakes readily and during a long period show no aversion to the food. Fed on flakes the animals have a noticeably "better fed" look, and they perform hard work without any bad effect. No indigestible food is found where flakes are fed. Colic is less common.

Health, working capacity, and endurance are maintained by the use of potato flakes.

If times permitted the same good effects could be described when the potato flakes is used for swine.

Naturally potato flakes lacks protein matter and this substance must be supplied by one of the other ingredients of the ration. (This is true of other foodstuffs having high starch content.)

Naturally many different means have been proposed for drying potatoes, but one only has forged ahead to become a commercial success.

The successful process is one of great simplicity and consequently lends itself perfectly to the establishment of the small country unit, the ideal end. This process consists in steaming carefully cleaned potatoes, mashing and drying the mashed material on revolving steam drums or cylinders.

Naturally the yield of flakes depends upon what substances are in the raw potato and their quantity.

There are many localities in which simple manufacturing processes might be established to work over produce of the section; there are a few localities in which a fairly developed process might be established with success; with a single exception, it is doubtful if there is a locality in which the highly developed industry may be successfully operated. Referring this thought to potatoes, this means that there are many localities in which potato flakes might be made few localities in which the industrially more developed potato starch might be made.

In the production of potato starch there is produced a by-product of some value in the feeding of domestic animals.

Special Weather Service.

In order to enable the owners of some 2,000,000 sheep and their lambs in the Northwest to protect the lambs and sheared sheep from the effects of disastrous storms, the Weather Bureau, during the spring of 1916, installed a special storm-warning service for Oregon, Washington, and Idaho sheep ranges. This service proved to be of such value to sheepmen during the recent lambing and shearing season that it will be continued and possibly somewhat extended.

Storms especially those accompanied by snow and cold rains, kill large numbers of lambs and recently sheared sheep unless they can be protected in time. This is especially true, because early lambing to meet high market prices is extensively practiced in this section and because winter feeding is expensive, and sheep are usually shorn and put on the ranges as early as possible. Even before shearing, under especially stormy, snowy and muddy conditions, a ewe will readily succumb to fatigue and starvation, and her lamb may perish with her.

There have been instances where the losses reached as much as 50 per cent of flocks, in which the animals were valued at about $6 each. As a result of these losses the owners make a practice where possible of sheltering their shorn sheep in canyons and keeping them near shelters during unsettled weather in early spring. Later, the sheep are allowed to graze more widely, and the herders must have warning of storms sufficiently in advance to enable them to drive the sheep to the nearest shelter. During the springs of 1914 and 1915 thousands of sheep beyond the reach of shelter perished in severe storms that swept over these States.

The service during the spring was operated through 25 distributing centers through which weather reports and special warnings covering temperature, rain, snow, winds, clouds, and clear sky, all of which have a bearing on the safety of sheep, were distributed to nearly 100 other communities. The word was passed along by telephone to several hundred stockmen. In this way the warnings reached the owners of most of the sheep in these States by noon, or earlier, of the day of issue.

Accident at Bridgton

Ruth L. Parker, a teacher in the high school, was severely injured by being thrown under an automobile, Saturday night. A car driven by Fessenden of Denmark, was coming down Main street as the moving picture show was closing, Miss Parker and Mrs. Walker were crossing the street. Both were injured but Miss Parker had a shoulder dislocated and was severely shaken up. Mrs. Walker was bruised on one side by the car.

SHORT-MEASURING GASOLINE

Automobile owners have known that they are frequently given short measure when buying gasoline at the garage, but they are usually in such a hurry, and so good-natured, that they have proved easy prey for the dishonest dealer. Few, however, know how the trick is done or realize the possible extent of the frauds. At the recent conference on weights and measures of the United States F. J. Schlink of the bureau of standards told some of the tricks of the trade. In the first place, all pumps show a tendency toward undermeasurement, as any defect in construction or installation tends in that direction. In pumps of the piston measuring type, a leaking foot valve will diminish the amount delivered. The same results from an excessive suction lift or a leaking pipe, and this is particularly so in the case of "casing head" or "blended" gasolines on account of the vaporization that takes place under the piston. Pumps that have been standing for some time do not give a full measure on the first stroke, owing to leakage or vaporization, and two or three strokes should be made before the measurement is taken. All these are "incidents" that may occur even at the "honest" garage, but there are other causes of short measure that are entirely intentional. First is the habit of not operating a piston measuring pump to full stroke; then there is the convenient long hose, with a shut-off cock at the filler end, and sometimes this hose is long enough to hold a full gallon that has been measured at the pump, but not delivered, says the Scientific American. Another fraudulent device is that which returns undelivered gasoline to the dealer's storage tank, and it is sometimes so attached that it operates at the same time that liquid is being delivered to the customer—in other words, it diverts a substantial percentage of the measured gasoline back to the storage tank. The only safeguard for the buyer is to have his gasoline run into certified measures and then poured into his tank. This takes more time, but it pays.

CITIES AND STATES TO COMPETE IN RED CROSS SEAL SALE

Pennants to be awarded to winners. Over 300,000,000 Seals distributed.

With the opening of the Red Cross Seal Sale today, every state and thousands of cities, towns and villages are entering a competition to see who will sell the most seals per capita for the prevention of tuberculosis in their communities. Over 300,000,000 seals have been distributed for the sale.

The cities, towns and villages have been divided into 10 classes according to population ranging from 600 to 1,000,000 and over. Pennants will be awarded by the American Red Cross and The National Association for the Study and Prevention of Tuberculosis in each of the classes. Similar pennants will be awarded to states selling the most seals per inhabitant, the states being divided into three classes according to population.

Last year Hershey, Pa., sold more seals per capita than any other city or town in the United States, reaching a total of 29.04. In Rhode Island, 2.29 seals per capita were purchased by the people of the state, a record sale among the states.

In addition to the pennants, a special honor certificate will be awarded to any community which sells five or more seals per inhabitant. It is hoped that this rivalry among cities and states will stimulate the sale of Christmas seals to 100,000,000. This will mean $1,000,000 for the fight against tuberculosis in the United States.

Haw a Wicked College Man Outwitted his Insistent Best Girl.

In these days of higher education, specialization in the various sciences and professions, we hear frequently of a man, who with four years at a good college or university, steps out into the world and embraces a position that calls for many units of the coin of the realm. The advantages of education are rarely doubted, but the height of efficiency and productiveness reached by a Bowdoin senior a few years ago—1913 to be exact—goes far to prove that time spent in delving into musty books and research work was not wasted. For this man, during his working days we unhesitatingly predict success.

Burdened with a girl who demanded a letter once during each 24 hours, the senior made a practice of staying home from Sunday evening worship and writing seven letters to the lady of his choice. The envelopes were numberd in pencil, and the lot entrusted to a freshman, who mailed one each night on the midnight train, so that the young lady, blissfully ignorant, had a charming little note at the breakfast table each morning. Of course, the mail is not delivered until late in the morning, but that, of course, was just in time for her breakfast.

The Maidless Housewife

The woman who does her own housework generally envies her more prosperous sister who simply has to give orders to have it done. Yet, if she only knew it the maidless woman stands a better chance to be immune from various ailments than does the other woman, unless the latter goes in for plenty of outdoor exercise.

In doing housework, one gets the most beneficial kind of exercise. Even rug shaking, which is strenuous for a woman to undertake, is excellent for the muscles of the arms and the shoulders.

Stretching the arms above the head, as is frequently necessary in dusting, will taper the waistline. Sweeping as an exercise should not be despised. If the body is held in the proper position, nearly every muscle in the upper part of the body receives free usage.

Ironing, particularly done ambidextrously, will make the arms delightfully round. Rubbing clothes on a washboard results in expanding the chest and developing the bust.

Apples Yield Good Profit

A man in Milford, N. H., two years ago set out one hundred and twenty apple trees on two acres of inexpensive land and this year he had over one hundred barrels of perfect fruit which he has sold for five dollars a barrel, and he has several barrels of seconds, windfalls, etc., which he is selling for one dollar a bushel. He says anybody can do it if they are a mind to work for it intelligently. But it is not sufficient simply to set out the trees and let nature do the rest. This is where the farmer needs education. The one who owns the land is not too old to learn. The government publishes books, the State College has special courses, and the man who has made a success of fruit raising is ready and willing to tell how he does it. Just wake up and try it.

PEPSIN, NUX, IRON AND SARSAPARILLA

A Magnificent Combination—Finest Course of Medicine.

Physicians and pharmacists have long known the desirability of combining iron—a superlative tonic—in a blood-purifying, building-up medicine.

The combination of the iron with Hood's Sarsaparilla has now been secured through the happy thought of prescribing Peptiron Pills to be taken in connection with the Sarsaparilla—one before eating, the other after.

In this way the two medicines work together most harmoniously and beneficially, supplementing each other, and giving a four-fold result in blood-cleansing and up-building.

You get blood-purifying, appetite-giving, liver-stimulating qualities in Hood's Sarsaparilla and great tonic properties in Peptiron Pills.

Buy these medicines today.

JUMP IN PRICE OF SHOES

It is claimed by E. W. Burt, a shoe manufacturer of Lynn, Mass., that as long as the short skirts for women have come to stay, that more leather must be used in shoes because a higher shoe will be in demand and that the leather market at the present time is in a precarious condition.

175,000 pounds of leather were imported into the United States the past year in the raw and finished state. This came principally from Russia, France, Germany, England, India, Australia and South America. Now that this supply has been cut off it is still more serious. The price of shoes, is determined by the supply and demand of hides and skins produced by the tanneries of the country. It will take millions upon millions of pounds of leather to supply the foreign demand and there have been advances in the leather market which makes a big advance inevitable. After the present supply of leather is exhausted there will be no other way around than to advance the price.

An advance of leathers from five cents to ten cents a foot will not be unreasonable to expect in the best grade of leather within a short time over the present prices unless the present situation is cleared and shipping to the United States is resumed. Many of the factories in the country have a supply that will last for a few months and it is possible that some way will be found to enable the manufacturers to secure leather somewhere near its present price.

Many of the factories throughout the country are receiving orders for the various armies which takes leather and hides out of the market which should be used in making shoes for people in America.

Calf leather of the usual weight for men's shoes and medium quality on men's footwear that cost shoe manufacturers 29 cents a foot in June 1915, and 32 cents in October, of the same year is now costing the manufacturers from 50 to 54 cents, with three cents additional per foot for the top grades of calf. Goatskins, which cost 14 cents a foot in 1915, are now 24 cents, and while sheep skins are turned out in Peabody and Salem, it is almost impossible to obtain them for local manufacturing purposes.

Black gun metal for men that cost 29 cents in June, 1915 and 27 cents in March of this year, is now calling for prices from 46 to 50 cents a foot. Representative lines of fashionable kid that cost 40 cents per foot in June, 1915, and 55 cents the first of the present year, are now demanding 65 to 70 cents per foot. Glazed kids of the average qualities that cost 17 cents a foot in July, 1915, and 22 cents last March, are now costing the manufacturers 32 cents a foot, an increase of nearly 100 per cent. in 17 months. Glazed kid for men's shoes retailing at $5 to $7, that cost the manufacturer 22 cents per foot in July, 1915, and 25 cents last March, is now calling for 38 cents a foot. Lower grades and lighter weight glazed kid entering into women's shoes has also increased more than 100 per cent. during last month.

In the bottom stock list union sole leather of standard tannages, according to the latest prices, costs the manufacturer 65 cents. The price was 42 cents in July 1915. Ordinary hemlock sole has risen in 16 months from 28 to 38 cents and the very best grades, is still higher. Duck for linings has advanced in 16 months from 12½ to 19½ cents a year, and twill from 12 cents to 16½ cents. Shoe laces for men's shoes have climbed from 40 cents a gross to $1.

During the 1916 period the imports of hides and skins amounted to 472,132,332 pounds, valued at $197,563,265 against 356,653,386 pounds valued at $78,810,989 for the 1914 period. The increase for this year over the seven months of 1915 is 115, 479, 446 pounds valued at $128, 731, 376 and from the 1914 period 92, 136, 303 pounds. The imports of calfskins during the seven months were 5,695,048 actual skins, weighing 345, 233, 172 pounds and valued at $12,848,378."

The prospect for business and employment is good if the manufacturers can meet with success in securing the stock, according to Mr. Burt. The handicap imposed by the uncertainty of things in the material market is what is bothering the manufacturers, and there will be no solution until after the world war ends.

Kindness to Animals

Were reincarnation of souls capable of proof, it would explain the varied dispositions and characteristics of animals, especially the individual traits of cats and dogs. May be you have observed if at all familiar with the last two household pets, how in all but the power of speech they resemble human beings you have known. Some of them are all for business and pretty selfish and mean at that. Some of them are all for luxury and lazy but comfortable to have around. Some of them seem to cast an atmosphere of affection throughout the home; they live to love and be loved. Others ward off attentions with their ready claws or jaws. Some are wise and others are stupid. The intelligence of some dogs and cats place them high in one's esteem; they understand your moods and words; they have powers of reason to all appearance. Have they their place in eternity to serve some use when their what becomes of that vital spark that we call life which they in common with humans have on earth? Maybe the vitality of animals in some form of electricity and becomes part of electrical force. We know little of electricity save its application as yet. Because the animals possess life, an intelligence and many of the human sentiments and feelings, they are entitled to kind treatment and consideration, which so many of them do not get.—Bath Times.

NORWAY AND VICINITY.

Norway Boys Talking Up a Band

Last week we tried to impress upon the minds of the "red bloods" the need of a basket ball team to liven up the long winter evenings, and give the local sporting element a chance to let out some of their excess baggage.

In this issue we are to attack the "live town" problem from another angle and offer to the "blue bloods" a hint that should appeal to all interested in a milder form of amusement. Why not organize a band? Many have seriously discussed the situation with the intention of doing something "real" if there is sufficient interest among our musicians to warrant definite action. We have talent, instruments and men with musical knowledge, fitted by the leadership of an organization of this kind.

Financial problems continually envelop a band, often to the extent of smothering its efficiency, so from this point the real discussion must start. Every band man who has followed the game long, realizes the money situation as an outsider never can. He knows that in a young band his services are practically a labor of love, or as we might say "just for what sport there is in it." During the winter there would be only rehearsals, with perhaps an occasional concert and dance, which might clean up a small profit to be converted into new music or other necessities. In the summer the earning power increases wonderfully, so a new player joining a team should be prepared for the worst. This doeful tale is not to discourage, but to present plain facts without a red fire stage setting.

If you want a band, talk it up and something along that line can be down to open up the finances early.

W. R. C. Notes

Harry Rust, W. R. C. No. 45 held its annual inspection at Woodman Hall Thursday evening, November 2nd. At 7 o'clock, a supper consisting of escalloped oysters, fruit salad, hot rolls, apple and whipped cream pies, cake, doughnuts and coffee were served. Mrs. Clara M. Elliott was chairman. Mrs. Alice B. Jordan, department Junior Vice-President of Brown Corps, Bethel, was escorted under the National colors by conductor Evelyn O. Young, to the President's station, where she inspected the work of the Corps, which she complimented highly. The degrees of the order were conferred on one candidate. The guests of honor for the evening were members of Post No. 54, and several members of George M. Knight Corps of North Waterford, Brown Corps, Bethel, and Sampson Corps, Rochester, N. H., who reside in town. The next regular meeting will be held at Woodman Hall, Thursday evening, November 16th at 7:30 o'clock.

D. A. R. at Work

Abigail Whitman Chapter D. A. R. recently presented the eighth grade with a framed copy of the Declaration of Independence, which adorns the wall of the schoolroom.

The drama "An Engaging Position" given by the pupils of the high school will be presented Friday evening at Rex Theatre. The drama was given at the Grange Hall at the High school fair last week and was well presented and was received with hearty applause, among the other features will be a one real film "A Dumb Hero" and the 5 reel drama "The Tongues of Men." This will be one continuous show.

Dr. Herman L. Bartlett broke a finger on his right hand while cranking his auto recently. The car has an electric starter, but fate put the juice out of commission, and the doctor was compelled to crank, thus the accident.

Deputy Sheriff E. C. Libby, Scott Palmer, Russ Harlow and Lester Witham had a little hunting trip recently in Stoneham. In other words "Uncle Gene" attended to some important legal business, while the hunters "beat up the bush" for bears or anything big enough to kill.

Intelligence Column

Twenty-five words or less, one week, 25 cents; second week, 15 cents; each additional week, 10 cents.

Each word more than 25; One week, 1 cent and each additional week, ½ cent.

This price is for cash in advance. One and two-cent postage stamps taken.

FOR SALE—Business block at a bargain on Main street, Norway. Always rented, full size lot, easy terms if desired worth investigating. John A. Woodman, New Hathaway block, Norway. 45-47

FOR SALE—18 room house with or without furniture. Stable connected, large lot. This house has spring water, hot water heat, electric lights, some hardwood floors. Located as it is in central part of Norway village, would be ideal for boarding and lodging. There is a big demand for such. John A. Woodman, New Hathaway Block, Norway. 45-47

TO LET—A small rent at the corner of Winter and Paris streets. Inquire of C. W. Chick, 3 Paris street, Norway. 44tf

LOST—A silver mesh bag, Monday evening, October 30, containing small sum of money. Finder please notify Doris Longley, Norway, Me. 44-45

FOR SALE—A black horse, 7 years old, sound and kind, a good driver and worker. Call T. J. Corby, South Paris, Me. 44tf

WANTED—By middle aged man, a good housekeeper, light work, lives alone, no children. A good home for right lady. Apply or write to Mr. Samuel A. Cox, Harrison, Me. R. F. D. 2. 44-46*

FOR SALE—S. C. Red Breeding Cockerels from the Lone Pine Farm strain. These birds will be sold immediately, so place orders at once. Price $2.00 and $3.00. Robert Schenk, Norway, Me. 44-47

TO LET—A few furnished rooms for light housekeeping. Apply to Mrs. Randall O. Porter, 6 Water street, Norway. 44tf

FOR SALE—At a bargain. One 1913 Ford in first class running condition. H. A. Bailey, Norway, Me. 44tf

WANTED—Position as housekeeper or caretaker, by middle aged woman with boy 14 References exchanged. State wages. Box 192A, R. 4, Auburn, Me. 43-46*

WANTED—By Mrs. A. C. Furbush at 346 Danforth street, Portland, a capable general housework girl. Wages $5.50. 43-45

FOR SALE—Some good young stock and young cows. Cows bred to registered dual-purpose Durham bull, fine individual, highly bred. His sire from herd having champion milking Durham cow of the world. Ernest S. Bartlett, East Stoneham, Me. 43-45

FOR SALE—Pure-bred Holstein Cows and

The Norway High School Fair

The students of Norway High certainly outdid themselves at their fair in the Grange Hall, Friday afternoon and evening, November 3.

Many students lent a hand early in the afternoon and they worked rapidly, forming their school colors, lavender and white, into crepe paper streamers and festoons. Tables were arranged around the hall with a big octogon in the center, all tastefully decorated with the prevailing color scheme.

The sale started promptly at 2:30 with the several committees ready for business and the tables well supplied with articles given by interested persons. An ice cream booth cared for by Leslie Gibson and Roland McCormack, furnished a delicious article in vanilla and chocolate flavors. Beyond was found a table loaded with homemade candies of many kinds for all shades of taste, Doris Longley, Mary Gammon, Eleanor Brown and Marion Sanborn weighed out this commodity. A popcorn table was piled high with corn balls that attracted many pennies from the youngsters, Evelyn Chandler, Olive Stone and June Tracy were in charge. The mystery booth conducted by Doris Brooks and Bessie Pottle was a drawing card, with strange packages carefully wrapped, to stimulate that old inquisitive desire to speculate. Florence Harriman, Leona Sloan, Gertrude Dunn and Marietta Nichols presided over the apron table that displayed ginghams, fancy lawns and percales made up in every known pattern, suitable for the kitchen or for housework more dainty. In the center of the hall was stationed the fancy booth which displayed to advantage pretty articles of neat handiwork, including infant bibs and socks, table trays, work bags, all under the care of Virginia Mixer, Frances Bartlett, Elva Perry, Adeline Decoster and Eloise Hunt. An attractive table where guesses were made on the number of seeds in a big yellow pumpkin, the winner to receive the large school pillow done in the school colors. was well cared for by Mildred Noyes and Ida Merrill Business was rushing in all departments, and nearly every table was sold off clean before the entertainment began.

The supper is of course a big annual feature with the school and largely patronized. The committee Emogene Hunt, Katherine Jones, Ruth Smith, Florence Russell and Bertha Sessions, worked hard on the food problem, but their labor was not in vain. About three hundred and seventy-five partook of this fine repast and have only words of praise for our Norway cooks. Mrs. Lena Andrews had charge of the dining room forces, assisted by Mrs. Percy Nevers as head waitress. Ten tables were set and under the care of Emogene Hunt, Jessie Everett, Ruth Smith, Marion Millett, Elsie Heath, Marietta Nichols, Florence Harriman, Evelyn Drew, Bessie Pottle, Doris Longley, Adeline Decoster, Doris Merrill, Leona Sloan, Nellie Skinner, Florence Russell, Annie Thomas, Evelyn Chandler, Mattie Dudley, Katherine Jones and Thelma Grover. So great was the demand for seats that a large serving force were mustered in and the crowd handled with very little delay. Those assisting in this emergency were Mrs. Horace Mixer, Mrs. Fred Hosmer, Mrs. William Jones, Florence Rideout, Edith Knight, Marion Lougee, David Klain and John Anderson.

About 8:15 the entertainment opened with Berenice Nash at the piano. The committee Esther Pike and Hugh Pendexter, Jr., presented their offering in the form of Lewis E. MacBrayne's society comedy in two acts, entitled "An Engaging Position," with a well selected student cast. "Theodore DeWinks" as portrayed by Hugh Pendexter, Jr., was a young society man of political inclinations but decidedly shy when young ladies were pressing their suit. "James Moncastle," as given by Paul Hosmer, proved to be an artist with the brush and a "near artist" as a matrimonial manager. "Thomas Bulmer Todd" in the form of Raymond Evirs was another match maker, in league with his studio chum, Moncastle, he was also a "near artist." "Imogene Tremwell," a far off cousin of De Winks, was represented by Bessie Pottle and was received by the one of her heart after many complications. "Annette Golde" or Bertha Sessions, was an heiress with pronounced views on the rights of her sex and affiliated with several semi-political associations with many initials. "Marcia Ladner," a graduate of the law school and ready at every occasion to express knowledge, was taken by Esther Pike. Harold A. Anderson coached the players. Ruth Akers with Elizabeth McCreery at the piano and Ruth Smith accompanied by Ruth Akers, finely rendered vocal solos between the acts.

In the guessing contests, Esther Pike carried off the one pound box of fine chocolates, but presented them to the school. They were auctioneered to Hugh Pendexter, the author, at a profit. Arthur Descoteau guessed the nearest to the number of seeds in the pumpkin and carried away the school pillow. Estimates varied from 87 to over 800, the winning figures being 436 and the actual count was 454 seeds. Altogether the fair was a success and a neat sum realized as a reward for the hard work of the students and generosity of many citizens.

Another Norway Boy Has Made Good in Medicine.

Dr. Stephen P. Jewett of New York City is an aggressive young man of ability and one worth knowing. Although a native son of Waterford, he is the product of the Norway schools having lived for several years in this town with his mother, Mrs. Horace Cole, while acquiring a preliminary education.

After graduating from Norway High in 1900, he continued his studies at Kents Hill for one year, then entered Clark University, graduating in 1905 with high honors and an A. B. degree.

From early childhood his ideals have been for the search of scientific truth. As a youngster he made a collection of nature's mysteries, and the craze grew as his mind expanded. This development continued through college, impressing itself so strongly that a decision was reached which has been a blessing to suffering humanity, also an honor to the family and friends. Following up the desire Stephen entered the New York Medical School, where he just "plugged" to acquire all the knowledge possible during the few brief years of that course. Receiving his M. D. the young doctor entered Flower Hospital for post graduate work in biology and psychology. An advance step was taken when he engaged as surgeon on the House Staff, an engagement lasting one year and a half.

Desiring to mould out his professional education in other lines, Dr. Jewett opened an office at Buffalo, N. Y., for general practice. During his stay in that city he was visiting physician to the Lafayette Hospital, was chief of the medical clinic in the Welcome Hall Dispensary and an assistant in the famous Hahneman Hospital.

In the midst of these successes, Mrs. Jewett died leaving a young son, Stephen P., Jr., (who is living with his grandmother in Norway and promises to be a "chip of the old block"). Dr. Jewett gave up his home and entered Rivercrest Hospital, New York City as a specialist in psychopathology, with a large private practice in nervous diseases exclusively. His popularity and professional standing can be gauged somewhat by the long list of scientific and research societies to which he belongs. The doctor is active in the New York State Medical society, the Western New York Medical Society, the Erie and Queen County Medical Society. He belongs to the American Medical and the American Medico Psychological Associations and the president of the Clinical Club, State of New York.

Harry Mann of West Paris, who has been visiting his mother, Mrs. Emma Mann, returned home, Friday. He is employed in the Mann Clothes Pin factory and was forced to quit work for a short time because of a severe cold contracted a few months ago.

Mrs. D. A. Jordan made the Advertiser a business call, Saturday. She has lived in the village more than thirty years, almost within a stone's throw of our domicile and this is the first visit to headquarters.

Harry Lasselle returned from Great Falls, Montana, Saturday, where he has been visiting his brother, Ralph, since leaving the Mexican border.

The Boston Sunday papers failed to connect with the regular Grand Trunk train and were sent up on a freight. The news boys were on the street until seven filling their orders.

Extensive repairs and a general overhauling has been done in the rent on the corner of Main and Bridge streets over Richardson's market. The walls have been plastered, papered and painted, new two-light windows put in, a flush closet added and the whole upstairs thoroughly fumigated. Quinn Pratt, Albert Descoteau and Prudence Bedard have been doing the work.

The Norway High school dramatic club are to repeat "An Engaging Position" at least in two theaters and possibly more.

Robert Bickford and Mr. and Mrs. A. L. Clark were in Portland on a business trip recently. Mr. and Mrs. Clark remained several days.

Herbert Holt has been repairing the Beals Tavern roof. Herbert played safe with the help of a rope, one end about his waist and the other securely fastened to the copula. Sam Estes did the metal work about the chimneys.

Knox Bickford was a week-end guest with friends in Stoneham.

The small hand printed cards displayed in the stores announcing the High school fair was the work of the ninth grade scholars as coached by the drawing teacher, Elizabeth McCreery.

Agnes E. Sanborn returned to her school in Newton, Saturday.

Mr. and Mrs. Willard Buck of Norway Lake visited Mr. and Mrs. George F. McAllister at the Falls recently.

Thirty candidates have reported for basket ball practice. A High school team with Peter Klain as captain will be picked from this promising material. Coach Albert Parker has the cubs in charge during the working out period. Manager Evirs is arranging games.

Charles Boober, proprietor of Hillside Farm informs us that he started his milk route November 1st, 1915 with only seventeen customers. At the end of twelve months his business has increased to two hundred and eighteen customers. The day's work commences at 3 p. m., and continues until 9 p. m.

The four Chapman Sisters, Grace, Dorothy, Muriel and Baby Bettie, are at Farmington, playing dates in the surrounding towns. November 2nd they presented their vaudeville program in Music Hall, Farmington as a feature with the movies. The company have work booked in New York City, but remain away because of the infantile paralysis epidemic.

The first real touch of winter came Sunday night and Monday morning. Ice formed over the bog above the Falls and the ground frozen hard. Temperature about twelve above zero at 7 a. m.

In this section wide lumber is a curiosity, but Horace Cole called our attention to a bunch of shingles, probably the New Brunswick stock, that contained several which measured seventeen inches wide. Many in the same lot were twelve to fifteen inches across and perfectly clear.

Mrs. H. L. Bartlett will entertain the ladies who have been selling tickets for the Eastern Lyceum Bureau Course at her home on Main street, Friday afternoon.

A chicken pie supper will be served by the W. F. M. S. on Thursday Nov. 16, at the vestry of the M. E. Church, followed by an entertainment. The ladies hope this will be well patronized by the public as it is their annual Thank Offering Supper.

Ernest, son of Mr. and Mrs. Albert Descoteau, who live below the falls, was taken Saturday with severe pains in his side while at work in the Novelty Turning Company mill. The case was diagnosed as appendicitis and an operation appeared necessary, but the attack passed away during Sunday, and he was in school Monday, apparently well.

Mr. and Mrs. Simon Grover and granddaughter, Lillian Grover, are to move from the William H. Porter house to Bolster's Mills, and occupy the Grover farm. The change will be made as soon as another family can be found to care for Mr. Porter.

Fred M. Davis is working in Waterford on a job taken of Longley & Butts of this town. Fred is bronzing, plumbing and painting rooms.

A large number of young folks attended the Poverty party given by the Junior Endeavor Society in the Congregational chapel Tuesday evening. Poverty was the right name for it, as the children appeared in old duds and tatters that would make a scare-crow look like a clothing store dummy. Games were played and refreshments of home made candy, corn balls and apples were served.

Mrs. Norton of High street, Auburn, was the week-end guest of Mrs. Julia

Annual Roll Call

The annual church supper and roll call of the Congregational church was held Thursday evening November 2nd. At 6:45 a bountiful supper of cold meats, hot potato, salads, hot rolls and pastry was served to nearly 100. The roll of members was called and was largely responded to.

Following the supper the annual business meeting was held. The clerks report was read and the report of the treasurer, H. L. Horne, which showed the amount on hand at the beginning of the year was $14.28 and that $38.76 had been received during the year. Disbursements $26.16 with a balance on hand of $26.88. The officers elected for the ensuing year were:

Clerk—Ralph S. Osgood.
Treas.—H. L. Horne.
Deacon for four years—Horace Sanborn.
Standing Com.—Mrs. Adna Keen, Mrs. Esther Ryerson, Anna M. Stone, W. O. Perry, H. I. Holt.
Calling Com.—Mrs. R. J. Bruce, Mrs. Mary Flint, Hattie Sawyer, Mrs. Gertrude Barker, Mrs. Mary Chase, Mrs. Mary Oxnard and Mrs. L. I. Gilbert.

After the election of officers reports of the different branches of the church were given. Mrs. H. L. Bartlett spoke in the interests of the Ladies' Circle. About the usual amount of money had been raised thus far during the year, which will be about $500. The entertainment course which takes place this winter is hoped to raise the finances. Mrs. E. N. Swett spoke on the Ladies' Missionary Society. The Society has a membership of 30 members and 16 is about the average attendance. Meetings alternate with the Home and Foreign Societies and letters and literature on both are studied at the meetings. Through the work of the missionary society the apportionment of $150 is paid annually.

Brief remarks were made in the interest of the Junior Christian Endeavor Society by Mrs. R. J. Bruce, the Senior Christian Endeavor Society by Emogene Hunt, the Junior Department of the Sunday School by P. F. Stone and Sunday School by Assistant Superintendent Dr. Arthur W. Easton. Interesting remarks in the way of review of history of the church was given by Horace Sanborn and H. L. Horne.

Closing remarks were made by the pastor R. J. Bruce, who briefly reviewed the past year's work and spoke upon the early years of the church as a whole, its results, and one's individual loyalty to the church.

Mrs. Irene G. Locke

Mrs. Irene G. Locke, widow of the late Geo. W. Locke, passed away at her home on Main street, Thursday afternoon, November 2nd at 4:40. Mrs. Locke was first taken ill with heart trouble on Tuesday, October 24th and on the 30th had a shock.

She was born in Waterford, February 26, 1841, the daughter of George W. and Mary Ann (Houghton) Plummer. She attended the public schools of Waterford. On June 2, 1861, she was united in marriage to Geo. W. Locke at Gorham, N. H. To them was born two children, Mrs. Norris S. Tibbetts of Auburn and Geo. P. Locke, a traveling salesman of Norway, who survive her, also a sister, Mrs. Alton O'Brien and four grandchildren, John N. Tibbetts, Harold Tibbetts, Mrs. William D. Stanton and Irene Locke, also two great-grandchildren, Roger Tibbetts and Francis H. Stanton.

Mrs. Locke was a constant attendant of the Congregational church. She was a member of the Pilgrim Fathers, the Barton Reading Club and the New Idea Society. She lived in Portland for three years and in Auburn for six years and has made her home in Norway for 43 years. She was a woman of bright cheery disposition and was loved by all who knew her. She always looked on the bright side of life and was cheery amid all her afflictions.

The funeral was held from her late home on Main street, Sunday afternoon, November 5, attended by Rev. R. J. Bruce. The bearers were C. B. Allen, G. F. Stone, F. D. Hosmer, J. F. Swain, E. N. Swett and E. E. Andrews. Burial took place in the family lot at Pine Grove Cemetery.

This is a Fraud So Keep Away

An endless chain letter scheme is going the rounds that is simply a fraud and should be pruned if it comes your way. A Minneapolis firm issued a circular, offering ladies a guaranteed $4.50 petticoat for ten cents under certain easy conditions. The postoffice authorities have already held up half a million letters containing dimes, so it is useless to forward the small piece of money expecting a beautiful garment as Uncle Sam will surely "cop" it.

Mrs Frank Stevens and Addie Stevens will entertain the Home Department Workers of the Methodist church on Wednesday Nov. 15th. There will be a review of the lessons for October.

Mrs. Ira Harriman has returned to her home on Fore street after being with Mrs. George Herrick during the past five weeks.

The Kare Free Klub will meet with Marion Gibson next Friday evening.

Mr. and Mrs. William F. Jones, Rev. and Mrs. H. L. Nichols and Mrs. Ralph Harriman went by auto to Portland and returned Monday evening, where they attended the Sunday School Teachers' Training class held in the Y. M. C. A. building. Dr. Erbb and Rev. Gay C. White were the speakers.

An effort is being made by the parents, to secure a Grafonola for the children of the Upper Primary School. Any contributions will be gratefully received, and may be left with the teacher or Mrs. James Favor.

Gladys Buck of Sumner has been visiting her grandmother, Mrs. Volesta Kimball of Paris street, for a few days.

Mrs. Silvia Holden is entertaining Mrs. Simeon Snow of Auburn.

John E. Shepard is having an ice house built near his Hill Crest Farm cottage on the lake shore. Ned Packard is doing the work.

Cleve Goodwin and Harry Lasselle joined the Frank D. Briggs hunting party in Riley last Tuesday. They will work for big game until Saturday.

Frank H. Noyes received a severe burn on his ankle from a hot steam pipe Saturday night while attending his heating plant. While the burns are superficial, they are painful and require medical attention.

Mrs. Sarah Devine has been entertaining Mr. and Mrs. E. F. Bowers of Rumford, Mr. Devine returned to Rumford with them Sunday and will remain during the week.

Mrs. John Shepard with Clara and Doris Shepard of Auburn, have been visiting Mrs. Elmer Packard. They returned to their home Sunday with Mr. Shep-

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine —Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. Mayme Asbach, North Crandon, Wis.

Testimony from Oklahoma:

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCasland, 509 Have St., Lawton, Okla.

From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. Osgood, 1 Haynes Park, Roxbury, Mass.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

District Number 6

Hugh Pendexter, our Norway author, wrote and produced in 1907 a rural comedy entitled "District Number 6." This was during the money panic, and hundreds in the theatrical profession were stranded or out of work and living upon their past glory. A professional cast was easily drawn up, and this neat sketch given which attracted favorable comment from play cities. In that company were several stars of the period, many having gone ahead and developed into screen favorites of to-day. Sheldon Lewis and George Spencer, with Marion Abbott, the leading character woman with the famous Gillett, were among the number who are to-day considered top notchers. It might not be amiss to note that Hugh, Jr., a youngster of eight, carried out a part in this play and was considered a versatile amateur of promise. So pronounced was his ability to forget an audience and "be the character" that he appeared in several professional matinees, doing super juvenile work in street and other ensemble scenes.

Mrs. Frank D. Briggs has sold her house on Deering street to Alice B. Danforth, now living in Auburn.

Mrs. Homer R. Luck, who was operated upon three weeks ago for appendicitis, enjoyed her first open air walk Sunday.

Roy Fletcher of Auburn was the guest of Mr. and Mrs. Elden W. Stevens over Sunday.

Scott Merrill's cooper shop on Pleasant street is still doing capacity business. He shipped a carload, 306 barrels, Monday with more to follow.

Mary Collins went to Pittsburg, N. H., to attend the funeral of her brother, Lewis Collins, Sunday.

Hiram Wiles took a header last Friday by the breaking of a rope and on falling on his side against a rock, broke three ribs. He is sorely lame when sneezing and gets about with difficulty. He got to the polls office Tuesday, however.

E. A. Greenleaf and wife have closed their Sugar Island Camps and returned here for the winter. Business was reasonably good with them though not up to the average. Mrs. Greenleaf's health is improving.

Mr. and Mrs. Walter Ricker, H. Chester Lane, Jr., Mike Carbin all of West Paris and Deputy Sheriff D. A. Cole of Bryant Pond were in town Tuesday.

Fred Moore who works in Portland, was in town with his family over Sunday.

Favorable reports have been received from Albert Canwell and the family expect him home from the Central Maine General Hospital in about ten days.

The Missionary Society of the Congregational church attended the meeting held in the South Paris Congregational vestry Tuesday afternoon, at which time Mrs. Ida Vose Woodbury of Boston spoke in behalf of the American Missionary Association.

Minnie Littlefield of East Stoneham was the guest of Mr. and Mrs. Percy Nevers, Friday and Saturday.

Dr. Herman L. Bartlett was in Portland Saturday, returning Sunday night.

Mrs. W. Arthur Lewis returned Tuesday from a visit of four weeks with relatives in Lynn, Mass.

The Carroll, Jellerson Shoe Co. are adjusting their factory to meet the coming winter rush. The first change of importance is an enlargement of the cutting room. All of their upper leather is being transferred to the unused section on the same floor, next to Beal street, this is to be the new stock room. The new space gained will be occupied by an additional cutting force soon to be at work.

Horace P. Sawyer has sold his buildings and land on Greenleaf Avenue to A. M. Whitehouse, and has purchased of the heirs the well known Wallace Bearce farm at Norway Center.

Ladies' Circle Entertainment Course

The Ladies' Circle of the Congregational church have completed their arrangements with the Eastern Lyceum Bureau for a series of four splendid entertainments which will be offered during the winter months. The first number will be the "Venetian Trio," who will appear in the Congregational auditorium Tuesday evening, November 14. This company will include Frank Bradbury, an artist on the mandolin, banjo guitar and mandocello; Margaret Elgee, the Lyric Soprano and talented pianist, with Helen Andrews as reader and accompanist.

Teacher Training Course

This Thursday evening at 8 o'clock, will be started a Teacher Training Class at the Norway Court Room. All those interested in Sunday School work or the training of children are invited to attend and learn what the work is.

The work in the Sunday School will never be effective till the first question asked concerning a teacher is, "Does he understand boy nature?" or "Does this woman understand girls?" Too many teachers content themselves with telling boys and girls what they ought to be instead of helping them to become what they ought to be. This is what Wade Crawford Barclay says in his book entitled "First Manual of Teacher Training."

Ingalls & Small of Bar Harbor are putting in the rear abutment wall under the Bartlett buildings at the head of Main street.

Tim Heath's crew finished the sidewalk this week from Wm. Leavitt's store to the Whitman street corner.

Delia King, who is working in Auburn, was in town with her parents, Mr. and Mrs. Joe King, over Sunday.

Roland Pinkham of Boothbay is working in the M. L. Greenleaf's Cafe on Main street.

Lew Cushman, Henry B. Foster, Will Libby, Clarence Smith, George Carter, all of Norway, and Will Bumpus of Oxford have been fox hunting with Camp Cinnamon for their headquarters. The party had open house Sunday and entertained many Norway sportsmen.

Hugh Pendexter, the author, has completed a three act comedy drama, including characters typical of humanity found only in our congested cities. The manuscript is being typewritten, and a strong local cast will soon be selected to assume the several roles, whose lines and stage business are considered a scream. Harold A. Anderson, the well known producer of local talent plays, will stage and direct this bill. The author has offered the use of the manuscript to the gymnasium committee who will endeavor to raise funds by its presentation sometime this winter.

Mr. and Mrs. Elmer Dunn are going to Ohio and remain during the winter with their daughter.

Orrington M. Cummings cast his vote Tuesday, then boarded the train for Massachusetts for an extended visit with his grandchildren. He will look up Mr. and Mrs. Irving Thibodeau in Medford; Earl Thibodeau in Norton; May Thibodeau in Boston and friends in Haverhill. Orrington says, "Tell the folks that if I like I shall remain all winter, but if not, expect me home most any time."

Manager Evirs of the N. H. S. basket ball team has several contracts for games and a number pending. Thus far they have arrangements for two games with Gould Academy, two with Edward Little High, two with Rumford High, one each with Bridgton Academy and Portland High.

Arthur R. Buswell of the boot shop, was in Portland on business Monday. Mrs. Charles E. Buswell cared for the store during the day.

BIG BARN DOOR SKETCHES

Purely Personal and Mostly About Myself and Early Career.

I was at New Hampton four years as a student and "worked my way" to a large extent. My parents assisting all they were able. Several terms I boarded myself with the aid of what was sent me from home.

Rev. Moses A. Quimby of Meredith Center had a daughter Alida, attending school and living out of "mother's cupboard" and he did most of the toting of the blue firkins from the home base for both of us.

I got the job of building fires in the Institution Building, also of sweeping floors and care of lamps. These jobs were usually divided up among students who wanted work. I got all three and soon found I had little time for study, if I gave the work proper attention.

A fixed price was set on each job. Building fires was one and one-half cents each; sweeping, $1.00 per week and care of lamps, $5.00 for term of ten weeks.

I sub-let a large part of the work. I recall getting A. T. Stuart, a colored student, to build part of the fires at one cent per day for each fire. I carefully selected for him those rooms which consumed a large amount of wood, on the first, second, third and fourth floors, reserving for myself the smaller rooms.

Sweeping I never did except when the other fellow failed to do it. I looked after it and changed sweepers pretty often. E. M. Knowlton handled it one term and did good work. He was assisted by a cousin, James Knowlton. I had no trouble with these boys, but think I had to pay them just what I received.

Care of lamps was easy and pay good for the amount of time taken. This I attended to personally.

I soon applied for the ringing of Chapel Bell—room rent and $10.00 a term was the reward. This was some job, commencing at 6:30 a. m. and ending at 9:30 p. m. You didn't have to ring it continuous for that length of time, but had to be on the job about every hour.

At 3:50 p. m. it was rung and seven minutes later tolled for three minutes. The same was done at commencement of study hours in the evening and again at 9:30 p. m., only at this time you must toll it five minutes and quit exactly at 9:30.

The clock and bell rope was in your room. The monkeying with these was a favorite pastime for fun loving boys and many were the jokes and tricks played on the poor bell ringer.

Steve Vittum got disgusted and gave it up and I succeeded him and announced time for New Hampton for many terms thereafter. In fact, I graduated with "the bell rope around my neck and rung out the class of '76—of which I was a member in due shape and in solemn form.

A similar feat, was once accomplished within the memory of those then living, by David ———, who was considered feeble-minded.

Celebrations, fires and school funerals, as well as school walks to "the River," "Pinnacle," "Over Jordan" and other places were announced by the bell. School and town crier was an important position. I filled it and had to live near the bell-rope or have a substitute handy.

Hon. Cyrus H. Little, statesman and prominent lawyer of Manchester, N. H., and late speaker of the General Court, occasionally helped me when I went on a foraging expedition or left town by permission.

In those days Cyrus was a dependable sort of animal and got high marks in scholarship and deportment. This characteristic has followed him in subsequent years.

Steve Vittum of Sandwich, ex-bell-rope-puller, seldom came into my room and I nursed a suspicion that he was jealous of my success in dealing out iron music, on time and in exact quantities.

Steve became an M. D. and practiced in Laconia until passing to the silent majority a few years ago. I recall the painful and ridiculous position in which he was placed by borrowing a white straw hat of Pockahauntas John Smith. He failed to return at the stated time and it became current he had made-a-way with himself or was lost and a search, by permission, was instituted in which all joined.

Vittum had been up "Straights" visiting the parents and brother of a girl he was then courting and was induced to remain longer than he expected when he borrowed the hat.

I tumbled to a great joke on the community and failed to ring the bell at a midnight bonfire. Everybody was alarmed and turned out to see a brush pile burn near the Toll Bridge. Chapel Hall bell was silent, though I was besieged to ring it.

I told an excited trustee who came to No. 9 to ring the bell, thinking I was absent, to let the bell-rope alone and that he could go and see the brush pile burn if he wanted to, I wasn't going, neither was the bell to be rung. I had removed the tongue from the bell and was keeping open house for the boys to come in and pull the rope.

The trustee set on the bed and laughed assuring me he thought Pike's or Bill Dyer's house was on fire. He returned up street by a back route.

Next day "the Old Man" accused me of being in the bonfire scrape because I didn't ring the bell. I told him a good friend put me wise or the bell would have been rung. He asked no questions, smiled and walked along.

After an exciting election, the Republicans winning, I was called on to ring the bell or permit them to do it. I had been expecting this and was prepared to resist with force if necessary. The bell-tongue was then in hiding and the stairway leading to the bell-tower baracaded.

The Republican boys said they had a permit to do it from "the Old man." I insisted that they get it in writing. This was not done, but time was gained, and the democratic force gathered and a fight ensued, but the glad tiding of a republican victory was not heralded over town by iron music at that time. Sore heads and barked faces were numerous for several days.

The bell was rung at the general celebration which occurred later, but the republicans furnished muscle to pull the rope. I was a silent spectator at the festivitites.

I never believed and do not now, that Prof. Meservy, gave permission for the ringing of the bell at the time of the fight. Republican as he was he was too wise a man to do it. He made mistakes but not of that kind.

During my janitorship I was the stool-pidgeon and go-between in many a love affair and cheerfully passed notes between the two departments whenever requested and the chances of detection not too great.

Ex-Gov. Nahum Batchelder, can bear testimony to this, but I would not set back the hands of the clock and delay ringing the bell even if he did request it.

I was privileged, I could go into any room in the Chapel Building at any time, night or day, and talk with whoever I met. I made the round of the rooms, putting the building to sleep and locked the outside doors about ten o'clock each night.

Many were the sights and adventures. I carried no light and was never molested but once and then I received a staggering and unexpected blow in the face and the assailant ran out of the building. I invented a reasonable excuse for face mutilations and said nothing.

It soon became reported that Prof. Meservy had been knocked down and badly injured while coming from the natural science rooms, the other evening and hadn't been seen on the streets or at the schools for several days. Mr. Meservy had been called out of town for a short time on business and on his return was surprised to learn of his severe injury.

The blow was intended for him, but I got it. I know who did it. He is now living and a good friend of mine, too.

Frank Jones, the Portsmouth brewer, was elected to Congress by the democrats while I was attending school and this was made the occasion of a private celebration by some of the democratic boys in which cod-fish, crackers and cheese was liberally used.

Someone suggested the remnants of the cod-fish, with suitable inscription be hung on the door of the lady principal, who was a pronounced and out spoken republican. Lots were drawn to see who should do it and it fell to Cheney Adams of Moultonboro. It was successfully put through and Adams escaped detection by hiding behind a lilac bush near the Lodge and Will Dow, who had nothing to do in it, was caught and easily convicted on circumstantial evidence.

He was "under probation" at the time and it was going hard with him. The democratic boys gathered in council and I was appointed a committee of one to straighten out the affair and set the Faculty right.

I called on "the King" and told all about it, giving names of participants. I received his thanks together with a reprimand, and was told I was old enough "to know better; to be better and to do better."

I mildly suggested that Miss Dow was old enough to know better than talk and teach republican doctrines in the classroom.

I was dismissed from his presence and no further action taken.

(To be Continued.)

"Lost River" in New Hampshire has been discovered by at least 16,500 people this season. This river comes out of Kinsman Notch and crosses the State road near North Woodstock.

With the aid of Farmer R. J. McLain of Plymouth, I became one of the discoverers Wednesday. Oct. 25th. Grandmarm went along too, so did Miss Lena Osgood and father, Charles E. Osgood. Of course Walter steered the chariot and told of the remarkable working of the carburetor. Round trip distance from the Center was 99.5 miles.

Mrs. "Dick" McLain, who is running her husband's campaign for the New Hampshire Legislature didn't go with us. She, having just returned from Boston, had to put the house in shape, feed the chickens and entertain straggling voters who might happen along to inquire of Dick's health and chances of winning. Wise and far-sighted woman!

This valuable addition to New Hampshire's Wonderland was brought to public attention some few years ago when the enterprizing citizens of North Woodstock invited the New Hampshire Weekly Press Association to visit them. They had to walk a mile and a half to get into the hidden recesses of this curious rock pile. Much like the Greenwood Ice Caves, the hardship of getting there out-weighed public curiosity and only a few of the more adventurous visited it.

The Press Association well and wisely blew their trumpets and the next Legislature appropriated sufficient money to build a road to it.

The Society for the Protection of New Hampshire Forests, got hold of it or had, previously. A spacious log cabin was built in which are bunks, matresses, and blankets. A kitchen with stove, running water, cement sink with a big fire place in the main building. The public are welcome to its use. No charge is made, but you are expected to pay ten cents each before going through the gorge and viewing its wonders.

A gentlemanly attendant will take the money and as much more as you see fit to give "for the good of the cause" but "no tipping" is allowed. A posted notice so informed me.

E. R. Grinnell of North Woodstock has had charge for the past three years and tells me that "in the season" there are usually a half dozen guides here to show you through and tell the story.

I saved this expense as Dick McLain served the purpose and even paid the admission fee of sixty cents for the privilege of doing it. He is not exactly in his right mind just now as he is running for a political office, so I excused this eccentricity with thanks.

I cannot intelligently describe the wonders. Go see it. It's worth the price. Don't forget to take along with you a flash-light. Overalls and wraps are furnished at the Cabin at a reasonable price for those who desire to go through the Lemon Squeezer, Hulling Machine and all the rock-wrought and water-worn passages. Rubbers are good to wear as they save slipping. Go see it. It's the greatest curiosity New Hamsphire has to offer outside its Legislative sessions, which convene once in two years at Concord, which is the largest and wisest law-making body in the world.

I was told E. W. Rollins & Sons of Boston contributed one thousand dollars towards building the Cabin and the balance was raised by subscription. It is all under the control and management of the Society for the Protection of New Hampshire Forests.

I would suggest that they insist on all visitors registering and giving their permanent postoffice address with street and number, if living in a city. This list could be used by the Secretary of Agriculture in circulating his popular literature regarding the curative qualities of New Hampshire ozone, mountain scenery, abandoned farms, available mill-sites, etc. That's the way to do it. Enterprizing and expanding hotel proprietors might want the list. It is worth something. Why not get it as suggested and use it? There is a value in it. Try it.

The Cabin Register, this season, contains the names of many thousand visitors, but lacking permanent post-office addresses is probably not very valuable for the purpose mentioned. This should be rememedied. It can easily be done. Commence next season's register in the right way and see that it is kept so. It's valuable.

Guy S. Davidson, Holderness, N. H., operates a service station for the Ford, Hudson, Dodge and Saxon cars. He employs from 6 to 10 men at the height of the season and has the best equipped garage I've seen in the State.

His stock of Hudson car parts far exceeds what is kept in Portland and he has a better work shop and more tools. He has a specially trained man from the Hudson Motor Car Works of Detroit and is s. t. b. expert on the Delco Ignition system. You can start 'em with a 28-pound crow bar; pinch the car ahead or back and cogs will mash and then you have it. This I have discovered without the aid of Walter. Patent applied for. It will do it. Remember you must use a 28-pound crow bar and refrain from swearing.

While waiting in this garage for a 25-cent repair job; two Hudson Runabouts were ordered from Cambridge and a crank-shaft. The latter to come by wireless as the customer was in such a hurry. More business was done here in four minutes than I have seen in the last seven months. The order for the crank-shaft came by telephone and was sent to Boston with the order for cars and time taken, four minutes. I was waiting to use the telephone and held the watch.

Guy Davidson made a "Snow-Skittle" out of the running gear of a Tin Lizzie and it carried the mail up the Pemigewassett Valley all last winter. That summer paradise is covered, in places, with snow 19 feet deep and not a trip was missed. Its construction was a cross between a logging-sled and a crocodile with let-down-pinions in the rear.

Neighbors know I'm sick and I guess intend keeping me so by the avalanche of nice stuff coming, such as, curd cheese, honey, grapes, pears, goose berries, preserves, dressed chickens and high-topped apple pies.

I gained four ounces last week and rode 381 miles.

F. W. Sanborn.

Olive Fremstad Married at Bridgton

At noon Saturday, November 4th at her country home on the highlands of Bridgton, Olive Fremstad, the famous opera singer, and Harry Brainerd of New York, a musician, were quietly married. The ceremony was performed by the Rev. S. T. Livingston, pastor of the Bridgton Congregational Church. There were no guests.

The noted opera star has for the past two or three years lived at Bridgton, where her beautiful camp near Ingalls Grove has attracted much attention. She has entered into the community life by giving her services at the Saco Valley festival, when many people unable to get seats were disappointed in not hearing the great singer.

Recently Mrs. Brainerd has presented to her secretary, Miss Mary Watkins, her camp at Ingalls Grove, as an anniversary gift on the completion of five years of service. This generosity is only one of the many generous deeds that the singer has done and her friends love and appreciate her for her generosity and sympathetic nature. Her marriage comes as a great surprise.

NORTHEAST LOVELL

Mrs. Freeman Andrews and daughter, Isabelle, called at her son's Bert Brackett's, at the Center, Tuesday.

Mrs. Marion Kendall is some better after having a severe trouble with her throat.

Oscar Brackett and family have moved to Brockton, Mass.

Mrs. Mary Kendall has a bad cold.

Porter Keniston had his two spring steer calves weighed last week and they weighed 835 pounds.

Mrs. Bert W. Brackett and her father, George Henley, are visiting relatives in Massachusetts.

Mrs. Mary Stanford is in very poor health, not near as well.

At Freeman Andrews', Monday, October 30, they dined on green cucumbers which grew in their own garden and were as fresh and nice as in August.

Mrs. George Milliken and grandson, Stanley Milliken visited her daughter, Mrs. Alice Merrill in Bisbeetown, Monday.

Frank Farrar from North Fryeburg visited Sunday at his grandfather's, George Whitehouse's. Stephen Kimball spent Monday evening there with his violin.

Bert Kendall and Walter Whitehouse are working on the Whitehead job at Lovell Center for Herbert Taylor.

Mr. and Mrs. Bert W. Brackett visited Sunday at his mother's, Mrs. Freeman Andrews'.

Otis and Elwell Andrews are entertaining a friend from Massachusetts.

Mr. and Mrs. John C. Files visited their son, George at Freeman Andrews', Wednesday.

The annual roll call of the Christian church was held Saturday, November 4th at the church.

Laura Durgin of Lovell is visiting her sister, Mrs. Mell Charles at No. 8.

Mrs. Max Eastman and two children visited recently at Mellen Eastman's at No. 8.

Sumner Kimball, wife and daughter, Ruth, also Clifford Kimball of No. 4 called at George Eastman's and Freeman Andrews', Friday.

A crowd of men called at Adna Rowe's recently, looking after pigs.

Benj. Russell and Hortense Andrews called to see his sister, Mrs. Mary Stanford, Sunday.

Ivan Heald has bought a new colt at Healds Lake.

James R. Brackett was at the Harbor, Saturday on business.

The people at Freeman Andrews' have their corn husked, which is 115 bushels. G. A. Kimball of the center will have nearly 400 bushels.

Virgil McAllister and wife also friends visited their old home the past week, from Portland.

There are thousands of children who are bright but frail—not sick but underdeveloped—they play with their food—they catch colds easily and do not thrive—they only need the pure, rich liquid-food in

SCOTT'S EMULSION

to start them growing and keep them going. Children relish SCOTT'S and it carries rare nutritive qualities to their blood streams and gives them flesh-food, bone-food and strength-food.

Nothing harmful in SCOTT'S.

STATE OF MAINE

Oxford, ss.

To the Justices of the Supreme Judicial Court next to be holden at Paris, witain and for the County of Oxford on the second Tuesday of March, in the year of our Lord one thousand nine hundred and seventeen.

RESPECTFULLY, Represents Lillian Maude Douglass of Waterford, in the County and State aforesaid, and gives this Honorable Court to be informed that her maiden name was Lillian Maude Ray; that she was lawfully married to Walter Edmund Douglass at said Waterford, on the twenty-third day of November 1898, by Rev. A. P. MacDonald, a minister of the Gospel duly authorized to solemnize marriages; that they lived together at said Waterford for about seven (7) years and then moved to Auburn, Maine, where they lived together until February 1st, 1911, when said Libelee utterly deserted your said Libelant, which said utter desertion has continued down to the present time, being more than three consecutive years next prior to the filing of this libel; that his residence is unknown to your Libelant and cannot be ascertained by reasonable diligence; that there is no collusion between herself and the said Libelee to obtain a divorce; that two children have been born of their said marriage, viz: Edmund C. Douglass age fifteen years and Ray A. Douglass age eleven years.

WHEREFORE, your Libelant prays that the bonds of matrimony now existing between herself and the said Libelee be dissolved by divorce, and that the care and custody of said minor children be granted to her.

Dated this fourth day of October, in the year of our Lord one thousand nine hundred and sixteen.

Lillian Maude Douglass.

STATE OF MAINE.

"Goodnight Corns! We Use 'Gets-It!'"

3 Drops in 2 Seconds. That's All. "GETS-IT" Does the Rest. Never Fails.

"Really, I never could see how some few people use the most difficult and painful way they can find to get rid of corns. They'll wrap their toes up with bandages into a package that fills their shoes full of feet and makes corns so painful they've got

Make Your Feet Young With "Gets-It."

to walk sideways and wrinkle up their faces. Or they use salves that eat right into the toe and make it raw and sore, or they'll use plasters that make the corns bulge, or pick and gouge at their corns and make the toes bleed. Funny, isn't it? "GETS-IT" is the simple, modern wonder for corns. Just put 3 drops on. It dries instantly. No pain, fuss or trouble. The corn, callus or wart loosens and comes off. Millions use nothing else."

"GETS-IT" is sold and recommended by druggists everywhere, 25c a bottle, or sent on receipt of price, by E. Lawrence & Co., Chicago, Ill.

Sold in Norway and recommended as the world's best corn remedy by F. P. Stone.

John B. Robinson, Oxford, to G. A. Brown, Stoneham; land in Stoneham.

Guy W. Eastman, Fryeburg, to Herman Gilman, Porter; homestead farm and two other parcels in Fryeburg.

BRYANT'S POND

The Joys Of Automobiling.

In one of your issues of last month, I read an article, supposed to be of a humorous nature evidently written by one of your Townsmen, in which they gave a description of an auto party's troubles, from Rhode Island, who were driving a Paige Car. Your informant in a very facetious manner told of following or as he called it trailing them from Norway to Bryant's Pond, whether in a wheelbarrow or flivver he neglected to state, and delighted in renumerating the troubles of the said party, one of their mishaps was that they had to be pulled out of the mud with a pair of horses—and there had been no rain to my knowledge for three weeks—speaks well for your road commissioner—and that twenty-one people were on the spot to tell them how it should be done, and other similar remarks—funny was it not?

Now here is the answer—The writer has had four auto parties the past summer from southern New England to see him at Bryant's Pond and without any exception they have all been directed by people in your town and at your garages to Bryant's Pond over the worst and most rotten road in the State of Maine, the so called Rabbit Road via Locke's Mills to Bryant's Pond, where within one mile of your town there is a good smooth highway built by the State with far less mileage.

Are your people afraid that the community at large will not know that your town is located on the map? If so, those who are forward in giving advice and directions to strangers in your midst, are certainly helping out a good cause.

LOCKE'S MILLS.

King Bartlett and daughter Given, have been visiting relatives in the eastern part of Maine.

Mr. and Mrs. W. A. Crockett were guests of her mother, Mrs. Lydia Varney, at North Buckfield, Sunday.

Mr. and Mrs. McFarlane visited with her parents at Auburn the week end.

Mrs. Lizzie Demond is quite ill.

The Ladies' Aid met with Mrs. Geo. Tirrell, Wednesday afternoon.

Frances O'Brien of Norway has been relieving in the station for King Bartlett.

Mrs. Nell Moody entertained company Sunday.

Mr. and Mrs. Ed. Goodwin are receiving congratulations upon the arrival of a daughter Monday morning.

Mrs. R. E. Powers of Dixfield is visiting her cousin, Mrs. M. J. Bartlett.

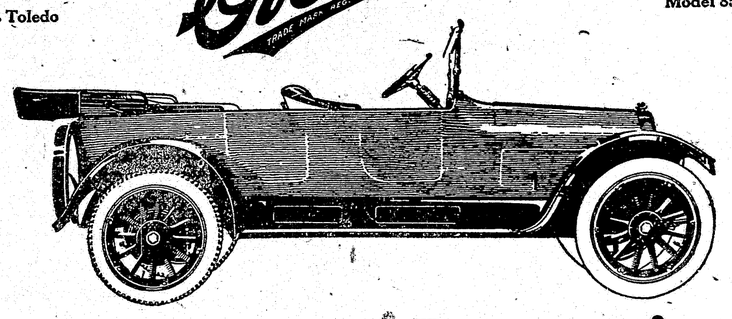

Bankruptcy.

Fred H. Sanborn of Hiram, a lumberman, has filed a voluntary petition in bankruptcy in the office of the clerk of the United States District Court. His liabilities amount to $538.96, all unsecured, and his assets $25.50. Hastings & Son of Fryeburg are attorneys for the petitioners.

Luxurious Bigness!

A big roomy car *is* luxurious—no two ways about it.

But extra inches in an automobile cost hundreds of dollars—as a rule.

It took an investment of millions in facilities for tremendously increased production—

To effect the economies necessary to produce luxurious size at this price.

The wheelbase is 112 inches—

The seats are comfortable and roomy and there's plenty of leg room front and back.

And your further luxurious comfort is assured by cantilever springs, big four-inch tires and balanced weight—the gasoline tank is at the rear.

Beautifully finished!—every convenience!!

Price $795!!!

Model 85-6, *six* cylinder, 35-40 horsepower, 116-inch wheelbase—$925.

BOLSTER'S MILLS

Lizzie Ewards passed the week at North Norway with her sister, Mrs. Chester French.

Marjorie Scribner passed the week-end in Norway and attended the High school fair. She visited at O. L. Stone's.

J. D. Howe and wife of Hartford were in the place Saturday evening and Sunday. Mrs. Howe attended the Grange meeting.

Charles Cook of Portland has been at the home here. He is superintending various improvements upon the premises.

Philip Silverman of Portland runs a fish cart through this vicinity weekly. Mr. Silverman has a fine outfit.

Rev. Stanley Carne preached at North Bridgton, Sunday.

The Ladies' Aid met at the home of the president, Fannie Wight, Thursday afternoon. Some business was transacted.

Attended W. C. T. U. at East Otisfield

A delegation of the local W. C. T. U. attended a meeting of the East Otisfield Union at the public library, Pemoaewa, Wednesday. Mrs. Elizabeth Knight of Westbrook, the County President was present to the great delight of all. After partaking of a sumptuous repast furnished by the Otisfield ladies a program was enjoyed, as follows:

Piano solo.....Ethel Scribner
Duet..Harriet Loring and Mrs. Marion Kemp
Reading items.....Mrs Etta Warren
Reading.....Mrs. Kneeland
Song.....Bolster's Mills Union
Essay.....Mrs. Elizabeth Scribner
Solo.....Mrs. Winifred Walker
Remarks.....Mrs. Elizabeth Knight

Mrs. Knight gave many facts of interest and encouragement and helpful hints for future service, closing her talk with a touching anecdote illustrating the timely advantage of unity in action.

Honorary members were present at the dinner hour. The occasion was exceedingly pleasant and profitable and one long to be remembered as a red letter day.

LOVELL

Mr. and Mrs. H. D. Pike are at home once more. They have been at Old Orchard the past summer.

G. W. Walker has a new furnace in his house and has had a lot of other work done inside.

G. A. Allen, M. D., and wife have come home from their cottage on Lake Kezar.

John Irish has returned to Massachusetts after being at home six weeks on a visit

Ralph Charles, representative elect, and wife were in South Paris Friday.

Frank Harmon and wife attended the roll call at the Christian church, Center Lovell, Saturday.

F. E. Emery has been in Westbrook and Buxton the past week.

W. B. Hurd and wife went to Portland Saturday to see their son who is at work there.

"The Ranchman," a four act drama, will be presented some time next month for the benefit of the Ladies' Aid of the Congregational church. The cast comprises some of Lovell's best talent with Nelson T. Fox, manager.

Mrs. George H. Moore

Mrs. George H. Moore died at her home here Monday, Oct. 30th, aged 77 years. The funeral was held Wednesday, Nov. 1st, Rev. Mr. Fisher officiating. Interment in the village cemetery. She is survived by a husband, one daughter and one granddaughter. She was a member of the Congregational Church.

SOUTH WOODSTOCK.

W. E. Davis sold a young bull to Abner Benson, Saturday.

Mrs. Clara Ryder was in Norway shopping, Saturday.

Lyman Rowe and wife and George Young were in town on business recently.

Mrs. Julia Davis remains about the same. Mrs. Dunn from West Sumner is caring for her.

W. E. Davis and Will Andrews are packing apples.

Joe Bill Is Denied Pardon.

The executive council in executive session refused to recommend the pardon of Joe Bill, whose pardon case was heard Nov. 2nd. Joe Bill murdered his wife at Rumford Falls and is serving a life sentence.

EAST BETHEL

Mrs. Etta Bartlett is visiting relatives in Berlin, N. H.

Willis Bartlett has been doing threshing in this vicinity, and has moved to Rumford.

Miss Fuller and Miss Cole attended the Teachers' Convention held at Portland.

Mr. and Mrs. Freeborn Bean and daughter Virginia, in company with Mr. and Mrs. H. H. Hutchins, recently enjoyed an auto trip around the White Mountains.

Guests recently entertained by Mr. and Mrs. Fred C. Bean were, Mr. and Mrs. E. D. Bean and daughter, Lulu Bean, Erwin Bean and little son all of Dorchester, Mass., also Mrs. Emma Davis of Bethel.

Several members of Alder River Grange motored to Bryant's Pond Saturday evening and attended a meeting of Franklin Grange.

School Entertainment

The Hallowe'en entertainment given by the teachers, Miss Fuller and Miss Cole, was a jolly affair and was attended by a crowd. The hall was decorated with evergreen and lighted by many Jack-o'-lanterns, which greeted you with merry, happy faces.

The school children were dressed in costume and wore masks of all kinds of queer faces, and when Miss Cole called the march by piano music, many grotesque figures came from the unknown regions and marched to their places in the hall.

An interesting program of singing and reciting was presented by brownies, witches, spooks and goblins, after which the boys of the Potato Club read their essays on "How I Raised My Potatoes." All were excellent papers and well prepared. Ernest Burhoe was awarded the prize for the best essay, and Leslie Thompson for the best exhibit of potatoes, each a nice book given by Alder River Grange. This was followed by a social hour of music and games, much credit is due Miss Cole and Miss Fuller for a very pleasant evening.

An Aroostook Big Farm.

J. Orin Smith of Presque Isle, formerly of Norway, sent us a marked copy of the Star Herald in which is described the Hoyt & Wheeler farm and a picture of the barn is given.

The barn is 175 feet long, 87 feet wide, 26 foot posts and 17 foot purline posts. Barn cost $15,000.

The farm contains 478 acres and one field, without rock, stump or gully, has 350 acres.

Hay, potatoes and oats are raised. This year 300 tons of hay and 18,000 barrels potatoes, besides the oats. They had 90 acres planted to oats. Hoyt & Wheeler have two potato houses on the railroad with storage capacity of 31,000 barrels.

Mr. Hoyt has another farm on which he raised 27,000 barrels of potatoes this year. They raise almost exclusively seed potatoes of the Irish Cobblers variety and sell them in the Virginia market. They make farming pay.

We have no such farms in this vicinity. We have not the kind of land, yet we raise the men who are successfully operating some of these big farms.

GREENWOOD

Patch Mountain

Mrs. C. W. Verrill has been sick a few days with a bad cold.

Lillian Corbet has returned to her school after a week's vacation.

George Verrill and Ned Herrick attended the dance at Greenwood City, Saturday night.

Fred Verrill and Nelson Cole are at Mr. Verrill's brother's for a few days, helping him do carpenter work

Roy Morgan called on Randall and Viola Herrick Sunday.

Randall Herrick bought a cow of Henry Morgan.

Randall Herrick and Ned are cutting birch for the town.

E. F. Herrick and George Verrill are trapping.

SOUTH OTISFIELD.

Mrs. A. S. Ames picked a bouquet from her flower garden, October 30th.

Sam Kimball and family have moved to Harrison.

Howard Ames has bought a horse of Oren Brooks recently.

THE NEW MUSIC ROOMS

(By Mrs. Z. L. Merchant)

"Music hath charms to soothe the savage breast."—Congreve.
And Mr. Freeland Howe is doing his best
To keep us all in a civilized state
By playing his music early and late.
Go to his music rooms some day
And all his records, for you, he'll play.
The great Harry Lauder will sing for you
And you'll laugh and cry, till he is through;
Enraptured you'll sit on the edge of your chair
While the Peerless Melba is warbling an air;
You must hear Caruso, O that matchless voice!
Then hear Scotti sing and make your choice—
If you buy their records, you'll want many more
Of singers who are famous the wide world o'er.
Just a few dollars, think how cheap,
And the songs you buy you can always keep.
If you went to New York to hear them sing
The price you'd pay would ransom a king.
A very big sum they would demand
And very likely you'd have to stand.
But right here in Norway, every day,
You can hear them sing and nothing to pay;
For Mr. Howe with courtly grace
Invites everybody into his place.

I have the usual large and well selected stock of Victor and Columbia Talking Machines and records. Think of the pleasure you can get and give with a phonograph this winter.

Wall Paper Bargains
OLD PRICES AND LESS.

REMNANTS at almost "Give-Away" terms. Prices will be 25% higher in the spring, so now is the "Golden Opportunity Time" for paper hanging, when you can take advantage of our "Bargain Sales."

The paper hangers are not now very busy so that it is not a question of wait.

We have just received some New Patterns to freshen up our stock, which will be offered at the same old low prices.

The NOYES DRUG STORE
NORWAY, MAINE

DON'T carry around a great amount of currency. If you do you are beset by two great evils. One is the temptation to spend readily. A man with $100 in currency in his pocket is freer to spend than the man with little currency. He is more apt to break a ten dollar bill than he is to draw a ten dollar check.

The other evil is the bait offered to thieves. A man who is known to carry a large sum of money in his possession never can tell when he will be set upon by a highwayman. The wealthiest men in the country seldom carry large amounts of cash. When you accumulate a goodly amount of currency deposit it in the bank at once.

THAT IS THE SAFEST PLACE FOR IT.

We pay 2 per cent. interest on check account of $500 and over, on even hundreds. Interest credited to your account last of every month.

ELECTION DAY AT NORWAY

The fine weather drew a large number of voters to the polls Tuesday. Both parties had their workers on the spot early and the automobile figured conspicuously in getting the elderly voter out. Business was brisk at ten o'clock but the rush season was about noon, when the Norway voters were brought in from South Paris and the local factories closed for the dinner hour. Another period of hustle and big gasoline consumption was between four and five o'clock when there was a jump to gather up deliquents.

The voting machinery was cared for by Hon. John A. Roberts, Charles H. Dunn, George W. Holmes, A. C. Frost, George A. Brooks, Simeon Harriman, Deputy Sheriff Eugene C. Libby and Herman Richardson, with Vivian Akers and Geo. L. Sanborn keeping tally outside of the railing. When the polls opened at nine "Uncle" Henry Kilgore was at the head of the line, so cast the first vote with Judge Charles F. Whitman second.

When the voting stopped at five, Stuart Goodwin, the Town Clerk, took charge of the court which lasts about half an hour with the following result. Democrats 397, Republican 351, Socialist 5, Prohibition 6, giving a total of 759 legal votes cast, with 46 majority for Mr. Wilson. Along with the above votes were found 4 defective and 3 blanks. On the voting list are 985 names, so only 219 remained away.

In September the total legal vote cast was 753 with a registry of 961, giving the Republican candidate 392, the Democratic 353, the socialist 4 and the Prohibitionist 4.

Returns during the evening came slowly until late. The Commercial Club held open house, and its members received the news first handed, while enjoying themselves with cards, billiards and cigars. Rex Theater flashed the figures on the screen during the show hour, but after this time most of the interested ones absorbed their news at the Drug Stores.

Z. L. Merchant is in Boston this week on business.

Another popular dance will be held in the Grange Hall, South Paris, next Tuesday evening, Nov. 14. Music by the old reliable Shaw's orchestra.

Merton L. Kimball, Esq., is in town during the election week.

Rev. O. L. Stone conducted the Sunday evening meeting in the Deering Memorial Methodist church, South Paris, during the absence of Rev. C. I. Spear.

Dr. H. L. Bartlett, Dr. L. H. Trufant and Dr. Harold M. Allen were in the party of local physicians entertained by Dr. H. R. Farris at Oxford, November 2. They enjoyed a game supper and the program that followed.

The Norway Lodge I. O. O. F. will visit Mt. Mica Lodge I. O. O. F. of South Paris this Thursday evening. The first degree will be worked and refreshments served.

SOUTH PARIS

Euterpean Club

A large number were present at the November meeting of the Euterpean Music Club held November 6th at 4 o'clock with Mrs. Walter L. Gray. The subject for the afternoon was Women Composers with the following program given:

Piano solo, "La Filense" (Chaminade).....
.....Mrs. Cora Briggs
Vocal solo, "Life's Garden," "A Song of the Hills," (Bond).....Mrs. Luella Smiley

Paris Grange.

Paris Grange met November 4 at 2 p. m. One application was received. A vote was taken to hold a Grange Fair. The lady officers to have charge of making all arangements and fixing the date.

The next meeting will be held Nov. 18 at 10:30 A. M. The Worthy State Lecturer is expected to give an address. Pleasant Pond and Hebron Granges have been invited to come and spend the day. The first and second degrees will be conferred in the morning and the address will be in the afternoon.

Benjamin Swett, in company with his brother, Daniel Swett of Milton, are on a hunting trip in Aroostook county near Hainsville.

At the last meeting of the Delta Alphas held with Mrs. S. C. Ordway, a vote was carried to hold their monthly meetings the first and third Thursday instead of once a month as formerly.

Joel McAllister was given a surprise party recently upon the arrival of his sixty-fourth birthday. Refreshments were served and a birthday cake, prettily decorated with candles and roses was cut and distributed to the guests. In the party were, Mrs. Archie Stearns, Mrs. Maurice Bean; Mrs. George Keniston, Mr. and Mrs. Ronello Edwards, Lillian Edwards, Mr. and Mrs. Charles Cutler, Mr. and Mrs. Clinton McKeen, Mrs. Addie Ripley, Mrs. Carrie Beaulier.

Mrs. Walter S. Jones has sold her house and lot on Highland Avenue through the J. Hastings Bean real estate agency to Mrs. M. F. Lord. Mr. and Mrs. Lord have recently moved here from Albany, we are very glad to welcome them to our village.

Rev. Gay C. White of Portland delivered a lecture in the Deering Memorial church, Friday evening, entitled "Abraham Lincoln." The lecture proved interesting and instructive to the large number who attended. Mrs. George I. Burnham presided at the organ and a vocal trio, "Your Flag and Mine" was rendered by Mrs. George Burnham, Mrs. Luella Smiley and Mrs. Herman Wilson. This entertainment was arranged under the auspices of the Joshua Chamberlain Camp, Sons of Veterans and the proceeds will go to purchase a flag.

The masquerade sociable at the high school building Friday evening was a success in every particular. A large number attended in costume, and the senior class, under whose auspices this entertainment was held, feel gratified over the results.

Mrs. Ida Vose Woodbury of Boston, spoke in the Congregational vestry Tuesday afternoon to the Ladies' Missionary Circle and their friends. A large number attended for Mrs. Woodbury is an interesting speaker and very much in love with her work for the American Missionary Association.

Prof. A. E. Morse was the entertainer at the wedding reception of Mr. and Mrs. Fred A. Blanchard at Wilton, Saturday evening.

Annual Sale of Fancy Goods

A sale held by the Ladies of the G. A. R. in their hall Friday afternoon was well patronized by the townspeople. The reception committees included Mrs. Kate Stuart, Mrs. Lydia Rounds, Mrs. Annie Plummer, Mrs. Abbie Jones, Mrs. Jane Powers. A food table was spread with many delicious things and under the care of Mrs. Ellen Curtis, Mrs. Flora Maxim, Mrs. Julia Geer, Mrs. Martha Evans, Mrs. Dora Tyler, Mrs. F. Kneeland. Aprons were on sale and the ladies in charge were Mrs. Emily Cook, Mrs. Emma Starbird, Mrs. Elizabeth Buck, Mrs. Rosie Churchill, Mrs. Mary Swett, Mrs. J. Swan. Candy was sold by Mrs. Sara Chute, Mrs. Hattie Bailey, Mrs. Jennie Brett, Mrs. Elizabeth Edgerly, Mrs. Madge Gray.

Those in charge of the ice cream were Mrs. Lizzie Millett, Mrs. Eva Ordway, Mrs. Justina Hall, Mrs. Lillian Shaw, Mrs. Mary Spoffard, Mrs. Love Dresser. The vegetable committee were Mrs. Rosie Monk, Mrs. Lillie Fletcher, Mrs. Edith Miller, Mary Swan, Mrs. Mary French and Mrs. Laura Holman. Pickles and canned fruit were cared for by Mrs. Mabel Whitman, Mrs. Agnes Whittemore, Mrs. Nellie Kenney, Mrs. Lou Knapp, Mrs. Mary Lovejoy, Mrs. Ellen Whitman. The Mystery Table was complete with an assortment of strange packages under the direction of Mrs. Eva Record, Mrs. Lupira Murch, Mrs. Minnie Edwards, Mrs. Louis Graves.

Prof. Frank Knapp has secured a position in a Halifax N. S. theater, playing the cornet. He will remain if the place is satisfactory, if not, he expects to return to South Paris.

Mrs. Archie Cole has returned from Lake Dunmose, Vt., where her husband had charge of a hotel during the summer. She is stopping with Mrs. Esther Ryerson on Pleasant street.

Samuel F. Davis has resigned his position as assistant in the postoffice, and will leave soon for California. He was postmaster for seventeen years, and assistant to J. A. Kenney since early last year.

Mrs. Lillian A. Shaw has returned from her season's work at Poland Spring.

Mr. and Mrs. Ralph R. Butts entertained during the week end, Dr. B. S. Elliott of Lewiston and Marion Bumpus of Auburn.

Mr. and Mrs. E. T. Hubbard have moved here from Lovell and occupy the upper rent in the house of F. W. Walker at Hick's crossing.

Representative-elect Ralph G. Charles and wife of Lovell were guests at George F. Eastman's Friday. Mr. and Mrs. Charles have engaged rooms at Augusta and will do light housekeeping during the legislative session this winter.

Dr. J. G. Littlefield and Dr. D. M. Stewart attended the local association of physicians meeting at Oxford November 2. Dr. H. R. Farris entertained.

Mrs. Rizpah Whitman plans to pass the winter in California with her son and wife, Mr. and Mrs. Lester Whitman, at Pasadena.

Mr. and Mrs. Harry M. Wheeler of Wakefield, Mass., were recent guests of Mr. and Mrs. William J. Wheeler.

C. E. Tolman & Co. office has been removed from the Pythian Block to the manager's residence on Park street. Charles E. Merrill has secured the office for his real estate business.

James N. Oswell who was operated on for a sore in his head, is recovering rapidly and will soon return from the Eye and Ear Infirmary where he is being treated.

Mrs. Alton C. Wheeler returned Sunday from the Central Maine Hospital, where she had been under treatment for nearly three weeks.

Fifty dollars in cash has been collected by the several committees for Syrian and American relief with pledges to bring the amount to one hundred dollars or more.

Porter District.

Thomas Penley was a dinner guest at John Davenport's, Sunday.

Mr. and Mrs. Moses Young were invited to attend a Blanchard wedding at Milton, Saturday.

Mr. and Mrs. Clarence Mitchell and daughter Thelma of Winthrop were the week end guests of Mr. and Mrs. Emery Parsons and family.

Mrs. Winfield Farrar is ill at the home of her daughter, Mrs. Eva Billings.

Most all of the apples have been sold in this vicinity. They got $1.75 for most of the lots.

Hazel Gammon has gone to Auburn to work in the shoe shop this winter.

There was preaching at Atheneum Hall Sunday afternoon by Rev. Atwood.

Part of the lumber has arrived to enlarge the Gammon's Manufacturing plant which is doing an extensive business.

Mr. and Mrs. Ray Allen of Hartford and Mr. and Mrs. Wilbur Roberts of Buckfield visited Mr. and Mrs. Lawrence Lavongnon of Bethel, going Saturday and returning Sunday.

Fred Gurney has moved to Hartford Center.

Hattie Chamberlain is working for Sam Penney of Mechanic Falls, doing housework.

Mr. Grey of Chicago and F. A. Ricker and son were the dinner guests Thursday at Mrs. W. E. Russell's.

Mr. and Mrs. Ray Allen are keeping house in the James Irish rent.

Lizzie Chamberlain is staying with Mrs. Hattie Russell and attending school.

Percy Davenport is putting a cement bottom in his cellar.

Mr. and Mrs. Leon Poland visited his mother, Mrs. Ada Libby, Sunday. The friends of Mrs. Libby are glad to hear she is improving in health so fast.

J. H. Blanchard and Albert and Preston Barker were in the place, Sunday.

J. F. Henry came to the Blanchard farm Wednesday. They are shingling and doing inside work on the house, which makes a great improvement.

ANDOVER

Mr. and Mrs. Chas. Newton of Kent's Hill were in town last week.

Alma Grover, daughter of R. A. Grover, has had an operation on her throat in Lewiston.

Ray Thurston has been at home a few days from his camp at Aziscoos.

Mary Hewey, who has been ill, is able to walk out of doors.

Guy and Victor are at Richardson Pond, scaling lumber.

Clarence Hall's cellar was broken into one night last week and some of the canned goods were stolen.

Mrs. Guy Akers and baby are visiting with her parents, Mr. and Mrs. M. A. Howard.

The King's Daughters will meet this week, Thursday, with Mrs. Edward Akers.

Lone Mt. Grange will hold its regular meeting Saturday.

Principal Dunham of the high school has moved his family into the house recently occupied by John Caldwell.

BRYANT'S POND

On Wednesday evening District Deputy Grand Matron, Mrs. Emma B. Howe, of Rumford inspected Jefferson Chapter O. E. S. The degrees were conferred on one candidate. A chafing dish lunch was served, consisting of lobster a la newburg fancy pies, cakes, tarts, olives and hot coffee.

The last meeting of Franklin Grange was held in the evening. Seven candidates received the third and fourth degrees. Refreshments of sandwiches, cake, and coffee were served. Eighty members were present and a very pleasant evening enjoyed by all.

The Wilson Club observed last Friday evening as Ladies' Night. An oyster and pastry supper was served. Speeches and singing made it a very pleasant meeting.

L. W. Titus has purchased the water system formerly owned by M. C. Allen and will have the water run only to his house.

Mr. and Mrs. Charles Small are keeping house in Joseph Seam's rent.

Fred Davee was in Buckfield two days last week on business.

Mrs. Fannie Houghton went to Portland Saturday to visit her sister.

Mr. and Mrs. E. A. Record were in Hastings on a hunting trip last week. They returned Sunday with a deer.

Lottie Bryant and Margie Jordan attended the teachers' convention in Portland.

COTTAGE STUDIO NOTES

(Watch this Column)

Norway, Nov. 1.

Of course you want some portrait work for Christmas. This month is the best time for sittings, besides you can save a little money because all photo materials cost us more, making it necessary to advance our portrait prices Dec. 4.

We are making a new size for only $1.00 per dozen this month.

Have you thought this about your Christmas plans, that your friends can buy anything you can give them—except your photograph?

Double Tenement House for Sale

on Pine street, also Cottage House with six rooms and bath on High street, both are bargains.

COMMISSIONER'S NOTICE
November 6, A. D., 1916.

OXFORD, ss:

We, the undersigned, having been duly appointed by the Honorable Addison E. Herrick, Judge of Probate within and for said County, Commissioners to receive and decide upon the claims of the creditors of Matthew W. H. Devitt late of Waterford in said County, deceased, whose estate has been represented insolvent, hereby give public notice agreeably, to the order of the said Judge of Probate, that six months from and after November 6, 1916 have been allowed to said creditors to present and prove their claims, and that we will attend to the duty assigned us at Norway Municipal Court Room on December 6, 1916 and on June 6, 1917, at ten of the clock in the forenoon of each of said days.

WILLIAM F. JONES,
DENNIS PIKE,
Commissioners.

45-47

A Fortunate Mistake

Sabrina wuz a real pretty girl, good dispositioned, good lookin', industrious, but oh, how bashful! She would run like a deer if company come unexpected, and couldn't be made to talk to strangers no more than a wooden dummy in a department store would come to life and try to sell dry goods to customers.

Why, one day when her ma wuz busy out in the cheese house, the new minister called unexpected, and the settin' room door bein' open, he walked up and rapped on the side of the open door. Sabrina wuz moppin' the linoleum under the settin' room stove, with a slat sunbonnet tied on her pretty head.

She gin one glance at him, and met the look of his laughing eyes. Then ruther than face him and ask him to come in, she ketched up the pail and mop and dashed out to the kitchen, the mop standin' straight up in the pail like a wooden spear.

But, bendin' down her head as she did to carry the pail, the strong gingham strings of her sunbonnet ketched onto the nub of the door, and she hung there jest as fast as Absolom.

And the young minister himself, who see the hull performance through the open door, had to walk in and onhitch her. She liked to died that time. Her ma made her come to the dinner table and, not knowin' anything of the *contrary temps*, she sez in a genteel way:

"Mr. Nugent, let me introduce my daughter, Sabrina."

And he sez, with a roguish look in his eyes (he liked fun if he wuz a minister), "I believe we've met before, Miss Sabrina."

Her face matched the rose she had pinned on her bosom, it wuz a Crimson Rambler, and she looked right by him and beyond him, and sez in tremblin' axents:

"No, I never see you before."

And I spoze she wuz so half blind with bashfulness and mortification when he entered, that she couldn't tell whether he wuz a man or a ghost.—The People's Home Journal.

PORTER.

Mrs. Olive Robbins and daughter Hannah were guests at John Bradeen's one day last week.

Little Katherine Lunstedt is seriously ill.

Mr. and Mrs. John A. Chapman entertained Mr. and Mrs. Perley Cross and two children at their summer camp "The Broadside" on Sunday.

Sheridan Fox sold a pair of Holstein steers to Moses Robbins recently.

Charles Philbrick is having a few improvements made on his house. Herbert McDonald is doing the work.

Mr. and Mrs. Noyes Norton are preparing to go to Skowhegan for the winter months.

RID YOUR CHILD OF WORMS

Thousands of children have worms that sap their vitality and make them listless and irritable. Kickapoo Worm Killer kills and removes the worms and has a tonic effect on the system. Does your child eat spasmodically? Cry out in sleep or grind its teeth? These are symptoms of worms and you should find relief for them at once. Kickapoo Worm Killer is a pleasant remedy. At your Druggist, 25c.

WEST PARIS.

Rupert Berry Accidently Shot.

Rupert Berry, a boy of 18 years, while trying to adjust a sight on a 22-caliber automatic revolver Wednesday at 6:30 p. m., Nov. 1, accidentally shot himself through the abdomen taking a side direction from the center toward the left hip, puncturing one intestine and other linings and tissues in its way. He did not know the revolver was loaded.

He immediately ran across the road to Dr. Staples, who gave him first aid treatment and then telephoned to the C. M. G. Hospital and then accompanied the boy and his father, Will Berry, in L. H. Penley's auto and he was operated on as soon as they arrived at the hospital. The bullet was found in a very much battered condition, one side being entirely flattened though recognizable. The accident and operation was a very serious one, but he has been doing well so far and hope of his recovery is expected now.

New Improvements

The G. T. R. R. Co. are doing a grand good job in the improvement of their yard, and our village square to enjoy. A sewer from the station to the river was first laid and a catch basin a little nearer than half way to the station. A large oval plot of ground has been laid out and raised up with good mellow loam for a lawn, with a good wide driveway around to the station steps and platform, also another lawn in the corner towards the Main street crossing. 60 carloads of cinders have been shipped here and distributed in the road bed, also a lot of leveling off and clearing up of their land beyond the station for a business yard and the unloading of wood and pulp in the winter season.

The station has been newly shingled and is to receive a coat of paint next week. A lattice work is being put along under the edge of the platform. The village people are more than pleased with the improvement.

Mrs. S. J. Lyon started for her winter home in Zepherhills, Florida, Tuesday morning of this week.

Mrs. J. L. Bowker has been visiting her parents, Mr. and Mrs. Roscoe Tuell, for the past week. Mr. Bowker has been having his vacation and has been on a hunting trip with his brothers.

Mr. and Mrs. Albert L. Bowker have returned from their camp and forestry work in Millsfield, N. H., and are here for a few weeks' visit.

Mrs. Elmira Bicknell of Norway has been visiting her niece, Mrs. F. H. Hill and family.

Rev. C. I. Spear of South Paris visited the M. E. church here and spoke to the people Sunday evening.

There has been a union reading and study class formed from the three churches who will take up the book entitled "Missions and World Peace" which will meet once in two weeks through the winter. A general committee of Mrs. Bell, Mrs. Grundy and Mrs. Flavin were appointed with Mrs. A. D. Coburn Sec. and Treas. The first meeting will be held with Mrs. L. C. Bates, Monday afternoon, Nov. 20. All who are interested in the subject, and those who might be, are cordially invited to join the class. The book is very instructive and very beneficial to all who wish to learn more of the history of the missionary world and its peace problems. This work is being taken up in various churches all over the state.

Mrs. W. W. Dunham in company with Mrs. A. J. Abbott of North Paris, went Wednesday morning to Waltham, Mass., to visit her friends, the Welcome family.

C. S. Marshall has purchased a new driving horse, a beautiful light tan colored horse of the Arabian breed. He has laid away his old Phil of 30 odd years, that has done him and his family such faithful service so many years.

Mrs. Juliette F. Curtis picked a beautiful big red rose and a half blown one on the same stem Friday, Nov. 3, which has grown out of doors this fall. The rose was a large new cultivated variety, very dark, velvety, red petals and a rich fragrance. The edges of the petals were nipped slightly with the recent frosts, but with all, a rare sight for the time of year.

NORTHWEST NORWAY

Harold Howe has moved from his brother's house into his own new house near his father's, Paul Howe's.

Mr. and Mrs. Alton Howe have moved into their house and will have their wedding reception in their home next Saturday evening, Nov. 11th.

Fred Pierce and Vern Rich have been up to the Bird brothers' in Albany, Martland and Elbridge, hunting with them.

Mrs. Lizzie Edwards from Otisfield has been visiting Mrs. C. G. French and family at Silver Crest Fruit Farm. Mrs. French has been ill with indigestion.

Mr. and Mrs. Charles Dunn went to Norway village Friday evening and attended the high school entertainment and supper.

Mrs. A. A. Rolfe rode down to Charles Wentzel's with them to board the rest of the fall and next winter.

FRYEBURG

Phineas Seavey of the firm of Seavey & Hill of Conway street, was badly cut about the face when his automobile which was being driven by his daughter, skidded and ran into a tree. Mr. Seavey was thrown through the wind shield, his daughter escaping unhurt.

The academy students held a social at Academy hall on Thursday night.

Merrill Wish of Portland spent a few days early in the week with his mother, Mrs. C. B. Wish, who is a guest at Ye Inn.

Mrs. Fannie Tibbetts gave a reception to the Fryeburg Woman's club at her home on Monday afternoon.

J. J. Pike recently entertained Mr. and Mrs. Norman Hapgood of Portland, Mr. and Mrs. Charlton Warren of East Fryeburg, and Mr. and Mrs. J. W. Hutchins and Mollie Hutchins of Fryeburg at Carter's Hill.

Mrs. Harry R. Virgin of Portland is a guest at Woodward farm.

Mr. and Mrs. J. W. Hutchins and Mollie Hutchins motored to Orono on Friday to attend the U. of M.-Bowdoin football game.

NORWAY LAKE.

The schoolhouse meetings at Norway Lake commenced last Sunday was attended by thirty-eight persons. These meetings will be continued each Sunday evening at 7 o'clock with preaching by John Blair of South Paris.

When you find a farm where the boy owns the calves, colts, pigs and lambs, but the father owns the cows, horses, hogs and sheep, you have found a farm from which a boy is going to the city pretty soon.

WAYSIDE NOTES, SKETCHES, MUSINGS, ETC.

We took a ninety mile ride the first of the week. It was a beautiful day and the sun shown brightly and the wind was so soft and balmy. So were the roads. F. B. Fogg drove the car and the rear wheels were chained on the bridge at Greenwood City. Had to do it on a bridge or wade in mud elsewhere. The rain of the night before and the bright sun made plenty of mud and water for the roads. We had started for Andover and didn't like turning back and losing the good weather.

Prof. W. R. Chapman has a beautiful home as you enter Mayville. At one time it was Moses Mason's farm and later known as the C. G. Ryerson place, where summer visitors were entertained. Prof. Chapman bought it a few years ago and has been changing it over to his liking. The road from the Toll Bridge, —where no toll is taken—has been moved to the east, thus enlarging the grounds about the house. Trees planted and a nice lawn makes it look fine.

Another barn has been built rivaling in size the old Mose Mason barn. The Prfessor owns many acres of fertile meadow land and has a large annual cut of hay and needs big barns. He does farming in a big way and is certainly an agriculturalist in the full sense of the term. He gets good money in his profession and outside adventures and lavishly spends it on his farm and calls it farming.

Every one knows the modern definition of a farmer and an agriculturalist. The former earns his money on a farm and "blows" it in the city and the latter gets his money from other pursuits than tilling the soil and spends it on a farm, showing what he can do regardless of profit. He sets an example which many other real farmers would like to imitate if they only had the money to spend.

This is exactly where Prof. Wm. R. Chapman is doing on this Bethel farm. He enjoys it. He pays the price and is a good citizen and an accommodating neighbor even if he is the manager and director of the Maine Musical Festival. He is a howling success in that. The Professor has oceans of growing pine on his place and some heavily timbered pine lots, which I'm told is fit to cut, but somehow he don't take kindly to cutting pine and lets it stand to be looked at and admired. He has five miles of roads winding through his lands, over them he tries out some of his promising colts of which he has many. He is devoted to good stepping horses and delights in driving and outdoor sports.

The spring on the left side of the road going north, near the big river, has gone dry. Henry H. Hastings, Esq. owns the land where the spring is located and as many passing dogs would roll and wash in it on warm days, he hit of an idea the spring should be covered in. A man was sent to do the job and built a strong cement casing around it with a cover of sheet iron.

In doing this the earth was disturbed and the supply of water turned to other channels and water coming out of the ground for ages ceased to flow and this wayside spring is a memory of the past.

The Hastings, Philbrook and others have nice looking farm buildings along the river. Good farm land and prosperous people. At Newry Corner, there is a store, postoffice and Grange Hall, the latter has been burned since we were there —a year ago.

Charles Bartlett's building in Hanover are attractive. Especially so the date in the chimney. We passed so quickly we didn't get a good view and cannot tell the year.

We recall visiting Mr. Bartlett in the night time some twenty-odd years ago to interest him in an election to be held in Roxbury. The late George Plaisted of Bethel drove the team and safely piloted the sliegh through the snow drifts and we were glad when we reached his comfortable house.

Mr. Bartlett was a big farmer, drover, land owner and a money maker and he had large interests in Roxbury where he did much good for the removal of the county building to South Paris. This was years ago and that struggle is a memorable one. The buildings are now at South Paris and the county is much better convened and Mr. Bartlett did his full share in the moving.

Seven miles of Ellis River road—west side was a mottor-bed six inches deep. The Hudson car went through all right but was a sorry sight on the wash-stand the next day.

A lunch was had at Hotel Milton and the village duly inspected. Great changes there since the Andover House burned and A. W. Thomas and wife with Pem. Sessions moved to Norway. French's hotel or Twitchell's is closed and the Andover House lot is occupied by stores.

The Fair Grounds look natural but the fence needs repairing. This is where I took the swift ride with Tom French in a steam propelled wagon of his making. That was years ago when Ed Cummings of Norway was a-courting his wife. They were in the grand stand as were others.

Gas was taken at Rumford Point. I noticed the name of J. S. Dutton was painted out on the church and show no more. It's too bad.

Seven minutes took us across the river on the ferry and 15 cents was paid. In the night a bigger charge is made.

"Pinhook," the home of Josiah Richardson formerly of Norway, and the Gallisons was passed and car was lit.

We arrived home at 6:15 p. m. and it was Sunday, November 28, 1915. Distance traveled 89.4 miles.

Note—The above was written a year ago but somehow escaped publication until now.—Editor.

HEBRON.

By the vote of the athletic council, taken Tuesday evening, football letters were granted to fifteen players and the manager.

The recipients of the "H" are Captain Charles A. Damm of Swanville, Ishmael McKechnie of Sanford, Edward Kenyon of Fall River, Carson C. Stanwood of Needham Heights, Mass., Kenneth B. Hurd of Concord, N. H., Joseph T. Murphy of Concord, N. H., Walfrid H. Wahlquist of Bennington, Vt., Augustus A. Redman of Lawrence, Mass., Lawrence Purinton of Augusta, George Murphy of Concord, N. H., Frederick Redman of Lawrence, Mass., Kilborn S. Coe of Portland, Harold B. Berquist of Lynn, Mass., Lawrence Bartlett of Auburn, Wesley Richardson of Sanford, and, Manager Walter J. Rich of New York City. Within a few days these letter men will meet to elect the captain for 1917.

If you want to talk to the people in this vicinity, do it through this paper. Rates reasonable and alike to all.

Z. L. MERCHANT & CO.

The New Fall and Winter Suits at Mark Down Prices

These are the season's best models in Poplins, Garbadines, Velours, Serges, etc., and all go in at reduced prices of $2.50 to $7.00 on a suit.

SEPARATE COATS

for Ladies and Misses. Variety is what the public demands. We are trying to serve the public by every sane business method. No two coats alike. Plush coats are popular. Mixtures are hard to find, but we have a good showing. Select coats when the assortment is good. Prices range from $7.50 to $25.00 each.

KNIT UNDERWEAR OF THE RIGHT KIND

In presenting our winter stock of underwear for women, misses and children, it is a good time to go on record that we carry only lines of standard merit and that these lines cost our customers not one cent more per garment than some of a lower grade.

OUTING NIGHTGOWNS

of the good kinds of outings, cut full, of generous length and otherwise splendidly made, priced 50c, 75c, $1.00 and $1.25. Ladies' Outing Flannel Pajamas at $1.00 and $1.25.

You will recognize these as the usual popular prices, but the gowns are disappearing quite rapidly from our stock, though we hope to have bought enough to last the season through. In case we have not we cannot be held "guilty" for advancing the price on these same qualities when we buy more.

NEW LINENS FOR THE THANKSGIVING TABLE

Nearly every housewife, if she is planning to buy new Linens, will think more seriously of it and try to have it for the great American feast day, Thanksgiving day, than any other time of the year. We still have a good stock of table linens and nearly all at old prices, which we could not replace at the prices we sell them for.

FURS

FURS FURS

Furs are more fashionable than ever before. They are also more difficult to procure and the best is in demand, hence we invite all who are considering furs, as a mere possibility even, to look over our assortment at most reasonable prices.

MATERIALS FOR FANCY WORK

Cretonnes and the new art draperies at 10c, 12½c, 15c, 25c, 35c and 50c. Assembled at these prices are new designs in conventional and floral, striped and well covered patterns in light and dark colorings.

FANCY SILKS in floral designs and short lengths will appeal to those who are already preparing holiday gifts and ought to awaken keen interest when the designs, quality, width and the fact that we are selling them at about half price is taken into consideration.
